twentieth century music as well as Copland's friends, family, teachers and colleagues. Selected for readability, interest and the light they cast upon the composer's thoughts and career, the letters are carefully annotated and each published in its entirety. Copland was a gifted and natural letter writer who revealed much more about himself in his letters than in formal writings in which he was conscious of his position as spokesman for modern music. The collected letters offer insights into his music, personality and ideas along with fascinating glimpses into the lives of such other well-known musicians as Leonard Bernstein, Carlos Chávez, William Schuman and Virgil Thomson.

Encyclopedia of American Gospel Music W. K. McNeil, 2013-10-18 The Encyclopedia of American Gospel Music is the first comprehensive reference to cover this important American musical form. Coverage includes all aspects of both African American and white gospel from history and performers to recording techniques and styles as well as the influence of gospel on different musical genres and cultural trends.

Dictionary of American Classical Composers Neil Butterworth, 2013-10-02 The Dictionary of American Classical Composers covers over 650 composers active from the 18th century to today. Covering all classical styles, it offers the most comprehensive overview of key composers in the United States available. Entries include basic biographical information and critical analysis of each composer's key works and ideas. Entries also include worklists and bibliographic information. Whenever possible, the entries will have been checked by the composers themselves to assure greatest possible accuracy. This new edition, completely updated and expanded from the 1984 edition, also includes over 200 historic photographs.

Class Voice Brenda Smith, Ronald Burrichter, 2022-02-11 Class Voice: Fundamental Skills for Lifelong Singing is a unique undergraduate textbook which can be adapted to the needs of any potential voice user, including music education students, voice students who are not majoring in music, and adult learners. By explaining the basics of singing using practical skills and examples, this text is accessible to students with a wide range of talents, interests, and expertise levels. With chapters devoted to skills for singing solo and in groups, instructors can tailor the included materials to encourage students to become thoroughly familiar with their own voices and to identify and appreciate the gifts of others. Learning to sing is a process of trial and error. The warm-ups and other in-class performance opportunities contained in this textbook can raise student confidence and minimize anxiety. The chapters about age and size, appropriate repertoire, and issues of vocal health provide vital information about preserving the vocal instrument for a lifetime of singing.

Key Features: Warm-up and cool-down exercise routines including strategies for relaxing and breath management. Repertoire topics divided by language and genre and suggestions about how to use the repertoire to develop specific skills. Issues of diversity, gender, and inclusivity covered in Chapter 9, entitled The Singing Life. Suggestions for comparative listening and questions for discussion to encourage deeper learning. Adaptable materials which can be tailored to fit interests in choral music, musical theater, folksong, as well as Classical vocal repertoire. Assignments, evaluation criteria, and assessment forms for midterm and final presentations. A glossary of key terms. A bibliography with resources for research and learning. Information on basic musicianship skill.
