Pribumi Indonesians The Chinese Minority And China:

Pribumi Indonesians, the Chinese Minority, and China Leo Suryadinata, 2005 This study analyzes pribumi indigenous Indonesian perception of the Chinese minority and asks how these perceptions modified by economic and political constraints manifest themselves in government policies towards this trading minority and towards China It covers the period from 1949 when Indonesia became a sovereign state to 1975 when the New Order Government abolished Special National Schools for the Chinese This new edition has been updated by the addition of a new postscript by the author *Pribumi Indonesians, the Chinese Minority, and China* Leo Suryadinata, 1992 Chinese Indonesians and Regime Change Marleen

Dieleman, Juliette Koning, Peter Post, 2010-11-12 By taking regime change as its main theme this book offers a new perspective on the multiple roles that Chinese Indonesians played in terms of shaping moderating and stimulating social change in Indonesia **Indonesia's Chinese Minority** Lili Ming, 2000 **Indonesia and China** Rizal Sukma, 2003-09-02 Indonesia broke off relations with China in 1967 and resumed them only in 1990 Rizal Sukma asks why His answers shed light on Indonesia's foreign policy the nature of the New Order's domestic politics the mixed functions of diplomatic ties the legitimacy of the new regime and the role of President Suharto Rizal Sukma argues that the matter of Indonesia restoring diplomatic ties with China is best understood in terms of the efforts made by the military based New Order government to sustain its political legitimacy The analysis in this book proves that an absence as well as a presence of diplomatic relations may advance not only the external but the domestic interests of an incumbent government This is the first major study on Indonesia and China's diplomatic relations under the New Order government It will be illuminating for research students and lecturers in international politics international relations policy making and diplomacy Ethnic Chinese in Contemporary Indonesia Leo Suryadinata, 2008 The Chinese in Indonesia have played an important role in Indonesian society before and after the fall of Soeharto This book provides comprehensive and up to date information by examining them in detail during that era with special reference to the post Soeharto period The contributors to this volume consist of both older and younger generation scholars writing on Indonesian Chinese They offer new information and fresh perspectives on the issues of government policies legal position ethnic politics race relations religion education and prospects of the Chinese Indonesians

Chinese Indonesians in Post-Suharto Indonesia Wu-Ling Chong, 2018-10-02 Selfish obscenely rich insular and opportunistic these remain how Chinese minorities in Indonesia are perceived by the indigenous population However far from being passive victims of discrimination and marginalisation Chong presents a forceful case in which Chinese Indonesians possess the agency to shape their future in the country particularly in the changing political business and socio cultural environment after the fall of Suharto While a lack of good governance that promotes the rule of law and accountability allows or even encourages some Chinese to maintain the status quo by perpetuating corrupt business practices inherited from Suharto's New Order regime there are other Chinese Indonesians who make full use of the

democratic space opened up under the new administrations acting as agents of reform by participating in electoral politics and establishing inter ethnic socio cultural organisations Building on Anthony Giddens s structure agency theory and Pierre Bourdieu s notions of habitus and field Chong shows that the Chinese minorities have played an active role in the democratic process even though they continue to occupy an ambivalent position in Indonesia The Chinese Indonesians diverse strategies to safeguard their personal interests and cultural identities make a stimulating case study of what an ethnic minority could do to make a difference Backed by formidable research Chong has produced an intriguing and original view of the political social and economic activity of the still precariously placed Chinese minority in Indonesia Donald L Horowitz Duke University author of *Constitutional Change and Democracy in Indonesia* In this illuminating study Chong traces the political economy of Indonesia s ethnic Chinese minority as they navigate the country s post 1998 politics which is more free but still lacks strong rule of law Focusing especially on Medan and Surabaya she analyses how some have strongly supported reforms while many continue old practices of surviving and profiting by participating in massive corruption and extortion Jeffrey A Winters Northwestern University author of *Oligarchy* *State, Society, and Minorities in South and Southeast Asia* Sunil Kukreja, 2015-05-27 South and Southeast Asia continue to be extremely critical regions deeply intertwined and bound in many ways by centuries of intersecting histories As the recent experiences of rapid and transformative political and economic changes in several countries in these two regions illustrate these changes have significant bearing on and are simultaneously affected by the legacy and continued dynamic of dominant minority group relations To be sure while the dynamics of dominant minority relations in each country are distinct and often mitigated by distinct historical conditions the phenomenon of these dominant minority relations especially along ethnic and religious fault lines are deeply consequential to many of the nations in these regions This book featuring eight case studies provides a multidisciplinary and multi layered assessment of the salience of the ethnic and religious realities in shaping various South and Southeast Asian nations Featuring chapters on Afghanistan Bangladesh India Sri Lanka Cambodia Thailand Malaysia and Indonesia this volume provides a deep appreciation of the challenges that these societies confront in integrating and or responding to specific ethnic and or religious based conflicts and tensions

Overseas Chinese in Southeast Asia and China's Foreign Policy Leo Suryadinata, With the recent Sino Vietnamese conflict over the Overseas Chinese the problem of ethnic Chinese in Southeast Asia once again attracted the attention of the world Questions are raised as to whether or not Peking has introduced a new policy to act as the protector of the interests of the Overseas Chinese This examines the position of the Overseas Chinese in the People republic of China s foreign policy from 1949 to the present time and conventional notion of the linkages between China and the Overseas Chinese Moreover it discusses the ethnic Chinese scene in Southeast Asia and ASEAN countries reactions to China s recent foreign relations
