Bannack City. Beaver Head
County Montana. Territory.
Jan. 30th 1865

My Friends;

As many of you,
no doubt, will read this journal
I think it proper to add a few
facts concerning this country. The
difficulty is to do justice to the
subject in such a small space
as I am compelled to use
for want of time.

Bannack City is in latitude
45°. North situated in Grasshopper
creek, so called by the miners on
account of the immense swarms
of that insect here the first year
of the gold discovery, but called by
Clark and Lewis Willaie's Creek.
who camped upon its bank in
the year. — "Bannack" is from

Daily Life through World History in Primary Documents Rebecca Bennette, David M. Borgmeyer, David Matz, Lawrence Morris, 2008-12-30 Who did the ancient Greeks describe as the world's best athlete? What does the Koran say about women's rights? How has the digital revolution changed life in the modern age? From the law courts of ancient Iraq to bloody Civil War battlefields, explore the daily lives of people from major world cultures throughout history as presented in their own words. Bringing useful and engaging material into world history classrooms, this rich collection of historical documents and illustrations provides insight into major cultures from all continents. Hundreds of thematically organized annotated primary documents and over 100 images introduce aspects of daily life throughout the world including domestic life, economics, intellectual life, material life, politics, religion, and recreation from antiquity to the present. Document selections are guided by the National Standards for World History, providing a direct tie to the curriculum. Analytical introductions explain the key features and background of each document and create links between documents to illustrate the interrelationship of thoughts and customs across time and cultures. Volume 1: The Ancient World covers the major civilizations from ancient Sumeria (3000 BCE) through the fall of Imperial Rome (476 CE), including Egypt, Greece, and Israel, and also covers China and India during the births of Hinduism, Buddhism, and Confucianism. Volume 2: The Middle Ages and Renaissance covers the development of European culture from the Germanic migrations of the fifth century CE through the university movement of the late middle ages and the sixteenth-century growth of global empires and the collapse of the kingship in seventeenth-century England. Also covered are the Native empires of the Americas and the rise of Islamic culture throughout the Middle East and Africa. Volume 3: The Modern World spans the period from the Enlightenment through modern Internet era and global economy, including the founding of the United States, colonial and post-colonial life in Latin America and Africa, and the growth of international cultures and new economies in Asia. Document sources include The Code of Hammurabi, The Manu Smṛiti, Seneca's On Mercy, Josephus's Jewish Antiquities, The Koran, Dante's Divine Comedy, Bernal Díaz del Castillo's The True History of the Conquest of Mexico, The Travels of Marco Polo, Brahmagupta's principles of mathematics and astronomy, The Mayan Popul Vuh, the diary of a Southern plantation wife during the Civil War, and letters from an American soldier in Vietnam. Thematically organized sections are supplemented with a glossary of terms, a glossary of names, a timeline of key events, and an annotated bibliography. Daily Life through American History in Primary Documents Randall M. Miller, Theodore J. Zeman, Francis J. Sicius, Jolyon P. Girard, 2011-12-12 With this book, students, teachers, and general readers get a most important look at primary documents essentially history's first draft, revealing rare insights into how American life in past eras really was and also about how professional historians begin their work. Daily Life through American History in

Primary Documents presents a large sweep of American history through the voices of the American people themselves. This multivolume work explores the daily lives of American people from colonial times to the present through primary documents that include diaries, letters, memoirs, speeches, sermons, pamphlets, and all manner of public and private writings from the people. The emphasis is on the variety of people's experiences as they ordered and lived their daily lives. The cast includes Americans of every class and condition, men and women, parents and children, free and unfree, native born and immigrant. Hundreds of images further illustrate American life as it developed over more than four centuries and as Americans moved across a continent. Organized both chronologically and topically, this collection invites many uses by students, teachers, librarians, and anyone wanting to discover what counted in American lives at any one time and over time. Its focus on primary documents encourages readers of the volume to explore specific and critical events by taking a firsthand look at the actual documents from which those events draw historical meaning. The documents show Americans at work, at home, at play in the public square, in places of worship, and on the move. As such, they perfectly complement the acclaimed Greenwood Encyclopedia of Daily Life in America and will enrich any American history, social science, and sociology classroom.
