How did the Bible we have come to be What do biblical scholars mean when they talk about canon the Septuagint the Apocrypha or the Masoretic Text All this biblical study is interesting but does it really matter Leading international scholars explain that it does This thought provoking and cutting edge collection will help you go deeper in your understanding of the biblical writings how those writings became canonical Scripture and why canon matters Beginning with an explanation of the different versions of the Hebrew Bible scholars in different areas of expertise explore the complexities and issues related to the Old and New Testament canons why different Jewish and Christian communities have different collections and the importance of canon to theology *Called to be Holy in the World* Timothy H. Maschke, 2016-03-18 *Called to be Holy in the World* presents an overview of the history of Christianity from Pentecost to the present Written from a Lutheran perspective this book introduces the reader to key Christian figures and movements as it encompasses a broad view of God's work in the world The story after all is God's story As His story it is centered in Christ's cross but extends around the globe as Christians lived and continue to live out their particular vocations as holy people in the world As a resource for students of all ages this book surveys how Christianity confronted the world and how Christians tried to balance the challenges of living wholly and holy in the world Historical information on various controversies provides background information for the volume on Christian doctrine in this series *Called by the Gospel* Organized in a unique style each of the twenty one chapters deals with one century of Christian history Discussion questions and reading guides along with informative side bars provide additional educational resource and reference material for further study *A Mediator in Matthew* Craig D. Saunders, 2021-03-01 What is a consistent theological meaning of the Son of Man in the Gospel of Matthew For a suitable response it is essential to analyze all thirty Son of Man logia in their relative literary contexts and in relationship to the gospel as a whole Also to bring out the uniqueness in Matthew's portrayal of the Son of Man a comparison with the other Synoptic Gospels aids the investigation This work argues that the answer lies in the role of the Son of Man in the first Gospel In Matthew Jesus the Son of Man functions as mediator of God's will to his genuine disciples As the Son of Man journeys through his earthly life climaxing in his death and resurrection Jesus mediates God's will through his message and works and by exhibiting active obedience to his Father in the heavens Jesus's genuine disciples learn how to emulate the Son of Man's character and ministry enabling them to continue it in their future mission At his parousia the Son of Man will mediate God's promised vindication and reward for his genuine disciples who have proven their fidelity to Jesus and God's will **Apocalypticism in the Synoptic Sayings Source** Olegs Andrejevs, 2019-11-11 Back cover Recently reconstructed by scholars Q is one of the New Testament's earliest source documents Olegs Andrejevs performs a new literary critical narrative and philological analysis of a number of Q passages supplementing it with recent advances made in the study of Jewish apocalyptic literature

Emerging Leadership in the Pauline Mission Jack Barentsen, 2011-08-04 Winner of the 2012 Fredric M Jablin Doctoral Dissertation Award Where did Paul find leaders for his new churches How did he instruct and develop them What processes took place to stabilize the churches and institute their new leadership This book carves a fresh trail in leadership studies by looking at leadership development from a group dynamic social identity perspective Paul engages the cultural leadership patterns of his key local leaders publicly affirming correcting and improving those patterns to conform to a Christlike pattern of sacrificial service Paul s own life and ministry offer a motivational and authoritative model for his followers because he embodies the leadership style he teaches As a practical theologian avant la lettre Paul contextualizes key theological themes to strengthen community and leadership formation and equips his church leaders as entrepreneurs of Christian identity A careful comparison of the Corinthian and Ephesian churches demonstrates a similar overall pattern of development This study engages Pauline scholarship on church office in depth and offers alternative readings of five Pauline epistles generating new insights to enrich dogmatic and practical theological reflection In a society where many churches reflect on their missional calling such input from the NT for contemporary Christian leadership formation is direly needed

Foundations Burnett Hillman Streeter, 1929 From the Lost Teaching of Polycarp Charles Evan Hill, 2006 This book significantly expands our understanding of the life and work of Polycarp of Smyrna Part One establishes that the anonymous apostolic presbyterquot whose oral teaching is cited intermittently by Irenaeus in *Against Heresies* 4.27.1 through 4.32.1 is in fact Polycarp The fragments of teaching preserved by Irenaeus shed valuable light upon his relationship with Polycarp establishing that Irenaeus contact with his teacher was neither fleeting nor shallow They also reveal Polycarp s important role in opposing the early effects of the Marcionite movement and gain a valuable perspective on Polycarp s Old Testament hermeneutic in the face of ecclesiastical controversy Part Two considers the many links which would tie Polycarp to the work known as *Ad Diognetum* Charles E Hill proposes that the work is not a treatise but the transcript of an oral address A new proposal is made for the identity of Diognetus the addressee based upon archaeological evidence of an aristocratic Smyrnaean family of the second century **John, Jesus, and History, Volume 1** Paul N. Anderson, Felix Just, Tom Thatcher, 2007 Over the last two centuries many scholars have considered the Gospel of John off limits for all quests for the historical Jesus That stance however creates a new set of problems that need to be addressed thoughtfully The essays in this book reflecting the ongoing deliberations of an international group of Johannine and Jesus scholars critically assess two primary assumptions of the prevalent view the dehistoricization of John and the de Johannification of Jesus The approaches taken here are diverse including cognitive critical developments of Johannine memory distinctive characteristics of the Johannine witness new historicism Johannine Synoptic relations and fresh analyses of Johannine traditional development In addition to offering state of the art reviews of Johannine studies and Jesus studies this volume draws together an emerging consensus that sees the Gospel of John as an autonomous tradition with its own perspective in dialogue with other traditions

Through this challenging of critical and traditional assumptions alike new approaches to John's age old riddles emerge and the ground is cleared for new and creative ways forward *Paul's Macedonian Associations* Richard S. Ascough, 2020-07-31 Richard Ascough uses Greco Roman associations as a comparative model for understanding early Christian community organization with specific attention to Paul's Macedonian Christian communities [The Apostolic Fathers in English](#) Michael W. Holmes, 2006-11-01 The Apostolic Fathers is an important collection of writings revered by early Christians but not included in the final canon of the New Testament Here a leading expert on these texts offers an authoritative contemporary translation in the tradition of the magisterial Lightfoot version but thoroughly up to date The third edition features numerous changes including carefully revised translations and a new more user friendly design The introduction notes and bibliographies have been freshly revised as well
