Prince Harry And The Royal Family:

Meghan and Harry Lady Colin Campbell, 2024-04-16 Only in ebook An updated edition of this blockbuster narrative provides the first behind the scenes authoritative account of the Duke and Duchess of Sussex's marriage by the New York Times bestselling author of *Diana in Private* A Wall Street Journal bestseller *Meghan and Harry The Real Story* Persecutors or Victims presents the reader with a strikingly forthright analysis of what happens when a vulnerable male raised in the traditions of the Old World and protected by a lifetime of privilege falls head over heels in love with a steely and ambitious doyenne of the New who is careless of tradition ignorant of its purpose contemptuous of its consequences and convinced that her own way is the best way even as the evidence to the contrary mounts Sunday Times best selling author Lady Colin Campbell scrutinizes with insight clarity and precision the evidence of the circumstances actions and motives of Meghan and Harry with an impeccable and aristocratically experienced vision honed by five decades in the public eye She catalogues in depth how this apparently brilliantly favoured couple came to lose their way how they exhibited profound contemptuousness for practices built up by a treasured institution over a millennium and how they were unable to understand the potential benefits of their destiny to such an extent that they managed to turn their fate on its head Contrary to their statements Meghan and Harry prove through their own actions that they are ill judged characters unable to bring the dynamism of the New to the Old or represent the dignity of the Old to the New Falling between these two stools they conspire time and again against themselves and others inviting nothing but unnecessary controversy and unintended failure despite the fact that the vast majority of onlookers originally wished them well and hoped they would successfully forge a unique way forward in their ground breaking union Lady Colin's pen allows the couple no escape from the consequences of their actions With her unrivalled access to a variety of worlds closed to most writers Lady Colin Campbell provides the reader with the opinions of diplomatic and political figures from all over the Commonwealth as well as representatives of royalty aristocracy functionaries in the political spectrum and members of the general public to whom she has access through her professional activities as a writer and broadcaster In the process she demonstrates how the couple's desire for freedom from accepted restraints allied to ambitions of a very mixed nature have led to the inevitable clashes which have characterized their activities and brought about their descent from being the most popular royal couple at the time of their marriage to the most unpopular now Meghan may well have brought her Prince in shining armour to a home in Montecito California but the author provides the reader with genuine insight into the consequences of the couple's choices through her recognition of what it has taken them to get there including infuriating the late Queen and jettisoning close family as well as friends and colleagues and she concludes that Harry and Meghan are truly their own worst enemies persecutors who present themselves as victims when a more constructive and positive approach to life would have assured them of an entirely different and more positive outcome

Prince Harry Being The Spare John King, 2024-09-20 Prince Harry often found himself in the shadow of his older brother Prince William This was especially true as the sun set over Balmoral Castle A series of events began that would shape Prince Harry's future The whole British monarchy and the world waited for Queen Elizabeth II's passing But Prince Harry who was far away didn't make it to her side in time As the hours passed emotions soared and tensions within the royal family reached a boiling point Prince Harry and Meghan Markle were on a tour in Europe King Charles told Harry not to bring Meghan to Balmoral causing a big upset Learning of the Queen's death online made things even harder for Harry This event was not just a personal loss but also widened the gap in the royal family The Sussexes had already made a big change in March 2020 by stepping down as working royals They moved to the United States The queen's death brought even more tension showing the challenges faced by Prince Harry as the spare heir The absence of Prince Harry at Queen Elizabeth II's bedside during her final moments serves as a stark symbol of the growing tensions within the British royal family This estrangement rooted in complex personal and institutional conflicts has been deepened by several events over the years particularly the Sussexes departure from royal duties In March 2020 the Duke and Duchess of Sussex Prince Harry and Meghan Markle officially stepped down from their roles as senior members of the royal family This departure often referred to as Megxit marked a profound shift in the British monarchy's dynamic It was a move that reflected not only their desire for independence but also signified a break from royal tradition and expectations For the royal institution it was a public acknowledgment of the challenges of balancing personal freedom with royal duties especially as media scrutiny continued to weigh heavily on the Sussexes One particularly poignant moment of tension arose during Queen Elizabeth II's final days King Charles III reportedly directed that Meghan Markle not be present at Balmoral where the Queen was being cared for This decision whether driven by personal or institutional motives only served to highlight the existing familial discord The exclusion of Meghan from the Queen's bedside was symbolic of the deeper divides within the family particularly between Harry and the rest of the royal institution Perhaps the most emotionally charged detail of this strained relationship was how Prince Harry learned of his grandmother's passing It was reported that he was informed of Queen Elizabeth II's death not through family communication but via the internet This underscores the poignant reality of Prince Harry's current standing

in the royal family estranged from the inner circle that once defined his life and learning of monumental family events in the same way as the general public Such a moment symbolizes the emotional and physical distance that has grown between Harry and the monarchy
