Sexagon Mehmed Amadeus Mack, 2017-01-02 Honorable Mention Association for Middle East Women's Studies Honorable Mention 2018 Arab American Book Awards Non Fiction In contemporary France particularly in the banlieues of Paris the figure of the young virile hypermasculine Muslim looms large So large in fact it often supersedes liberal secular society's understanding of gender and sexuality altogether Engaging the nexus of race gender nation and sexuality Sexagon studies the broad politicization of Franco Arab identity in the context of French culture and its assumptions about appropriate modes of sexual and gender expression both gay and straight Surveying representations of young Muslim men and women in literature film popular journalism television and erotica as well as in psychoanalysis ethnography and gay and lesbian activist rhetoric Mehmed Amadeus Mack reveals the myriad ways in which communities of immigrant origin are continually and consistently scapegoated as already and always outside the boundary of French citizenship regardless of where the individuals within these communities were born At the same time through deft readings of among other things fashion photography and online hookup sites Mack shows how Franco Arab youth culture is commodified and fetishized to the point of sexual fantasy Official French culture as Mack suggests has judged the integration

of Muslim immigrants from North and West Africa as well as their French descendants according to their presumed attitudes about gender and sexuality More precisely Mack argues the frustrations consistently expressed by the French establishment in the face of the alleged Muslim refusal to assimilate is not only symptomatic of anxieties regarding changes to a familiar France but also indicative of an unacknowledged preoccupation with what Mack identifies as the virility cultures of Franco Arabs rendering Muslim youth as both sexualized objects and unruly subjects The perceived volatility of this banlieue virility serves to animate French characterizations of the difficult black Arab and Muslim boy and girl across a variety of sensational newscasts and entertainment media which are crucially inflamed by the clandestine nature of the banlieues themselves and non European expressions of virility Mirroring the secret and underground qualities of illegal immigration Mack shows Franco Arab youth increasingly choose to withdraw from official scrutiny of the French Republic and to thwart its desires for universalism and transparency For their impenetrability these sealed off domains of banlieue virility are deemed all the more threatening to the surveillance of mainstream French society and the state apparatus
