Radiant Hour:

Cosmopolis Howard Mansfield, 2017-09-25 The twentieth century saw a grand procession of promises for the city The great modern architect Le Corbusier dictated cities of glittering white towers planted in green parks Frank Lloyd proposed cities with no downtown cities spread across the countryside with each family on its homestead and skyscraper utopians of the 1920s promised paradise on the one hundredth floor with our airplane hangared next door One thing was sure the city of tomorrow would put to shame the city of yesterday Another thing was certain too we would be happier more peaceful and productive people Here is Le Corbusier Free man tends to geometry And if we followed the radiant harmony of his geometry the world's cities could become irresistible forces stimulating collective enthusiasm collective action and general joy and pride and inconsequence individual happiness everywhere the modern world would emerge and would beam around powerful happy believing There were others who promised deliverance through their brands of architecture the right angle the curvilinear road in the park the tower of glass Each fervently preached that his was the magic geometry that like tumblers on a lock would open the way to the good life Cosmopolis is a pattern book of expectations generously illustrated with a gathering of plans from the City Beautiful to the Italian Futurists The Cit Industrielle World's Fair utopias science fiction visions and the grand plans of the Moderns Cosmopolis is the story of the ideal city we never achieved and the great plans that went into making over precincts of our urban language *The Drama*, 1919 **A Gravity's Rainbow Companion**

Steven C. Weisenburger, 2011-03-15 Adding some 20 percent to the original content this is a completely updated edition of Steven Weisenburger's indispensable guide to Thomas Pynchon's *Gravity's Rainbow* Weisenburger takes the reader page by page often line by line through the welter of historical references scientific data cultural fragments anthropological research jokes and puns around which Pynchon wove his story Weisenburger fully annotates Pynchon's use of languages ranging from Russian and Hebrew to such subdialects of English as 1940s street talk drug lingo and military slang as well as the more obscure terminology of black magic Rosicrucianism and Pavlovian psychology The Companion also reveals the underlying organization of *Gravity's Rainbow* how the book's myriad references form patterns of meaning and structure that have eluded both admirers and critics of the novel The Companion is keyed to the pages of the principal American editions of *Gravity's Rainbow* Viking Penguin 1973 Bantam 1974 and the special repaginated Penguin paperback 2000 honoring the novel as one of twenty Great Books of the Twentieth Century **Typewriters, Bombs, Jellyfish** Tom McCarthy, 2017-05-09

Essays on literature pop culture and more from the cult novelist and critic Tom McCarthy Fifteen brilliant essays written over as many years provide a map of the sensibility and critical intelligence of Tom McCarthy one of the most original and challenging novelists at work today *Typewriters Bombs Jellyfish* explores a wide range of subjects from the weather considered as a form of media to the paintings of Gerhard Richter and the movies of David Lynch to Patty Hearst as revolutionary sex goddess to the still radical implications of established masterpieces such as *Ulysses* how do you write after

it Tristram Shandy and the unsung junky genius Alexander Trocchi's darkly beautiful Cain's Book The longer Recessional examines the place of time in writing how writing makes a new time of its own a time apart from institutional time while the startling Nothing Will Have Taken Place moves from Mallarmé and Don DeLillo to the ball mastery of Zidane to look at how art whether that of a poet novelist or athlete destroys given codes of meaning and behavior returning them to play Certain points of reference recur with dreamlike insistence among them the artist Ed Ruscha's Royal Road Test a photographic documentation of the roadside debris of a Royal typewriter hurled from the window of a traveling car the great blooms of jellyfish that are filling the oceans and gumming up the machinery of commerce and military domination and the question throughout is How can art explode the restraining conventions of so called realism whether aesthetic or political to engage in the active reinvention of the world

explores many of the same themes and subjects that would animate his later work including *Tender is the Night* and *The Great Gatsby* This novel delves into the mysteries and complexities of marriage taking as its focus the relationship of heir and bon vivant Anthony Patch and his wife Gloria a couple that critics believe reflect many autobiographical elements of the tempestuous bond between F Scott Fitzgerald and his wife the artist and flamboyant flapper Zelda **Hymn and Tune Book for the Church and the Home** American Unitarian Association,1877 Hymn and Tune Book for the Church and the Home Anonymous,2025-07-09 Reprint of the original first published in 1882 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Afonso Costa** Filipe Ribeiro de Meneses,2011-04-19 Portugal's poor military performance in the First World War notably in Africa restricted Afonso Costa's 1871-1937 ability to secure his diplomatic aims which in any case were highly unrealistic Nevertheless his loyal press in Portugal described him as the leader of the small nations and reported his every statement as a major triumph Afonso Costa's most important intervention took place in May 1919 when he denounced the Allies' unwillingness to make Germany pay for all the damage she had caused during the conflict this speech led to a number of newspaper interviews in which Costa restated his position The final draft of the Treaty was a complete shock to Portuguese public opinion It effectively spelt the end of Costa's political career This book considers the political implications of Portugal's participation in the First World War and of the defeat in Paris Reconciliation between the rival parties and between factions within parties became impossible as did as a result the formation of a stable cabinet **Hymn and Tune Book, for the Church and the Home** Anonymous,2025-07-13 Reprint of the original first published in 1883 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage
