Rainbows End Vernor Vinge, 2007-04-03 Four time Hugo Award winner Vernor Vinge has taken readers to the depths of space and into the far future in his bestselling novels A Fire Upon the Deep and A Deepness in the Sky Now he has written a science fiction thriller set in a place and time as exciting and strange as any far future world San Diego California 2025 Robert Gu is a recovering Alzheimer's patient The world that he remembers was much as we know it today Now as he regains his faculties through a cure developed during the years of his near fatal decline he discovers that the world has changed and so has his place in it He was a world renowned poet Now he is seventy five years old though by a

medical miracle he looks much younger and he's starting over for the first time unsure of his poetic gifts Living with his son's family he has no choice but to learn how to cope with a new information age in which the virtual and the real are a seamless continuum layers of reality built on digital views seen by a single person or millions depending on your choice But the consensus reality of the digital world is available only if like his thirteen year old granddaughter Miri you know how to wear your wireless access through nodes designed into smart clothes and to see the digital context through smart contact lenses With knowledge comes risk When Robert begins to re train at Fairmont High learning with other older people what is second nature to Miri and other teens at school he unwittingly becomes part of a wide ranging conspiracy to use technology as a tool for world domination In a world where every computer chip has Homeland Security built in this conspiracy is something that baffles even the most sophisticated security analysts including Robert's son and daughter in law two top people in the U S military And even Miri in her attempts to protect her grandfather may be entangled in the plot As Robert becomes more deeply involved in conspiracy he is shocked to learn of a radical change planned for the UCSD Geisel Library all the books there and worldwide would cease to physically exist He and his fellow re trainees feel compelled to join protests against the change With forces around the world converging on San Diego both the conspiracy and the protest climax in a spectacular moment as unique and satisfying as it is unexpected This is science fiction at its very best by a master storyteller at his peak At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied Publication, 1991 *Crew of Rainbow's End*, The Linda Everhart, 2019-10-01 Join Dave Sam and Mae Lee as they visit Gramma and Gramps caretakers of the Joseph Bates Home in Fairhaven Massachusetts The adventure begins when each child is given a special gift and a task from Gramma and Gramps Using their gifts and the kindness in their hearts they explore the nature and history surrounding this historic home of one of the great Adventist pioneers Follow along with them as they discover why Joseph Bates became a sea captain how he learned the advent message and his role in the keeping of the seventh day Sabbath Not everyone is excited that Dave Sam and Mae have come to town While helping Gramma and Gramps with the museum they must contend with an especially grumpy neighbor who wants them to stay off of her land The kids however are undeterred and wonder what showing kindness and the love of God could do to that old prickly heart This story of family fellowship and kindness which offers a glimpse into early Adventist history will be a valuable addition to any library
