The Red Thread Bernard Faure, 1998-10-26 Is there a Buddhist discourse on sex In this innovative study Bernard Faure reveals Buddhism's paradoxical attitudes toward sexuality His remarkably broad range covers the entire geography of this religion and its long evolution from the time of its founder Xvkyamuni to the premodern age The author's anthropological approach uncovers the inherent discrepancies between the normative teachings of

Buddhism and what its followers practice Framing his discussion on some of the most prominent Western thinkers of sexuality Georges Bataille and Michel Foucault Faure draws from different reservoirs of writings such as the orthodox and heterodox doctrines of Buddhism and its monastic codes Virtually untapped mythological as well as legal sources are also used The dialectics inherent in Mahayana Buddhism in particular in the Tantric and Chan Zen traditions seemed to allow for greater laxity and even encouraged breaking of taboos Faure also offers a history of Buddhist monastic life which has been buffeted by anticlerical attitudes and by attempts to regulate sexual behavior from both within and beyond the monastery In two chapters devoted to Buddhist homosexuality he examines the way in which this sexual behavior was simultaneously condemned and idealized in medieval Japan This book will appeal especially to those interested in the cultural history of Buddhism and in premodern Japanese culture But the story of how one of the world's oldest religions has faced one of life's greatest problems makes fascinating reading for all

The Red Thread Nicholas Jose, 2000-07 Two lives are intertwined across the centuries in this love story set in modern day Shanghai and China of 200 years ago

The Chinese Love Story from the Tenth to the Fourteenth Century Alister D. Inglis, 2023-04-01 Love stories formed a major part of the classical short story genre in China from as early as the eighth century when men of letters began to write about romantic encounters In later centuries such stories provided inspiration for several new literary genres While much scholarly attention has been focused on the short story of both the medieval and late imperial eras comparatively little work has been attempted on the interim stage the Song and Yuan dynasties which spanned some five hundred years from the tenth to the fourteenth centuries Yet this was a crucial developmental period for many forms of narrative literature so much so that any understanding of late imperial narrative should be informed by the earlier tradition The first study of its kind in English *The Chinese Love Story from the Tenth to the Fourteenth Century* traces the development of the love story throughout this important yet overlooked era Using Tang dynasty stories as a point of comparison Alister D Inglis examines and appraises key new themes paying special attention to period hallmarks gender portrayal and textuality Inglis demonstrates that contrary to received scholarly wisdom this was a highly innovative period during which writers and storytellers laid a fertile foundation for the literature of late imperial China

Death, A Love Story Janell Flores Bolte, 2024-08-29 It began happening almost immediately The signs were clear and distinctly familiar They came through music dreams nature and sometimes even strangers John was communicating from the other side His death was not the end of our relationship On the contrary it revealed a new way of communicating It was a deepening of the bond that had been forged during twenty years together as a couple and an epic cancer journey Healing is a spiral and there is no right way to pick up the pieces There is only your way And the path appears in the heart of every person who dares to look for it Everyone has access to their loved ones who have crossed You don't need to buy a crystal ball or hold seances unless you want to because this book shares practical tools for bridging worlds since they do in fact exist simultaneously In times of uncertainty know this to be true Love never dies
