Understanding Tracy Letts Thomas Fahy, 2020-09-04 Winner of the Pulitzer Prize in drama as well as Tony Awards for best play and best actor Tracy Letts has emerged as one of the greatest playwrights of the twenty first century Understanding Tracy Letts the first book dedicated to his writing is an introduction to his plays and an invitation to engage more deeply with his work both for its emotional power and cultural commentary Experiencing a Tracy Letts play often feels akin to reading a Cormac McCarthy novel watching a Cohen Brothers film and seeing an episode of Breaking Bad at the same time His characters can be ruthlessly cruel and funny selfish and generous delusional and incisive and deceptive and painfully honest They keep secrets They harbor biases and misconceptions And in their quest to find love and understanding they often end up being the greatest impediments to their own happiness As a writer Letts can move seamlessly from the milieu of a Texas trailer park to the pulsating nightlife of London s countercultural scene the stifling quiet of small town Ohio to the racial tensions of urban Chicago He thrives in the one act format in plays like Mary Page Marlow and The Minutes as well as the epic scope of August Osage County and Linda Vista With a musician s sense of timing Letts shifts between humor and heartache silence and sound and the mundane and the poetic And he fearlessly tackles issues such as gender bias racism homophobia and disability rights Contemporary American life thus becomes a way to comment on the country s troubled history from Native American

genocide to the civil rights movement The personal narratives of his characters become gateways to the political
 Understanding Tracy Letts celebrates the range of Letts s writing in part by applying different critical approaches to his
 works Whether through the lens of disability studies the conspiracy genre food studies the feminist politics of quilting or
 masculinity studies these readings help bring out the thematic richness and sociopolitical dimensions of Letts s work **The**
Object of Desire ,2007-01-01 The Object of Desire approaches the aestheticization of the unaesthetic via a range of different
 topics and genres in twentieth century Anglophone literature and culture The experience of disgust which Winfried
 Menninghaus describes as an acute crisis of self preservation is correlated with conceptualizations of gender in theories of
 the object abjection In view of this general crisis of identity in the experience of disgust the contributions to this volume
 discuss examples of the aestheticization of the unaesthetic in cultural representations and locate conceptual re codings of the
 body gender and identity with regard to the object as an immediate and uncompromising experience on the one hand and a
 social and political phenomenon on the other Considering a variety of cultural narratives by writers as diverse as Samuel
 Delany Sarah Schulman Joyce Carol Oates Leslie Marmon Silko Paul Magrs J G Ballard Stevie Smith T C Boyle Joseph Conrad
 Poppy Z Brite and Will Self by film directors John Waters and Peter Greenaway playwrights Girish Karnad and Mahesh
 Dattani and body artist Gunter von Hagens the contributors to this volume scrutinize different implications of the ambivalent
 concept of the object abjection What's Eating You? Cynthia J. Miller,A. Bowdoin Van Riper,2017-02-23 Divided into four
 thematic sections What s Eating You explores the deeper significance of food on screen the ways in which they reflect or
 challenge our deepest fears about consuming and being consumed Among the questions it asks are How do these films mock
 our taboos and unsettle our notions about the human condition How do they critique our increasing focus on consumption In
 what ways do they hold a mirror to our taken for granted about food and humanity asking if what we eat truly matters
 Horror narratives routinely grasp those questions and spin them into nightmares Monstrous others dine on forbidden fare
 the tables of consumption are turned and the consumer becomes the consumed Overindulgence as Le Grande Bouffe 1973
 and Street Trash 1987 warn can kill us and occasionally as films like The Stuff 1985 and Poultrygeist 2006 illustrate our food
 fights back From Blood Feast 1963 to Sweeney Todd 2007 motion pictures have reminded us that it is an eat or be eaten
 world Dining with Madmen Thomas Fahy,2019-02-13 In Dining with Madmen Fat Food and the Environment in 1980s
 Horror author Thomas Fahy explores America s preoccupation with body weight processed foods and pollution through the
 lens of horror Conspicuous consumption may have communicated success in the eighties but only if it did not become visible
 on the body American society had come to view fatness as a horrifying transformation it exposed the potential harm of junk
 food gave life to the promises of workout and diet culture and represented the country s worst consumer impulses inviting
 questions about the personal and environmental consequences of excess While changing into a vampire or a zombie often
 represented widespread fears about addiction and overeating it also played into concerns about pollution Ozone depletion

acid rain and toxic waste already demonstrated the irrevocable harm being done to the planet The horror genre from A Nightmare on Elm Street to American Psycho responded by presenting this damage as an urgent problem and through the sudden violence of killers vampires and zombies it depicted the consequences of inaction as terrifying Whether through Hannibal Lecter s cannibalism a vampire s thirst for blood in The Queen of the Damned and The Lost Boys or an overwhelming number of zombies in George Romero s Day of the Dead 1980s horror uses out of control hunger to capture deep seated concerns about the physical and material consequences of unchecked consumption Its presentation of American appetites resonated powerfully for audiences preoccupied with body size food choices and pollution And its use of bodily change alongside the bloodlust of killers and the desolate landscapes of apocalyptic fiction demanded a recognition of the potentially horrifying impact of consumerism on nature society and the self **Food for Thought** Lawrence C.

popularity as a destination for Italian culinary tourism Meanwhile in the early 1990s together with American hamburgers and fried chicken the American food chain Pizza Hut's pizzas and spaghetti were the first non Asian foods that post Mao Chinese customers recognized as Western The book proposes a critical framework that analyzes transcultural food mobilities by seriously assessing the confluence of diverse mobilities and their impact on food cultures Ultimately the study shows that a sophisticated interpretation of transcultural food mobilities can help address alterity and build understanding in a world of increasing political and cultural polarization
