Encyclopedia of Library and Information Science: Volume 1 - Abbreviations Allen Kent, Harold Lancour, 1968-08-01 The Encyclopedia of Library and Information Science provides an outstanding resource in 33 published volumes with 2 helpful indexes This thorough reference set written by 1300 eminent international experts offers librarians information computer scientists bibliographers documentalists systems analysts and students convenient access to the techniques and tools of both library and information science Impeccably researched cross referenced alphabetized by subject and generously illustrated the Encyclopedia of Library and Information Science integrates the essential theoretical and practical information accumulating in this rapidly growing field Reference Services and Technical Services Gordon Stevenson, Sally Stevenson, 2019-12-05 This book first published in 1984 analyses the provision of more effective library service by relying more heavily on collaboration between reference and technical services librarians **Evaluation of Reference Services** Linda S Katz, 2013-10-18 Library authorities address the increasing significance of reference services and the increasing need for evaluation of those services to further ensure professionalism and efficiency **Continuing Education of Reference Librarians** William A. Katz, 1990 Here is a crucial book on the neglected issue of continuing education of reference librarians For librarians seeking to enhance and maintain a high level of quality reference work and for managers who must assure that their staffs receive the basics in continuing education this is essential reading Continuing Education of Reference Librarians addresses the concerns of all librarians that they must be informed and educated in order to excel in

their work In the first several chapters of this comprehensive volume on the job librarians focus on the increased need for nontraditional approaches to continuing education and training of reference staff They offer practical ways of making additional training both useful and relatively easy to carry out within the library setting Teachers of reference offer suggestions for contending with current formal courses and they also examine the responsibilities of not only the reference librarian but also the bibliographer and faculty member in staying abreast of current trends Also in this broad based look at continuing education is a list of critical skills most librarians expect of their reference people including reference interview techniques mastery of basic reference sources and an understanding of new technologies a review of the most revolutionary change in teaching reference librarianship in the last 100 years the online search and a discussion on ethics including the need for librarians to be aware of the basic documents of the American Library Association and more importantly the need to treat all library users equally in terms of access and service regardless of status and personal prejudice Continuing Education of Reference Librarians focuses on specific types of training for librarians Authorities explain pioneering programs in California and Maryland which deal with teaching basic reference tools to beginning librarians and paraprofessionals They also discuss the role of multitype networks in continuing education as the most cost and time efficient means available today and the use of self directed contract learning as a method that requires long term planning and rewards in contrast to the immediate results of a short term plan of education The management perspective of continuing education is also included Working library directors offer their observations on sound inspirational approaches to continuing education They also examine the critical role department heads play as mentor to beginning reference librarians

Serials and Reference Services Robin Kinder, William A. Katz, 1990 Here is one of the first books to address the problems of serials as they relate to the user the reference librarian and the library itself Opening a crucial dialogue serials librarians and reference librarians explore ways in which they can work together to make serials more accessible to the user With this vital new book public services librarians will gain a better understanding of the unique nature of serials especially concerning their acquisition and cataloguing and technical services librarians will gain a clearer view of the problems involved in interpreting the record for the user *Serials and Reference Services* provides a wealth of information that will help the cataloguer who must create a record out of a dizzying change of titles volumes and frequency the reference librarian who must interpret the record for the user the bibliographer who must select titles the manager who will be viewing the new formats for serials and the administrator who needs an overview in order to pull disparate services together into a functioning whole Automation is also explored and finally a look at the core collection newspapers comic books and poetry magazines gives an eclectic ending to the volume Tillie Krieger Peter Hernon David C Heisser David C Taylor and Laura Peritore are among the well known contributors to the book
