Bohlmann, Sean Moreland, 2015-03-06 Perhaps because of the wisdom received from our Romantic forbears about the purity of the child depictions of children as monsters have held a tremendous fascination for

film audiences for decades Numerous social factors have influenced the popularity and longevity of the monster child trope but its appeal is also rooted in the dual concepts of the child like innocent angelic and the childish selfish mischievous This collection of fresh essays discusses the representation of monstrous children in popular cinema since the 1950s with a focus on the relationship between monstrosity and childness a term whose implications the contributors explore **Globalgothic** Glennis Byron,2015-11-01 The dead travel fast and in our contemporary globalised world so too does the gothic Examining how gothic has been globalised and globalisation made gothic this collection of essays explores an emerging globalgothic that is simultaneously a continuation of the western tradition and a wholesale transformation of that tradition which expands the horizons of the gothic in diverse new and exciting ways Globalgothic contains essays from some of the leading scholars in gothic studies as well as offering insights from new scholars in the field The contributors consider a wide range of different media including literary texts film dance music cyberculture computer games and graphic novels This book will be essential reading for all students and academics interested in the gothic in international literature cinema and cyberspace *York Notes Advanced The Picture of Dorian Gray - Digital Ed* Frances Gray,2014-07-23 Packed full of analysis and interpretation historical background discussions and commentaries York Notes will help you get right to the heart of the text you re studying whether it s poetry a play or a novel *Gender Protest and Same-Sex Desire in Antebellum American Literature* David Greven,2016-04-22 Expanding our understanding of the possibilities and challenges inherent in the expression of same sex desire before the Civil War David Greven identifies a pattern of what he calls gender protest and sexual possibility recurring in antebellum works He suggests that major authors such as Margaret Fuller Edgar Allan Poe Herman Melville and Nathaniel Hawthorne consciously sought to represent same sex desire in their writings Focusing especially on conceptions of the melancholia of gender identification and shame Greven argues that same sex desire was inextricably enmeshed in scenes of gender role strain as exemplified in the extent to which The Narrative of Arthur Gordon Pym depicts masculine identity adrift and in disarray Greven finds similarly compelling representations of gender protest in Fuller s exploration of the crisis of gendered identity in Summer on the Lakes in Melville s representation of Redburn s experience of gender nonconformity and in Hawthorne s complicated delineation of desire in The Scarlet Letter As Greven shows antebellum authors not only took up the taboo subjects of same sex desire and female sexuality but were adept in their use of a variety of rhetorical means for expressing the inexpressible **Dark Imaginings** Geoff Payne,2008 What does it mean to say that poetry is dark How does the presence of darkness give meaning to literary works Such questions sit at the centre of this study of Lord Byron a man who has been characterised as intrinsically dark by generations of scholars This is the first book to offer a comprehensive survey of Byron s darkness producing new and innovative readings of his poetry by exploring how darkness both literal and figurative helps to structure his work s ideological topography and facilitates the exchange of ideas between its different ideological systems Canvassing a variety of issues relevant to a number of different manifestations of darkness

the study explores such diverse topics as the relationship between sublime aesthetics and the gendering of desire the connection between darkness and Byron's Scottish nationalism and the influence of blackness on his engagement with the Orient With such a broad focus in mind it also engages with texts that represent Byron's oeuvre in its broadest sense engaging not only with canonical texts such as *Manfred* and *Don Juan* but also selections from Byron's juvenilia the *Oriental Tales* and his letters and journals as well as surveying the critical reviews that helped to influence the colour of his work and its later reception

Ghost Faces David Greven, 2016-02-09 Combines psychoanalysis queer theory masculinity studies and cultural studies to explore contemporary manhood in film *Ghost Faces* explores the insidious nature of homophobia even in contemporary Hollywood films that promote their own homo tolerance and appear to destabilize hegemonic masculinity Reframing Laura Mulvey's and Gilles Deleuze's paradigms and offering close readings grounded in psychoanalysis and queer theory David Greven examines several key films and genre trends from the late 1990s forward Movies considered range from the slasher film *Scream* to bromances and beta male comedies such as *I Love You Man* to dramas such as *Donnie Darko* and *25th Hour* to Rob Zombie's remake of the horror film *Halloween* Greven also traces the disturbing connections between torture porn found in such films as *Hostel* and gay male Internet pornography

Just Vibrations William Cheng, 2016-08-11 Modern academic criticism bursts with what Eve Kosofsky Sedgwick once termed paranoid readings interpretative feats that aim to prove a point persuade an audience and subtly denigrate anyone who disagrees Driven by strategies of negation and suspicion such rhetoric tends to drown out softer spoken reparative efforts which forego forceful argument in favor of ruminations on pleasure love sentiment reform care and accessibility *Just Vibrations* The Purpose of Sounding Good calls for a time out in our serious games of critical exchange Charting the divergent paths of paranoid and reparative affects through illness narratives academic work queer life noise pollution sonic torture and other touchy subjects William Cheng exposes a host of stubborn norms in our daily orientations toward scholarship self and sound How we choose to think about the perpetration and tolerance of critical and acoustic offenses may ultimately lead us down avenues of ethical ruin or if we choose repair With recourse to experimental rhetoric interdisciplinary discretion and the playful wisdoms of childhood Cheng contends that reparative attitudes toward music and musicology can serve as barometers of better worlds

American Gothic Robert K. Martin, 1998-06 In America as in Britain the rise of the Gothic represented the other the fearful shadows cast upon Enlightenment philosophies of common sense democratic positivism and optimistic futurity Many critics have recognized the centrality of these shadows to American culture and self identification American Gothic however remaps the field by offering a series of revisionist essays associated with a common theme the range and variety of Gothic manifestations in high and popular art from the roots of American culture to the present The thirteen essayists approach the persistence of the Gothic in American culture by providing a composite of interventions that focus on specific issues the histories of gender and race the cultures of cities and scandals and sensations in order to advance distinct theoretical paradigms Each essay

sustains a connection between a particular theoretical field and a central problem in the Gothic tradition Drawing widely on contemporary theory particularly revisionist views of Freud such as those offered by Lacan and Kristeva this volume ranges from the well known Gothic horrors of Edgar Allan Poe and Nathaniel Hawthorne to the popular fantasies of Stephen King and the postmodern visions of Kathy Acker Special attention is paid to the issues of slavery and race in both black and white texts including those by Ralph Ellison and William Faulkner In the view of the editors and contributors the Gothic is not so much a historical category as a mode of thought haunted by history a part of suburban life and the lifeblood of films such as *The Exorcist* and *Fatal Attraction* *Oscar Wilde and the Simulacrum* Giles Whiteley,2017-07-05 Oscar Wilde is more than a name more than an author From precocious Oxford undergraduate to cause celebre of the West End of the 1890s to infamous criminal the proper name Wilde has become an event in the history of literature and culture Taking Wilde seriously as a philosopher in his own right Whiteley s groundbreaking book places his texts into their philosophical context in order to show how Wilde broke from his peers and in particular from idealism and challenges recent neo historicist readings of Wilde which seem content to limit his irruptive power Using the paradoxical concept of the simulacrum to resituate Wilde s work in relation to both his precursors and his contemporaries Whiteley s study reads Wilde through Deleuze and postmodern philosophical commentary on the simulacrum In a series of striking juxtapositions Whiteley challenges us to rethink both Oscar Wilde s aesthetics and his philosophy to take seriously both the man and the mask His philosophy of masks is revealed to figure a truth of a different kind the simulacra through which Wilde begins to develop and formulate a mature philosophy that constitutes an ethics of joy *Autotheories* Alex Brostoff,Vilashini Cooppan,2025-02-18 A transdisciplinary array of authors offering a new frame of reference for autotheory and its genre bending synthesis of autobiography and critical theory *Autotheories* tells the story of a field in formation Building on traditions that have long fused life writing philosophical encounter embodied theorizing and cultural critique autotheory constructs new practices of critical theory Transgressing generic boundaries and bridging stylistic registers it crafts language that is intimate analytic playful and insurgent Editors Alex Brostoff and Vilashini Cooppan underscore autotheory s multiple genealogies and genre bending forms while situating it within the contemporary political field In this collection autotheory emerges as a strut of style a straddle of disciplines a proliferation of selves an axis of identifications an index of attachments and an archive of loves An assemblage and an experience *Autotheories* surveys the field s iterations and permutations Without settling for classification or bowing to ossification *Autotheories* invites you to its discursive play Contributors include Alex Brostoff Jessica Bush Judith Butler Vilashini Cooppan Carla Freccero rl Goldberg Jan Grue Emma Lieber Megan Moodie Lili Owen Rowlands John Patterson Paul B Preciado Erica Richardson Miguelztinta C Sol s Jamieson Webster Damon Ross Young Stacey Young Arianne Zwartjes *Derek Jarman and Lyric Film* Steven Dillon,2004-04-01 Derek Jarman was the most important independent filmmaker in England during the 1980s Using emblems and symbols in associative contexts rather than conventional cause and effect

narrative he created films noteworthy for their lyricism and poetic feeling and for their exploration of the gay experience His style of filmmaking also links Jarman with other prominent directors of lyric film including Pier Paolo Pasolini Andrei Tarkovsky Jean Cocteau and Jean Genet This pathfinding book places Derek Jarman in the tradition of lyric film and offers incisive readings of all eleven of his feature length films from *Sebastiane* to *Blue* Steven Dillon looks at Jarman and other directors working in a similar vein to establish how lyric films are composed through the use of visual imagery and actual poetry He then traces Jarman's use of imagery notably mirrors and the sea in his films and discusses in detail the relationship between cinematic representations and sexual identity This insightful reading of Jarman's work helps us better understand how films such as *The Last of England* and *The Garden* can be said to cohere and mean without being reduced to clear messages Above all Dillon's book reveals how truly beautiful and brilliant Jarman's movies are

The Scary Screen Dr Kristen Lacefield, 2013-04-28 In 1991 the publication of Koji Suzuki's *Ring* the first novel of a bestselling trilogy inaugurated a tremendous outpouring of cultural production in Japan Korea and the United States Just as the subject of the book is the deadly viral reproduction of a VHS tape so too is the vast proliferation of text and cinematic productions suggestive of an airborne contagion with a life of its own Analyzing the extraordinary trans cultural popularity of the *Ring* phenomenon *The Scary Screen* locates much of its power in the ways in which the books and films astutely graft contemporary cultural preoccupations onto the generic elements of the ghost story in particular the Japanese ghost story At the same time the contributors demonstrate these cultural concerns are themselves underwritten by a range of anxieties triggered by the advent of new communications and media technologies perhaps most significantly the shift from analog to digital Mimicking the phenomenon it seeks to understand the collection's power comes from its commitment to the full range of *Ring* related output and its embrace of a wide variety of interpretive approaches as the contributors chart the mutations of the *Ring* narrative from author to author from medium to medium and from Japan to Korea to the United States

"The Uses of Excess in Visual and Material Culture, 1600-2010" Julia Skelly, 2017-07-05 Directing unprecedented attention to how the idea of excess has been used by both producers and consumers of visual and material culture this collection examines the discursive construction of excess in relation to art

material goods and people in various global contexts The contributors illuminate how excess has been perceived quantified and constructed revealing in the process how beliefs about excess have changed over time and how they have remained consistent The collection as a whole underscores the fact that the concept of excess must always be considered critically whether in scholarship or in lived experience Although the idea of excess has often been used to shame and degrade many of the essays in this collection demonstrate how it has also been used as a strategy for self fashioning transgression and empowerment particularly by women and queer subjects This volume examines a range of material including diamonds ceramics paintings dollhouses caricatures interior design and theatrical performances Each case study sheds new light on how excess was used in a specific cultural context including canonical sites of study such as the Netherlands in the eighteenth century Victorian Britain and Paris in the 1920s and under studied contexts such as Canada and Sweden
