Reflections 55 Years In Public Service In Nova Scotia:

The Guardianship of Best Interests Renée Nicole Lafferty, 2013 A history of charitable children's homes and emergent state centred child welfare policy in Nova Scotia *Seven Days in Halifax* Robert Ashe, 2025-10-07 Halifax today lives with the results of bad decisions made decades ago A container port accessible only through narrow downtown streets A park bridge and port on the spot where Africville was demolished A mega interchange going nowhere finally torn down The thoughtless power brokers who made these decisions are long gone but Haligonians still live now with the choices they made Yet for seven days in 1970 Nova Scotians saw a brilliant spotlight shone on the city's power structure exposing incompetence ignorance racism and lies In *Seven Days in Halifax* Robert Ashe presents this forgotten event in the city's life Twelve highly qualified outsiders including a passionate Black pastor a feisty Canadian labour leader and a no holds barred journalist spent a week in a public investigation of the city and how it worked Each evening Nova Scotians were glued to live television broadcasts where the 12 experts grilled local authorities The event called Encounter was a one off But it showed how a local power structure can fail a city's citizens and face no consequences Robert Ashe's story of Encounter explains much about Halifax's recent history and offers timely lessons on the importance of accountability on the part of those in the city's power structure today

One Hundred Years of Social Work Therese Jennissen, Colleen Lundy, 2011-02-17 *One Hundred Years of Social Work* is the first comprehensive history of social work as a profession in English Canada Organized chronologically it provides a critical and compelling look at the internal struggles and debates in the social work profession over the course of a century and investigates the responses of social workers to several important events A central theme in the book is the long standing struggle of the professional association the Canadian Association of Social Workers and individual social workers to reconcile advancement of professional status with the promotion social action The book chronicles the early history of the secularization and professionalization of social work and examines social workers roles during both world wars the Depression and in the era of postwar reconstruction It includes sections on civil defence the Cold War unionization social work education regulation of the profession and other key developments up to the end of the twentieth century Drawing on extensive archival research as well as personal interviews and secondary literature the authors provide strong academic evidence of a profession that has endured many important changes and continues to advocate for a just society and a responsive social welfare state *One Hundred Years of Social Work* will be of interest to social workers social work students and educators social historians professional associations and anyone interested in understanding the complex nature of people and institutions

Wisdom, Justice and Charity Suzanne Morton, 2014-06-09 One of Canada's first social workers Jane B Wisdom had an active career in social welfare that spanned almost the first half of the twentieth century Competent thoughtful and trusted she had a knack for being in important places at pivotal moments Wisdom's transnational career took her from Saint John to Montreal New York City Halifax and Glace Bay as well as into almost every field of social work Her

story offers a remarkable opportunity to uncover what life was like for front line social workers in the profession's early years. In *Wisdom Justice and Charity* historian Suzanne Morton uses Wisdom's professional life to explore how the welfare state was built from the ground up by thousands of pragmatic and action-oriented social workers. Wisdom's career illustrates the impact of professionalization, gender, and changing notions of the state not just on those in the emergent profession of social work but also on those in need. Her life and career stand as a potent allegory for the limits and possibilities of individual action.

Contributing Citizens Shirley Tillotson, 2009-01-01 *Contributing Citizens* tells the social, cultural, and political history of Community Chests, the forerunners of today's United Way, to provide a unique perspective on the evolution of professional fundraising, private charity, and the development of the welfare state. Blending a national perspective with rich case studies of Halifax, Ottawa, and Vancouver, Shirley Tillotson shows that fundraising work in the mid-twentieth century involved organizing and promoting social responsibility in new ways, sometimes coercively. In the 1940s and 1950s, fundraisers adopted the language of welfare state reform and helped to establish both the notion of universal contribution and the foundation of community organization from which major social policies grew. Peopled by a host of forceful characters, this is a lively account of how raising money raised the level of Canadian democracy.

The Traffic in Babies Karen Andrea Balcom, 2011-01-01 Exploring how and why babies were moved across borders, *The Traffic in Babies* is a fascinating look at how social workers and other policy makers tried to find birth mothers, adopted children, and adoptive parents.

Reconfiguring Citizenship Mehmoona Moosa-Mitha, 2016-03-23 Citizenship as a status assumes that all those encompassed by the term citizen are included, albeit within the boundaries of the nation state. Yet citizenship practices can be both inclusionary and exclusionary, with far-reaching ramifications for both nationals and non-nationals. This volume explores the concept of citizenship and its practices within particular contexts and nation states to identify whether its claims to inclusivity are justified. This will show whether the exclusionary dimensions experienced by some citizens and non-citizens are linked to deficiencies in the concept, country-specific policies, or how it is practised in different contexts. The interrogation of citizenship is important in a globalising world where crossing borders raises issues of diversity and how citizenship status is framed. This raises the issue of human rights and their protection within the nation state for people whose lifestyles differ from the prevailing ones. Besides highlighting the importance of human rights and social justice as integral to citizenship, it affirms the role of the nation state in safeguarding these matters. It does so by building on Indigenous peoples' insights about linking citizenship to connections to other people and the environment and arguing for the inalienability and portability of citizenship rights guaranteed collectively through international level agreements. These issues are of particular concern to social workers given that they must act in accordance with the principles of democracy, equality, and empowerment. However, citizenship issues are often inadequately articulated in social work theory and practice. This book redresses this by providing social workers with insights, knowledge, values, and skills about citizenship practices to enable them to work more effectively.
