Reflections On The Sudbury School Concept:

Reflections on the Sudbury School Concept Mimsy Sadofsky, Daniel Greenberg, 1999 *A Clearer View* Daniel Greenberg, 2000 **Student-Friendly Teaching Approaches** Asim Ari, 2022-02-21 Schools which play a fundamental role in the reconstruction of society have fulfilled their tasks in different ways throughout history In the last century there have been great transformations in schooling and teaching which have led to the emergence of different teaching approaches in different parts of the world This volume introduces the reader to 10 different teaching approaches the Emmi Pikler Approach Montessori Education the Reggio Emilia Approach Sudbury Valley Schools the Jenaplan Education Approach Waldorf Pedagogy Freinet Education the Dalton Plan Approach Schools that Learn and Democratic Schools It will appeal primarily to undergraduate and graduate students studying in the field of education and to researchers working in the field of educational sciences **Philosophy of Education in Action** David W. Nicholson, 2022-02-06 *Philosophy of Education in Action* An Inquiry Based Approach Second Edition is an innovative introductory text that invites readers to explore philosophy of education through the lens of their own observations and experiences Using the Wonder Model of Inquiry readers investigate the purposes of education how schools are designed to fulfill those purposes and the influence of philosophy on educational practices Grounded in authentic classroom vignettes and supported by examples from actual schools and educational programs readers think critically and creatively about philosophical issues Probing questions analyze the curriculum examine pedagogy conceptualize the role of the teacher and student in the learning process and explore the role of school organization and design Readers are guided to reflect upon their own practices and articulate their own philosophical beliefs Readers also imagine and design a hypothetical school using project based methods to interpret synthesize and evaluate different educational philosophies The Continuum of Educational Philosophy locates practices in relation to philosophical perspectives The Second Edition includes updated sources and examples of schools and programs that represent different philosophical perspectives In addition to applying the 3Cs criteria of evaluation two new chapters highlight voices that respond to and challenge different educational philosophies The final chapter adds guidance on how to construct and compose a personal philosophy of education statement *Educating Israel* Y. Shalom, 2006-07-24 This is a comparative ethnography of five Israeli schools that use state of the art educational approaches to help change Israel's conflicted society It gives an important glimpse of individuals and institutions that bravely operate as social and educational entrepreneurs striving to change Israeli society *Starting a Sudbury School* Daniel Greenberg, Mimsy Sadofsky, 1998 The Sudbury Valley School in Framingham Massachusetts is a nontraditional private school founded in 1968 based on the idea that a child is a person worthy of full respect as a human being It aimed to create a nurturing environment in which the children themselves choose what they wish to do and schedule their time This book is a guide summarizing the various steps necessary to found a Sudbury school based on interviews and information gathered from 14 schools and groups throughout the United States The

first four chapters cover what kind of folks are founders what makes them interested how founder groups get formed and characteristics important within the founders group The chapter on concrete steps to be taken includes understanding the philosophy formalization of status satisfying the appropriate educational authorities money matters site selection and promotion The next seven chapters address demographics staffing a Sudbury school where students come from the nitty gritty of staffing a school developing a culture and keeping the school going classic errors and factors enabling success Appendix 1 is a note from a founder who failed Appendix 2 is a narrative history of a school that survived its first 4 years Appendix 3 is another narrative of a school that is still going after 5 years Appendix 4 entitled Revolution or Reform presents thoughts on the character strategy and destiny of the original Sudbury Valley School TD **The 2002 Collection** Sudbury Valley School Press,2002-07 Edited email exchanges written related to Sudbury Schools **Knowmad Society** John W. Moravec,Pieter Spinder,Bianca Stokman,Thieu Besselink,2013-06-19 Knowmads are nomadic knowledge workers creative imaginative and innovative people who can work with almost anybody anytime and anywhere The jobs associated with 21st century knowledge and innovation workers have become much less specific concerning task and place but require more value generative applications of what they know The office as we know it is gone Schools and other learning spaces will follow next This book explores the future of learning work and how we relate with each other in a world where we are now asked to design our own futures Key topics covered include reframing learning and human development required skills and competencies rethinking schooling flattening organizations co creating learning and new value creation in organizations In this volume nine authors from three continents ranging from academics to business leaders share their visions for the future of learning and work Educational and organizational implications are uncovered experiences are shared and the contributors explore what it s going to take for individuals organizations and nations to succeed in Knowmad Society **Resources in Education** ,1993 **Free to Learn** Peter Gray,2013-03-05 A leading expert in childhood development makes the case for why self directed learning unschooling is the best way to get kids to learn All kids love learning Most don t love school That s a disconnect we ve avoided discussing until this lightning bolt of a book If you ve ever wondered why your curious kid is turning into a sullen slug at school Peter Gray s Free to Learn has the answer He also has the antidote Lenore Skenazy author of Free Range Kids In Free to Learn developmental psychologist Peter Gray argues that in order to foster children who will thrive in today s constantly changing world we must entrust them to steer their own learning and development Drawing on evidence from anthropology psychology and history he demonstrates that free play is the primary means by which children learn to control their lives solve problems get along with peers and become emotionally resilient A brave counterintuitive proposal for freeing our children from the shackles of the curiosity killing institution we call school Free to Learn suggests that it s time to stop asking what s wrong with our children and start asking what s wrong with the system It shows how we can act both as parents and as members of society to improve children s lives and to promote their happiness
