Reflections And Comments 1865 To 1895:

Reflections and Comments, 1865-1895 Edwin Lawrence Godkin, 1895 Mr Froude's attempt to secure from the American public a favorable judgment on the dealings of England with Ireland has had one good result though we fear only one in leading to a little closer examination of the real state of American opinion about Irish grievances than it has yet received. He will go back to England with the knowledge which he evidently did not possess when he came here that the great body of intelligent Americans care very little about the history of the six hundred years of wrong and know even less than they care and could not be induced except by a land grant or a bounty or a drawback to acquaint themselves with it that those of them who have ever tried to form an opinion on the Anglo Irish controversy have hardly ever got farther than a loose notion that England had most likely behaved like a bully all through but that her victim was beyond all question an obstreperous and irreclaimable ruffian whose ill treatment must be severely condemned by the moralist but over whom no sensible man can be expected to weep or sympathize. Reflections and Comments 1865-1895 Edwin Lawrence Godkin, 2019-12-05 In *Reflections and Comments 1865 1895* Edwin Lawrence Godkin presents a compelling collection of essays that delve into the political, social, and economic landscapes of post-Civil War America. Godkin's literary style is marked by eloquence and incisive analysis, characterized by his advocacy for civil liberties and good governance. Through editorial reflections from his time at *The Nation*, he addresses issues ranging from political corruption to the importance of a free press, all while embedding his arguments in the broader context of an evolving American society grappling with modernity and reform. Edwin Lawrence Godkin, a renowned journalist and liberal thinker, was instrumental in shaping public discourse in America during the late 19th century. His Irish heritage and early experiences in British journalism endowed him with a unique perspective on governance and ethics. Through his work, Godkin sought to inspire critical thought and civic responsibility, prompting him to critique the prevailing norms of his time, which culminated in this thought-provoking collection. *Reflections and Comments 1865 1895* is a must-read for anyone interested in the historical dynamics of American politics and the evolution of journalistic integrity. Godkin's incisive commentary resonates today, providing timeless insights into the complexities of civic engagement and ethical leadership.

 Professors and Public Schools argues that the thinking behind efforts to reform American schools in the late nineteenth and
 early twentieth centuries emphasized two new ideas that economic growth and the opportunity it created were more limited
 than had earlier been thought and that popular aspirations should be revised downward accordingly After discussing the
 thinking that reformers reacted against in the first chapter of the book later chapters examine those most responsible for
 these new ideas especially Felix Adler and John Dewey These chapters argue that reformers fears about the social dislocation
 stemming from economic growth makes the most sense of the educational redirection they promoted This is a new
 interpretation of developments that have long been debated by American historians and should be of interest to a wide
