Reflexive Historical Sociology:

Reflexive Historical Sociology Arpad Szakolczai, 2003-07-13 This book reconstructs and brings together the work of a number of social and political theorists in order to gain new insight on the emergence and character of modern Western society. It examines the intersection point of social theory and historical sociology in a new theoretical approach called reflexive historical sociology. There is analysis of the works of Max Weber, Michel Foucault, Norbert Elias, Eric Voegelin and a number of others. The book is divided into three parts. Part 1 examines the works of Eric Voegelin, Norbert Elias, Lewis Mumford and Franz Borkenau. Part 2 is concerned with the major conceptual tools such as experience, liminality, process, symbolisation, figuration, order, dramatisation and reflexivity, and themes such as the history of forms of thought, subjectivity, knowledge and closed space and regulated time. Finally, the book examines the most important insights of the thinkers discussed concerning the historical processes that led to modernity.

Ruling by Schooling Quebec Bruce Curtis, 2012-01-01 *Ruling by Schooling Quebec* provides a rich and

detailed account of colonial politics from 1760 to 1841 by following repeated attempts to school the people This first book since the 1950s to investigate an unusually complex period in Quebec s educational history extends the sophisticated method used in author Bruce Curtis s double award winning Politics of Population Drawing on a mass of archival material the study shows that although attempts to govern Quebec by educating its population consumed huge amounts of public money they had little impact on rural ignorance while near universal literacy reigned in New England by the 1820s at best one in three French speaking peasant men in Quebec could sign his name in the insurrectionary decade of the 1830s Curtis documents educational conditions on the ground but also shows how imperial attempts to govern a tumultuous colony propelled the early development of Canadian social science He provides a revisionist account of the pioneering investigations of Lord Gosford and Lord Durham
