Reformed Christians and Mormon Christians Roger R. Keller, 1986 **The A to Z of Mormonism** Davis

Bitton, Thomas G. Alexander, 2009-11-25 Mormonism is the unofficial name for The Church of Jesus Christ of Latter Day Saints which originated in the early 1800s Mormonism refers to the doctrines taught by Joseph Smith doctrines that are believed to be original gospel preached by Jesus Christ The Mormons oppose abortion homosexuality unmarried sexual acts pornography gambling tobacco consuming alcohol tea coffee and the use of drugs Despite its relatively young age the Mormon Church continues to grow and today it contains about 13 million members The A to Z of Mormonism relates the history of the Mormon church through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on crucial persons organizations churches beliefs and events Clearing up many of the misconceptions held about Mormonism and its members this is an essential reference Man of Holiness: The Mormon Search for a Personal God John L. Bracht, 2010-07-11 Serious efforts to understand Mormonism in a non confrontational non polemical way are few and far between In this book the author John Bracht has drawn together a multitude of LDS sources in order to demonstrate differences between Mormonism and traditional Christian views on the nature of God and the Godhead The Mormon Culture of Salvation Douglas J. Davies, 2018-12-07 The Mormon Culture of Salvation presents a comprehensive study of Mormon cultural and religious life offering important new theories of Mormonism one of the fastest growing movements and thought by many to be the next world religion Bringing social scientific and theological perspectives to bear on the Church of Jesus Christ of Latter day Saints Douglas Davies draws from theology history of religions anthropology sociology and psychology to present a unique example of a truly interdisciplinary analysis in religious studies Examining the many aspects of Mormon belief ritual family life and history this book presents a new interpretation of the origin of Mormonism arguing that Mormonism is rooted in the bereavement experience of Joseph Smith which influenced the development of temple ritual for the dead and the genealogical work of many Mormon families Davies shows how the Mormon commitment to work for salvation relates to current Mormon belief in conversion and to traditional Christian ideas of grace The Mormon Culture of Salvation is an important work for Mormons and non Mormons alike offering fresh insights into how Mormons see the world and work for their future glory in heavenly realms Written by a non Mormon with over 30 years research experience into Mormonism this book is essential reading for those seeking insights into new interdisciplinary forms of analysis in religion as well as all those studying or interested in Mormonism and world religions Douglas J Davies is Professor in the Study of Religion in the Department of Theology Durham University UK He is the author of many books including Death Ritual and Belief Cassell 1997 Mormon Identities in Transition Cassell 1994 Mormon Spirituality 1987 and Meaning and Salvation in Religious Studies Brill 1984 Understanding Your Neighbor's Faith Philip Lazowski, 2004 Understanding Your Neighbor's Faith What Christians and Jews Should Know About Each Other was the brainchild of Rabbi Philip Lazowski of Hartford

Connecticut The idea was born several years back after he invited a group of non Jewish clergymen to visit the Holy Land with him Priests ministers and some members of their congregations who wanted a better understanding of Israel and Judaism enthusiastically accepted his gesture of good will Rabbi Lazowski s unique perspective as a Holocaust survivor made him ideally poised to teach others about the historical and philosophical context of Judaism as well as its rich tradition of practice Rabbi Lazowski also learned much from his colleagues of other faith traditions This unprecedented volume gives Rabbi Lazowski and the other clergy the opportunity to explicate their religion using their own language and concepts in responding to the questions of people of goodwill outside their faith Difficult even uncomfortable questions are asked and answered No question is too simple or too complex Every chapter each by an author belonging to a different Christian faith tradition will prove as informative to the co religionist as to the outsider The concise straightforward question and answer style allows the book to be studied in full read casually or consulted for reference

Guide to Books in Print ,1997 Talking Doctrine Richard J. Mouw,Robert L. Millet,2015-07-09 A group of Mormon and evangelical scholars undertook a remarkable journey over fifteen years to discuss differences and investigate possible common ground in their beliefs With both candor and generosity these essays reflect the thoughtful respectful and nuanced engagements on some of the most controversial topics that have inflamed passions in the past **Talking with Mormons** Richard J. Mouw,2012-04-30 For over a decade Fuller Seminary president Richard Mouw has participated in Mormon evangelical dialogue with a view to developing a better understanding between the two groups His participation in these discussions has drawn severe criticism and even anger from people who believe such talks are pointless or even dangerous This brief highly accessible book is his answer Advocating humility patience and a willingness to admit our own shortcomings Mouw shows why it is necessary to move beyond stark denunciation to a dialogue that allows both parties to express differences and explore common ground Without papering over significantly divergent perspectives on important issues like the role of prophecy the nature of God and the creeds Mouw points to areas in which Mormon evangelical dialogue evidences hope for the future In so doing he not only informs readers but also models respectful evangelical debate Public Discussion of the Issues Between the Reorganized Church of Jesus Christ of Latter Day Saints and the Church of Christ (Disciples) Edmund Levi Kelley,1884 **I Love Mormons** David L. Rowe,2005-08-01 David L Rowe asserts that many Mormons view Christian witnessing as Bible bashing What Christians need to understand he suggests is that Latter day Saints are an entirely separate ethnic group with their own history values and customs Evangelizing Mormons can be so much more effective if Christians first know understand and respect Mormon heritage With helpful illustrations and discussions of Mormon values and theology Rowe calls Christians away from confrontational evangelism and instead suggests active listening and respect as a way to bridge Christian beliefs and Mormon culture A glossary in the back of the book and discussion questions at the end of each chapter will help readers apply these concepts in their own witnessing experiences In the end Christians will be more approachable representatives of Christ **Missionary Review of the World** ,1905 **Changing World Religions, Cults & Occult** , Christian Nation ,1924
