Reframing International Development Nelson W. Keith, 1997-09-04 Attempts to theorize contemporary globalization rarely stray beyond variations on old themes of superordination versus subordination Yet there are many new definers of our present global reality depletion of strategic resources degradation of our environment counter offensives against modern patterns of thought and action which suggest that a new framework of global relations is needed Nelson Keith challenges the presumptions upon which Western notions of the world have rested and sounds a call to forge a world order more sensitive to all of its representative voices

European Security Bjørn Møller, 2016-04-22 Europe has undergone quite profound changes since the end of the Cold War Having been a highly militarised conflict ridden and war ridden region the core of Europe today constitutes a security community where armed conflicts among the constituent states has become inconceivable This comprehensive book offers a theoretically founded and thoroughly documented analysis of European security with a special emphasis on the role played by the United Nations and the various regional and sub regional organisations especially the North Atlantic Treaty Organisation the Organisation for Security and Cooperation in Europe the Council of Europe and the European Union When it comes to explaining peace in Europe opinions differ widely Some argue that it was only because the West refused to give in to Soviet threats that the latter eventually gave up or that the long peace in Europe was due to the combination of a bipolar alliance structure pitting the North Atlantic Treaty Organisation NATO against the Warsaw Pact with the presence of nuclear weapons on both sides Others point instead to the extraordinarily dense network of international institutions and organisations in Europe offering a wide panoply of fora in which to handle disputes peacefully or to the web of interdependence in economic and other affairs tying together all states in Europe in relations which militate strongly against war Still others believe that the external peace between the states in Europe is simply a reflection of a convergence of cultures democracies with marked economies that are open towards the world market These questions are the focal point of this book which concentrates on security albeit not in the sense of being a treatise on military matters but security obtainable by much more indirect and non military means It will be required reading for all students and scholars of European security and the organisations which underpin it

Money Has No Smell Paul Stoller, 2010-03-05 In February 1999 the tragic New York City police shooting of Amadou Diallo an unarmed street vendor from Guinea brought into focus the existence of West African merchants in urban America In *Money Has No Smell* Paul Stoller offers us a more complete portrait of the complex lives of West African immigrants like Diallo a portrait based on years of research Stoller conducted on the streets of New York City during the 1990s Blending fascinating ethnographic

description with incisive social analysis Stoller shows how these savvy West African entrepreneurs have built cohesive and effective multinational trading networks in part through selling a simulated Africa to African Americans These and other networks set up by the traders along with their faith as devout Muslims help them cope with the formidable state regulations and personal challenges they face in America As Stoller demonstrates the stories of these West African traders illustrate and illuminate ongoing debates about globalization the informal economy and the changing nature of American communities

New African Diasporas Khalid Koser,2003-09-02 The extensive literature relating to the African diaspora has tended to concentrate on the descendants of those who left Africa as part of the slave trade to North America This important new book gathers together work on more recent waves of African migration from some of the most exciting thinkers on the contemporary diaspora Concentrating particularly on the last 20 years the contributions look to the United States and beyond to diaspora settlement in the UK and Northern Europe New African Diasporas looks at a range of different types of diaspora legal and illegal professional and low skilled asylum seekers and economic migrants and includes chapters on diasporic communities originating in Cote d'Ivoire Democratic Republic of Congo Eritrea Ghana Senegal and Somalia It also examines often neglected differences based on gender class and generation in the process This book will be essential reading for anyone with an interest in the African diaspora and provides the most wide ranging picture of the new African diaspora yet Journal of International Affairs ,1998 **The Journal of Developing Areas** ,1998 International Labour Documentation International Labour Office.
