Refugee Boy:

Refugee Boy Benjamin Zephaniah, 2011-07-04 Playful obstinate and courageously humorous hilarious and later heartbreaking Guardian Sweet funny highly inventive Yorkshire Post The personal funny and poignant tale of a young refugee from acclaimed storyteller Benjamin Zephaniah Acclaimed performance poet and novelist Benjamin Zephaniah's honest wry and poignant story of a young refugee left in London is of even more power and pertinence today than when it was first published Life is not safe for Alem His father is Ethiopian his mother Eritrean Their countries are at war and Alem is welcome in neither place So Alem is excited to spend a holiday in London with his father until he wakes up to find him gone What seems like a betrayal is in fact an act of love but now Alem is alone in a strange country and he must forge his own path

Brilliantly written and with a real ear for dialogue fans of Angie Thomas and Malorie Blackman will love Benjamin Zephaniah's novels for young adult readers Refugee Boy Face Gangsta Rap Teacher's Dead A Study Guide for Benjamin Zephaniah's "Refugee Boy" Gale, Cengage Learning, A Study Guide for Benjamin Zephaniah's Refugee Boy excerpted from Gale's acclaimed Novels for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Novels for Students for all of your research needs *Benjamin Zephaniah's Refugee Boy*, 2013 Based on the novel by Benjamin Zephaniah Refugee Boy is an urgent story of a courageous African boy sent to England to escape the violent civil war that rages in his homeland

Refugee Boy Benjamin Zephaniah, 2013-05-04 A story about arriving belonging and finding home As a violent civil war rages back home teenaged Alem and his father are in a B three unexpected allies who spur him on as Alem fights to be seen as more than just the Refugee Boy Boys Anders Nyman, Börje Svensson, 1997 Looking in detail at cases where boys have been victims of sexual abuse the authors look at the many questions that arise around the topic particularly in so far as there are fears and anxieties specific to boys They show what can be done to help these boys and provide new insight into the state of mind of boys who have been abused **Refugee Children In The Uk** Rutter, Jill, 2006-06-01 Includes statistical tables and graphs The Kindertransport Jennifer Craig-Norton, 2019-06-25 A timely study of the effects of family separation on child refugees using newly discovered archival sources from the WWII era Highly recommended Choice The Kindertransport an organized effort to extract children living under the threat of Nazism lives in the popular memory as well as in literature as a straightforward act of rescue and salvation but these celebratory accounts leave little room for a deeper more complex analysis This volume reveals that in fact many children experienced difficulties with settlement they were treated inconsistently by refugee agencies their parents had complicated reasons for giving them up and their caregivers had a variety of motives for taking them in Against the grain of many other narratives Jennifer Craig Norton emphasizes the use of newly discovered archival sources which include the correspondence of refugee agencies carers Kinder and their parents and juxtaposes this material with testimonial accounts to show readers a more

nuanced and complete picture of the Kindertransport In an era in which the family separation of refugees has commanded considerable attention this book is a timely exploration of the effects of family separation as it was experienced by child refugees in the age of fascism Child, Adolescent and Family Refugee Mental Health Suzan J. Song, Peter Ventevogel, 2020-06-15 More than half of the 25.9 million refugees in the world are under the age of 18 and the mental health of these children and adolescents constitutes a growing global public health priority Refugee children and their families are at increased risk to develop mental health problems but they often face major challenges in accessing adequate treatment and mental health professionals frequently feel ill equipped to assist this group Refugees are faced with a plethora of issues including the ambiguous loss of loved ones psychological trauma related to past experiences of violence and atrocities the complexities of daily life as a refugee and the challenges to adapt to new systems of care and support Refugees life circumstances all too often undermine their agency as they face discrimination stigma and social isolation or exclusion Refugees are frequently disconnected from the usual family and community supports that they once had which creates additional mental distress As parents struggle with these changes their children often find it even more difficult to adapt and connect with them This all leads to increased prevalence of mental health conditions among refugees Humanitarian policies recommend family centered interventions that are multi sectoral multi disciplinary and focus on optimizing resource utilization Over the last decade a considerable body of research has emerged around socio ecological models of mental health family and community approaches and resilience and strengths based theories but these insights are insufficiently incorporated in the practice of mental health care for refugee children Clinicians often struggle to grasp the common unique stressors that families face and are not familiar with working with families as units for intervention Using culturally and contextually informed assessment methods and family oriented management approaches not only help individual children or adolescents but also their families This book aims to provide an overview of the latest theoretical insights from research on sociocultural aspects of mental health and connect these with clinical insights from practical mental health care provision Using strengths based resiliency oriented and family centered approaches can enrich clinical practice in refugee mental health but clinicians need to translate the emerging evidence into concrete steps and interventions This requires additional skills for the assessment and management of mental health conditions in refugee children and families The chapters in this book are written by a diverse group of authors using global multi disciplinary approaches The chapters provide examples from various contexts including refugees who are displaced to neighboring countries refugees on the move and refugees and asylum seekers in resettlement settings This book is therefore a unique resource for clinicians researchers and policy makers working on mental health issues of refugee children and adolescents around the world The Child in International Refugee Law Jason M. Pobjoy, 2017-04-27 The first comprehensive study of the challenges faced by children in establishing entitlement to refugee protection This book which draws extensively on national case law from the United States the United

Kingdom Canada New Zealand and Australia will be an invaluable resource for any academic decision maker or practitioner working in the area

Discourses of Postcolonialism in Contemporary British Children's Literature Blanka Grzegorzczuk, 2014-10-03 This book considers how contemporary British children's books engage with some of the major cultural debates of recent years and how they resonate with the current preoccupations and tastes of the white mainstream British reading public A central assumption of this volume is that Britain's imperial past continues to play a key role in its representations of race identity and history The insistent inclusion of questions relating to colonialism and power structures in recent children's novels exposes the complexities and contradictions surrounding the fictional treatment of race relations and ethnicity Postcolonial children's literature in Britain has been inherently ambivalent since its cautious beginnings it is both transgressive and authorizing both

undercutting and excluding Grzegorzczuk considers the ways in which children's fictions have worked with and against particular ideologies of race. The texts analyzed in this collection portray ethnic minorities as complex hybrid products of colonialism, global migrations and the ideology of multiculturalism. By examining the ideological content of these novels, Grzegorzczuk demonstrates the centrality of the colonial past to contemporary British writing for the young. *Offshore* Madeline Gleeson, 2016-05-01. What has happened on Nauru and Manus since Australia began its most recent offshore processing regime in 2012. This essential book provides a comprehensive and uncompromising overview of the first three years of offshore processing since it recommenced in 2012. It explains why offshore processing was re-established, what life is like for asylum seekers and refugees on Nauru and Manus, what asylum seekers, refugees and staff in the offshore detention centres have to say about what goes on there and why the truth has been so hard to find. In doing so, it goes behind the rumours and allegations to reveal what is known and what still is not known about Australia's offshore detention centres.
