Sentimental Journeys:

Sentimental Journeys Joan Didion, 1993 Adaptations of Laurence Sterne's Fiction Mary-Celine Newbould, 2016-03-23 Exploring how readers received and responded to literary works in the long eighteenth century M C Newbould focuses on the role played by Laurence Sterne's fiction and its adaptations Literary adaptation flourished throughout the eighteenth century encouraging an interactive relationship between writers readers and artists when well known works were transformed into new forms across a variety of media Laurence Sterne offers a particularly dynamic subject the immense interest provoked by *The Life and Opinions of Tristram Shandy Gentleman* and *A Sentimental Journey through France and Italy* inspired an unrivalled number and range of adaptations from their initial publication onwards In placing her examination of Sterneana within the context of its production Newbould demonstrates how literary adaptation operates across generic and formal boundaries She breaks new ground by bringing together several potentially disparate aspects of Sterneana belonging to areas of literary studies that include drama music travel writing sentimental fiction and the visual Her study is a vital resource for Sterne scholars and for readers generally interested in cultural productivity in this period

Émigrés Richard Scholar, 2022-06-14 The fascinating history of French words that have entered the English language and the fertile but fraught relationship between English and French speaking cultures across the world English has borrowed more words from French than from any other modern foreign language French words and phrases such as *la mode* *ennui* *na vet* and *caprice* lend English a certain *je ne sais quoi* that would otherwise elude the language Richard Scholar examines the continuing history of untranslated French words in English and asks what these words reveal about the fertile but fraught relationship that England and France have long shared and that now entangles English and French speaking cultures all over the world *migr* demonstrates that French borrowings have over the centuries turned English in more ways than one From the seventeenth century polymath John Evelyn's complaint that English lacks words that do so fully express the French *ennui* and *na vet* to George W Bush's purported claim that the French don't have a word for entrepreneur this unique history of English argues that French words have offered more than the mere seasoning of the occasional mot juste They have established themselves as creolizing keywords that both connect English speakers to and separate them from French Moving from the realms of opera to ice cream the book shows how migrant French words are never the same again for having ventured abroad and how they complete English by reminding us that it is fundamentally incomplete At a moment of resurgent nationalism in the English speaking world *migr* invites native Anglophone readers to consider how much we owe the French language and why so many of us remain ambivalent about the migrants in our midst

Sentimental Figures of Empire in Eighteenth-Century Britain and France Lynn Festa, 2006-10-15 Publisher description *The Reception of Laurence Sterne in Europe* Peter de Voogd, John Neubauer, 2008-12-22 A comprehensive volume of international research on the European reception of Laurence Sterne

Christoph Martin Wieland,1993 Each of the five divisions or Books of History of the Abderites conveys a different aspect of life in Abdera and the author allows his readers to draw whatever parallels they may perceive between what goes on in this ancient backwoods community and life in contemporary Germany The American Journal of Clinical Medicine ,1920

Thomas Jefferson, Time, and History Hannah Spahn,2011 Beginning with the famous opening to the Declaration of Independence When in the course of human events almost all of Thomas Jefferson s writings include creative stylistically and philosophically complex references to time and history Although best known for his forward looking statements envisioning future progress Jefferson was in fact deeply concerned with the problem of coming to terms with the impending loss or fragmentation of the past As Hannah Spahn shows in Thomas Jefferson Time and History his efforts to promote an exceptionalist interpretation of the United States as the first nation to escape from the crimes and calamities of European history were complicated both by his doubts about the outcome of the American experiment and by his skepticism about the methods and morals of eighteenth century philosophical history Spahn approaches the conundrum of Jefferson s Janus faced equally forward and backward oriented thought by discussing it less as a matter of personal contradiction and paradox than as the expression of a late Newtonian Enlightenment in a period between ancient and modern modes of explaining change in time She follows Jefferson in his creation of an influential narrative of American and global history over the course of half a century opening avenues into a temporal and historical imagination that was different from ours and offering new assessments of the solutions Jefferson and his generation found or failed to find to central moral and political problems like slavery Merit, Aesthetic and Ethical Marcia Muelder Eaton,2001 To look good and to be good have traditionally been considered two very different notions Indeed philosophers have seen aesthetic and ethical values as fundamentally separate Now at the crossroads of a new wave of aesthetic theory Marcia Muelder Eaton introduces this groundbreaking work in which a bold new concept of merit where being good and looking good are integrated into one **The Measure of Manliness** Karen Bourrier,2015-04-10 Sheds new light on the narrative importance of the disabled man in Victorian literature and culture *Christian Register and Boston Observer...* ,1901 **Changing Minds** Ann Jurečič,2023-12-26 In Changing Minds Women and the Political Essay 1960 2000 Ann Jure i documents the work of five paradigm shifting essayists who transformed American thought about urgent political issues Rachel Carson linked science and art to explain how pesticides threatened the Earth s ecosystems Hannah Arendt redefined evil for a secular age after Eichmann was tried in Jerusalem Susan Sontag s interest in the intersection of politics and aesthetics led her to examine the ethics of looking at photographs of suffering Joan Didion became a political essayist when she questioned how rhetoric and sentimental narratives corrupted democratic ideals Patricia J Williams continues to write about living under a justice system that has attempted to neutralize race gender and the meaning of history These writers reacted to the stressors of the late twentieth century and in response reshaped the essay for their own purposes in profound ways With this volume Jure i begins to

correct the longstanding dearth of scholarly studies on the importance of women and their political essays works that continue to be relevant more than two decades into the twenty first century *An Archaeology of Sympathy* James Chandler,2024-05-31 In the middle of the eighteenth century something new made itself felt in European culture a tone or style that came to be called the sentimental The sentimental mode went on to shape not just literature art music and cinema but people s very structures of feeling their ways of doing and being In what is sure to become a critical classic *An Archaeology of Sympathy* challenges Sergei Eisenstein s influential account of Dickens and early American film by tracing the unexpected history and intricate strategies of the sentimental mode and showing how it has been reimagined over the past three centuries James Chandler begins with a look at Frank Capra and the Capraesque in American public life then digs back to the eighteenth century to examine the sentimental substratum underlying Dickens and early cinema alike With this surprising move he reveals how literary spectatorship in the eighteenth century anticipated classic Hollywood films such as Capra s *It Happened One Night* *Mr Deeds Goes to Town* and *It s a Wonderful Life* Chandler then moves forward to romanticism and modernism two cultural movements often seen as defined by their rejection of the sentimental examining how authors like Mary Shelley Joseph Conrad James Joyce and Virginia Woolf actually engaged with sentimental forms and themes in ways that left a mark on their work Reaching from Laurence Sterne to the Coen brothers *An Archaeology of Sympathy* casts new light on the long eighteenth century and the novelistic forebears of cinema and our modern world
