Christine Hogan

Seven Stories Of Love And How To Choose Your Happy Ending:

The Seven Stories of Love Marcia Millman,2002 **The Seven Stories of Love** Marcia Millman,2001-03-06 In this groundbreaking work Marcia Millman reveals that women s romantic relationships are enacted through seven basic love stories Based on her popular course The Sociology of Love at the University of California at Santa Cruz a decade s worth of research more than one hundred interviews and examples from movies novels and memoirs Millman identifies the seven love scenarios as reenactments of early experiences and efforts to change past defeats into victories She also shows how the success or failure of each is determined by unconscious choices Explaining the hidden needs and emotions that come into play in these love stories Millman creates a tool for relationship guidance that women and men can use to reach the full potential of any partnership Over time most of us play out a repertoire of these seven romantic plots but we always return to our primary love story By learning to recognize our own pattern of love we can understand its hidden meanings and source and avoid potential heartache Women and men who are otherwise strong and perceptive frequently get into the wrong relationships because they don t understand the love stories they are enacting Shattering the popular myth that most romantic problems are caused by pervasive low self esteem or miscommunication this essential book can help anyone succeed in finding a satisfying lasting relationship Using examples from timeless and popular romantic movies such as Casablanca Fatal Attraction Pretty woman and Dirty Dancing and novels such as Charlotte Bront s Jane Eyre Melissa Banks s The Girls Guide to Hunting and Fishing Scott Spencer s Endless Love and Daphne du Maurier s Rebecca Millman clarifies the difficulties that can arise in these love stories and explains how they can be remedied Discovering which story we are reenacting helps us to avoid potential pitfalls and allows us to make choices that bring greater happiness Love and relationships in their many manifestations can be elusive even to those in the midst of them This book is a first step on the road to romantic fulfillment *Love in America* Lawrence R. Samuel,2019-11-22 Widely considered the most complex of human emotions romantic love both shapes and reflects core societal values its expression offering a window into the cultural zeitgeist In popular culture romantic love has long been a mainstay of film television and music The gap between fictitious narratives of love and real life ones is however usually wide American s expectations of romance and affection often transcend reality Tracing the history of love in American culture this book offers insight into both the national character and emotional nature [Life Rhymes](#) Walt F.J.
