The Evolution of Human Pair-Bonding, Friendship, and Sexual Attraction Michael R. Kauth, 2020-11-29 The Evolution of Human Pair Bonding Friendship and Sexual Attraction presents an evolutionary history of romantic love male female pair bonding same sex friendship and sexual attraction drawing on sexuality research gay and lesbian studies history literature anthropology and evolutionary science Employing evolutionary theory as a framework close same sex friendship is examined as an adaptive trait that has harnessed love affection and sexual pleasure to navigate same sex environments for

both men and women ultimately benefiting their reproductive success and promoting the inheritance of traits for friendship. Chapters consider the desire to form close same sex friendships and ask if this is embedded in our biology concluding that most humans have the capacity to form loving meaningful and sexual relationships with men and women. This book takes on a unique interdisciplinary approach and is essential reading for those studying and working in sexuality research, anthropology, sociology, evolutionary psychology and gay and lesbian studies. It will also be of interest to marriage and family therapists as well as sex therapists. *The Oxford Handbook of Evolutionary Psychology and Behavioral Endocrinology* Lisa L. M.

Welling, Todd K. Shackelford, 2019-03-19. The Oxford Handbook of Evolutionary Psychology and Behavioral Endocrinology offers a comprehensive and compelling review of research in behavioral endocrinology from an evolutionary perspective on human psychology. Chapters written by renowned experts on human behavior explore a number of subtopics within one of three themes: 1. development and survival, 2. reproductive behavior and 3. social and affective behavior. Such topics include hormonal influences on life history strategy, mate choice, aggression, human hierarchical structure and mood disorders. This Handbook is situated at the intersection of evolutionary psychology and behavioral endocrinology. Its interdisciplinary approach makes it an important resource for a broad spectrum of researchers, graduate students and advanced undergraduates who are interested in studying the motivations and mechanisms that affect behavior. [Radiant Joy Brilliant Love](#) Clinton Callahan, 2020-11-05. This hard hitting and innovative book about man woman relationship immediately challenges the deceptions about love and intimacy rampant in today's patriarchal culture. At the same time, Radiant Joy Brilliant Love reveals a step by step process for discovering and living out alternative possibilities. The author claims that even the best of our relationships are still generally basic level, what he calls Ordinary Human Relationship. He asserts that two more domains remain to be explored, namely Extraordinary Human Relationship and Archetypal Love. The book shows exactly how to enter these new domains and how to stay there long enough to cultivate genuine intimacy, nurturance, excitement and satisfaction together. The material for this book is startlingly original and fresh, directly distilled from over thirty years of trial and error and reevaluation within seminars and trainings conducted by the author in the U.S. and Europe. The essential teaching tools are Thought Maps that illustrate and guide the dynamics of evolving relationship, coupled with a series of experiments, explorations to be undertaken alone or with one's partner. Topics include: What your mother never told you and your father didn't know about love and relationships; Making the leap from Defensive Learning to Expansive Learning; Breaking out of the relationship box; The lie of being unlovable; Navigating in the realm of feelings; Communication skills for explorers. **AI Love You** Yuefang Zhou, Martin H. Fischer, 2019-07-17. Using an interdisciplinary approach, this book explores the emerging topics and rapid technological developments of robotics and artificial intelligence through the lens of the evolving role of sex robots and how they should best be designed to serve human needs. An international panel of authors provides the most up to date evidence based empirical research on the potential sexual applications of artificial

intelligence Early chapters discuss the objections to sexual activity with robots while also providing a counterargument to each objection Subsequent chapters present the implications of robot sex as well as the security and data privacy issues associated with sexual interactions with artificial intelligence The book concludes with a chapter highlighting the importance of a scientific multidisciplinary approach to the study of human robot sexuality Topics featured in this book include The Sexual Interaction Illusion Model The personal companion system Harmony designed by Realbotix™ An exposition of the challenges of personal data control and protection when dealing with artificial intelligence The current and future technological possibilities of projecting three dimensional holograms Expert discussion notes from an international workshop on the topic AI Love You will be of interest to academic researchers in psychology robotics ethics medical science sociology gender studies as well as clinicians policy makers and the business sector [APAIS 1991: Australian public affairs information service](#) , [Gender, Power, and Communication in Human Relationships](#) Pamela J. Kalbfleisch, Michael J. Cody, 2012-12-06 This edited volume establishes a state of the art perspective on theory and research on gender power and communication in human relationships Both theoretical essays and review chapters address issues relevant to female and male differences in power dominance communication equality and expectations beliefs All chapter contributors share two commonalities First each provides a 1990s assessment of power and equality in female and male relationships Second each reviews respective programs of research and focuses attention on the relevance of this research to understanding the relationships of women and men Unique because it incorporates a multidisciplinary approach to the study of gender and the communication of power in human relationships this book includes the original work of intellectuals with national and international reputations in the social sciences The volume provides both scholastic breadth and centralized treatment of issues that form the very foundation of social and personal relationships It will appeal to scholars working in the disciplines of communication and psychology as well as other areas of social science research
