Mysteries of the Bridechamber Victoria LePage, 2007-11-12 Jesus was an initiate and adept of the ancient Judaic mysteries who strove to reinstate the tradition of the bridechamber sacrament in his time Shows that Jesus sought to establish equity of masculine and feminine in both spiritual practice and social traditions particularly in the sacrament of marriage Reinterprets Jesus key teachings in light of the ancient tradition of sacred consortship Reveals what happened to the gnostic heart of Christianity that Jesus embodied Jesus was a high initiate and master adept of the ancient Judaic mysteries who strove to free people from the dead hand of the ritualists He was trained in a dissident Jewish brotherhood that arose in Egypt before he was born which sought to bring back the ancient Judaic mysteries outlawed by the Jerusalem

temple At the heart of this movement was a yogic based practice known in the apocrypha as the Gnosis of the Heart which espoused the union of both sexes in a secret initiatic teaching As a fearless social reformer Jesus wanted to restore the authority of the feminine principle including asserting the equality of man and woman in the social contract of marriage He reinstated in his own life the tradition of sacred consortship a rite known to early Church fathers as the bridechamber sacrament whereby the marriage of the masculine and feminine energies was effected This rite Victoria LePage suggests was the primary focus of Jesus teachings the very heart of his exhortations to love thy neighbor and the source of his healing power Mysteries of the Bridechamber explains how as a master adept of the Temple of Solomon Jesus derived these teachings directly from ancient Judaic mystery traditions revealing both a life story for Jesus that differs markedly from the version the Church has offered as well as a spiritual practice based on a mystical wisdom tradition of self initiation and transformation

You Are a Frequency Debbie Anne Sellwood,2024-03-29 A transformation in human consciousness is taking place And it s generating a growing interest in how subtle elements of the human constitution play a part in the maintenance of our health and wellbeing You Are a Frequency introduces a new paradigm for health and healing based on the whole person not the physical body on which traditional medicine focuses In this book Debbie Sellwood describes the human being s various energy systems indicating that everything animal vegetable and mineral has its own unique vibration She explains how these energy bodies influence our health and wellbeing that the physical body is a medium for the consciousness of the energy bodies You Are a Frequency explains that how we perceive and react to life events determine what experiences we attract into our lives including health Our reactions also impact the frequency of our vibrations and by raising our vibrations we become more empowered able to take responsibility for ourselves It is the author s belief that understanding ourselves as energetic beings will ultimately inspire a future health paradigm and lead to the transformation of the medical system This book will appeal to the increasing number of people who are aware of a spiritual component to their existence who want to understand who they really are and their potential at a more holistic level The times in which we live are causing us to acknowledge that there is more to life and to ourselves than meets the eye you are more than you think

The Christ and Jesus Don MacGregor, 2023-04-28 Is Jesus the Christ If so what does that mean How can a human person be a Cosmic Principle Don MacGregor hopes to make Christianity more relevant for the twenty first century in his reflection into the difference between the Universal or Cosmic Christ principle and the human figure of Jesus of Nazareth He takes a deep dive into reincarnation mysticism and the message of transformation that Jesus taught contrasting that with the transaction that the institutional Church taught This is the third book in the Wisdom Series in which the author seeks to reframe Christianity within a larger sphere that of the Perennial Philosophy

Expanding Scriptures: Lost and Found Don MacGregor, 2022-02-25 Expanding Scriptures Lost and Found is the second book in the Wisdom Series Don MacGregor considers what could be added to the Bible from rediscoveries of recent years supports a new role for Mary Magdalene and looks at how it can all be reframed within the Perennial Wisdom teachings

Christianity Expanding Don MacGregor, 2020-10-30 All religions evolve and Christianity is evolving rapidly today Don MacGregor's book is a lucid and thoughtful guide to this process and shows how the essential core teachings of Christianity can be disentangled from unhelpful interpretations that stand in the way of a living Christian faith in the twenty first century I found this book stimulating and inspiring It is also admirably brief and clear Dr Rupert Sheldrake biologist and author of A New Science of Life Christianity Expanding Into Universal Spirituality takes us on a whistle stop tour of the areas that need updating if Christianity is to flourish in the 21st Century New science ecological concern and the need for new theology are all

hidden powers and the return of an ancient long lost people As kingdoms face internal and natural obstacles evil spreads and forges new allies Hagala slowly realizes that not everyone around her is an enemy and clings tightly to the hope that the key to the Gate will soon be hers Will she succeed in unlocking the path for the arrival of the Fifth God A dark fantasy epic of magic dragons love and betrayal perfect for fans of R A Salvatore s Drizzt saga Margaret Weis and Tracy Hickman s Dragonlance series and Andrzej Sapkowski s Witcher novels where raw realism complex characters and mythical creatures collide in a rich and immersive world **Century Path** ,1903 **Crystal Yoga I** Roger Calverley,2007-01-10 The Crystal Mesa can be used in many ways to assist the inner work of balancing energies harmonizing mind and heart clarifying intent and discernment working with the chakras The Crystal Mesa can also be a teacher of mystic wisdom of which it is a sacred storehouse it also deepens meditation and links its user s awareness to primal energies and archetypes for understanding the experiences which come through spiritual practice *Terminal Illusion* David Yun,2002-11 The book would make a perfect company with the new I of computer culture especially for those who expect something special In a uniquely historical setting we are about to experience the rise of a fundamental human force We vacillate between moments whether things around us are transfigured and seem to be there for the first time or things tend to lose all their weight and all meaning becomes obscured and we ask about the real self The author argues passionately that the real self its inevitability in fact lies in the practice of its own negation The book proposes the logos needed for a discourse as what makes us the speaker for the first time The key is the self discovery of a dialectical doublet the thinking self and negation Where the logos makes use of idle thought the surplus stored in the sexual energies of the species which would be otherwise wasted it simply becomes a piece of existence moving toward the ultimate unity of Nature and civilization by holding on to its negation This may serve as an antithesis needed to advance the psychology of the so called intellectuals who are locked to the suggestions of the status quo
