Visions, Research and Practice Henrik Gottlieb, Jens Erik Mogensen, 2007-12-12 This book is about dictionaries and dictionary making In six thematic sections it presents nineteen contributions covering a wide field within lexicography Online Lexicography Dictionary Structure Phraseology in Dictionaries LSP Lexicography Dictionaries and the User plus Etymology History and Culture in Lexicography Some chapters focus on theoretical aspects others report on dictionary work in the making and still others compare and analyze existing dictionaries Common to all authors however is the concern for the dictionary user Trivial as it may seem the fact that dictionaries are meant to fulfill the needs of specific user groups has only recently achieved widespread recognition in the lexicographical literature This volume shows the many ramifications of this functional approach to lexicography by presenting twenty two authors representing the state of the art in eleven countries Canada Denmark Germany Great Britain Iceland Israel Latvia The Netherlands Poland South Africa and Spain **Benasní -**

I Remember: Dene Su??iné Oral Histories with Morphological Analysis Josh Holden, 2013-01-09 In Benasn I Remember Josh Holden presents autobiographical narratives about cultural change from twelve Dene Su in elders in Saskatchewan Canada The Dene texts are accompanied by an innovative interlinear translation that distinguishes morphology from etymology and a morphological sketch Cognitive Lexicography Carolin Ostermann, 2015-07-31 English lexicography and linguistics have always shared close ties yet the potential of cognitive linguistics for lexicography has only been hesitantly acknowledged in the literature This is what cognitive lexicography attempts to change by using insights gained in cognitive semantic research for the development of new dictionary features After a short survey of the history and practice of English monolingual learner lexicography as well as an outline of the relationship between linguistics and

lexicography three new dictionary features are developed They cover three different cognitive semantic theories as well as three different parts of the monolingual dictionary entry each time for a new set of lexemes Frame semantics conceptual metaphor theory as well as cognitive conceptions of polysemy are used to create a new example section for agentive nouns a new defining structure for emotion terms and a new microstructural arrangement for particle entries Dictionary analyses on all as well as user studies on two of the features complement these suggestions The monograph thus presents a new approach to lexicography that incorporates into its description of lexical items how humans perceive and conceptualise language
