Catholic Literature and Film Nancy Enright, 2016-11-21 Catholic Literature and Film Incarnational Love and Suffering is meant to be considered as a work of literary criticism not film adaptation studies In it the author explores six literary works dealing with Catholic themes and the film versions of these works The discussion of the films is at the service of analyzing the texts Underlying all the discussions is an incarnational sacramental view of the texts which links to my interpretation of the film versions of them Catholic and actually any Christian interpretation of literature or film or any other art form is rooted in an iconic and sacramental understanding of imagery as a means of conveying the sacred Catholic spirituality lends itself to this sort of approach as it is deeply rooted in the ability to see sacred things through physical means A key sub theme is romantic love in connection with salvation which Charles Williams one of the Inklings the group of British writers including J R R Tolkien and C S Lewis who met and discussed literature and theology calls the theology of romantic love as well as the sub themes of redemptive suffering and grace My interest in the book is not an analysis of cinematography per se but on the films as vehicles for religious ideas What makes

this approach unique is that it doesn't deal with only faith and film as Peter Frazer does very well in his book *Images of the Passion The Sacramental Mode in Film* for example it also goes beyond the realm of strict literary criticism in its tackling of how religiously oriented works of literature are affected by the transformation into film **Peter Jackson** Alfio

Leotta, 2015-12-17 Peter Jackson is one of the most acclaimed and influential contemporary film makers This is the first book to combine the examination of Jackson's career with an in depth critical analysis of his films thus providing readers with the most comprehensive study of the New Zealand film maker's body of work The first section of the book concentrates on Jackson's biography surveying the evolution of his career from the director of cult slapstick movies such as *Meet the Feebles* 1989 and *Braindead* 1992 to an entrepreneur responsible for the foundation of companies such as Wingnut Films and Weta Workshop and finally to producer and director of mega blockbuster projects such as *The Lord of the Rings* 2001 2003 and *The Hobbit* 2012 2013 The book further examines Jackson's work at the level of production reception and textuality along with key collaborative relationships and significant themes associated with Jackson's films The examination of Peter Jackson's work and career ties into significant academic debates including the relationship between national cinema and global Hollywood the global dispersal of film production the relationship between film authorship and industrial modes of production the impact of the creative industries on the construction of national identity and new developments in film technology *Die Landschaft interpretieren: Interdisziplinäre Ansätze* Werner Kreisel, Peter H. Marsden, Tobias Reeh, 2021

There is no generally valid recognised definition of what landscape actually is On the basis of its relatedness to the environment to aesthetics territory society politics economics geography planning ethnology and philosophy the concept of landscape is considered to be a composite notion shaped by a thousand years of Central European ideas and of literary and art history In other words the very term landscape is ambiguous and it is used in different ways both in the scholarly world and everyday speech The aim of this volume is to present various possible approaches to the phenomenon of landscape Far from laying any claim to be exhaustive or comprehensive we have simply tried to do justice to the overarching interdisciplinary approach of the Zentrum für Landschaftsinterpretation und Tourismus ZELT Centre for Landscape Interpretation and Tourism by singling out and addressing individual instances of this fascinating multifaceted phenomenon
