Forgotten Civilizations Rupa Gupta,Gautam Gupta,2021-11-30 A history of the rediscovery of India s history Through the eighteenth and nineteenth centuries the Western world had very little knowledge or an extremely distorted view of the glorious and fascinating history of the Indian subcontinent In fact with little of the region s 3000 year old heritage formally preserved and documented it was widely believed that the country s history had begun with the reign of the Mughals When the British gained control over the subcontinent the scholars explorers and Indophiles among them discovered things and areas of great historical wonder but found few answers Armed with great intellectual curiosity they set out to uncover things no one had given a thought to earlier From William Jones who identified Chandragupta Maurya as Sandrocottus mentioned in Greek sources and set the first chronological point of reference for recorded Indian history to Charles Wilkins who designed the first typeface of the Bengali script from Henry Colebrooke who shone light on the wonders of ancient Indian scientific knowledge to Alexander Cunningham the father of Indian archaeology who led the first excavation of the Harappa site in the Punjab Forgotten Civilizations brings together the intriguing stories of fifteen intrepid Englishmen who dedicated their lives to rediscovering India s ancient heritage and redefining the significance of its pluralistic and sophisticated culture to the rest of the world
