Let God Be True and Every Man a Liar Victor Perez, 2013-06-17 We as the church are being looked at by the lost world as a bunch of hypocrites We need to seriously consider this viewpoint in how we are evangelizing the lost Currently there are 3 500 people leaving the church from all denominations daily This is definitely not the Lords plan for the Body of Christ Another statistic showed that from the years 2000 to 2008 20 million people left the North American church from all denominations Matthew 11 28 NAS reads Come to Me all you who are weary and heavy laden and I will give you rest When the Lord Jesus Christ uses the term all He is referring to every single person on Earth When the church uses the term all they are referring to only those who belong to their denomination This should not be I truly believe that the Lord Jesus wants to redefine who He wants to be in each and every one of our lives if we let Him The question is do we want Him to or are we comfortable with where we are operating as different denominational churches What the world is experiencing currently is testimony that business as usual has ended for the entire church world

Myths Will Moore, 2022-07-28 Throughout history we have exalted and theologised about men like Adam or David to the point where we have become oblivious to the fact that they are far from perfect role models for Christian manhood Failing to read scripture properly we have used it to shape a distorted understanding of masculinity Stretching from issues of violence emotional and sexual abuse the desire for power homophobia and the suppression of emotions Will Moore draws from scholarship personal stories and popular culture to offer an honest and accessible insight into the toxic myths which frame how we read scripture Only when we expose these myths he argues can we start to see the authentic men staring straight back at us from the pages of our bibles and be able to reshape the way in which we produce Christian men today tackling the violence that is being done by men to themselves and others

Forgotten Worlds Patrick Chouinard, 2012-05-29 An examination of the mythological historical and archaeological evidence for lost civilizations throughout the world Explores unexplained mysteries such as the Caucasian mummies of China the pyramids of Caral in Peru and the genetically unique X woman of Siberia Examines evidence of lost ancient civilizations in Asia Europe and the Americas including extensive investigation into Atlantis Shows that Siberia and the Amazon may have been cradles of humanity before Africa Over and over again mainstream views of early history which state that the first civilizations arose around 3500 BCE are plagued by evidence of much older civilizations evidence ranging from artifacts and inexplicable remains to pyramids and ubiquitous myths that clearly speak of great empires prior to the rise of the Sumerian city states and pharaonic Egypt Viewing Atlantis and its many related myths as a metaphor for a long lost global civilization Patrick Chouinard explores the mythological cultural religious and archaeological evidence for many forgotten civilizations in

Europe Asia and the Americas He addresses unexplained mysteries from around the world such as Caucasian mummies found in China the pyramids of Caral in Peru the hobbit remains on Flores Island the giant heads of Easter Island the lost legacy of Lemuria the ideology and occult mysticism behind Nazi theory and the genetically unique X woman of Siberia He also examines evidence of ancient alien visits and other supernatural phenomena in the distant past Using recent archaeological findings he shows that Siberia and the Amazon may have been cradles of humanity millennia before Africa Sounding the call to continue searching ancient remote and formerly forbidden regions for lost cultures and genetic root races Chouinard offers a new chronology for the emergence of human life and civilization as well as a new mechanism for how and why societies and species change over time By finding lost peoples and their forgotten worlds we can truly begin to understand the human race and learn from its long history

Michael Beck, 2023-02-02 The Reformed Two Kingdom project has generated a great deal of literature However this literature is often characterized by inflamed rhetoric Further though it is standard fare to assume that Kline was the architect of the project in reality there has been very little scholarly examination of this point In response Kline's system is analyzed through the means of a dialectical discourse with three differing models within the Reformed tradition the Theonomist Perspectivalist and Dooyeweerdian schools Through this means the study keeps away from surface level polemics and instead directs readers to the critically important substructural level of current discussions While clarifying some of the key differences between Kline and his interlocutors often overlooked points of nuance are also highlighted These points are shown to be important in that they present the potential to lessen frustration and impasse in the ongoing dialogue
