Madwoman In The Academy:

The Madwoman in the Academy Deborah Schnitzer, Deborah Keahey, 2003 An original and highly subversive critique of the academy by women affiliated with universities and colleges across Canada The Madwoman in the Academy Women Boldly Take on the Ivory Tower explores topics familiar to women working in academia around the world the clash between family and work the politics of academe and the rifts between an academic career and political activism Contributors offer writings in a wide range of genres including personal essays poetry short stories dialogues and other innovative formats daring to confront their experiences with energy anger wit and humour Ranging from the playful to the painful The Madwoman in the Academy brings you names well known to literary communities alongside new but feisty voices that will forever change readers ideas about the relationship between women and the academy *Gilbert and Gubar's The Madwoman in the Attic after Thirty Years* Annette R. Federico, 2011-01-25 When it was published in 1979 Sandra M Gilbert and Susan Gubar's *The Madwoman in the Attic: The Woman Writer and the Nineteenth Century Literary Imagination* was hailed as a pathbreaking work of criticism changing the way future scholars would read Jane Austen Mary Shelley the Brontës George Eliot and Emily Dickinson This thirtieth anniversary collection adds both valuable reassessments and new readings and analyses inspired by Gilbert and Gubar's approach It includes work by established and up and coming scholars as well as retrospective accounts of the ways in which *The Madwoman in the Attic* has influenced teaching feminist activism and the lives of women in academia These contributions represent both the diversity of today's feminist criticism and the tremendous expansion of the nineteenth century canon The authors take as their subjects specific nineteenth and twentieth century women writers the state of feminist theory and pedagogy genre studies film race and postcolonialism with approaches ranging from ecofeminism to psychoanalysis And although each essay opens *Madwoman* to a different page all provocatively circle back with admiration and respect objections and challenges questions and arguments to Gilbert and Gubar's groundbreaking work The essays are as diverse as they are provocative Susan Fraiman describes how *Madwoman* opened the canon politicized critical practice and challenged compulsory heterosexuality while Marlene Tromp tells how it elegantly embodied many concerns central to second wave feminism Other chapters consider *Madwoman*'s impact on Milton studies on cinematic adaptations of *Wuthering Heights* and on reassessments of Ann Radcliffe as one of the book's suppressed foremothers In the thirty years since its publication *The Madwoman in the Attic* has potently informed literary criticism of women's writing its strategic analyses of canonical works and its insights into the interconnections between social environment and human creativity have been absorbed by contemporary critical practices These essays constitute substantive interventions into established debates and ongoing questions among scholars concerned with defining third wave feminism showing that as a feminist symbol the raging madwoman still has the power to disrupt conventional ideas about gender myth sexuality and the literary imagination *Literary Criticism and Theory* Pelagia Goulimari, 2014-09-15 This

incredibly useful volume offers an introduction to the history of literary criticism and theory from ancient Greece to the present Grounded in the close reading of landmark theoretical texts while seeking to encourage the reader's critical response Pelagia Goulimari examines major thinkers and critics from Plato and Aristotle to Foucault Derrida Kristeva Said and Butler key concepts themes and schools in the history of literary theory mimesis inspiration reason and emotion the self the relation of literature to history society culture and ethics feminism poststructuralism postcolonialism queer theory genres and movements in literary history epic tragedy comedy the novel Romanticism realism modernism and postmodernism Historical connections between theorists and theories are traced and the book is generously cross referenced With useful features such as key point conclusions further reading sections descriptive text boxes detailed headings and with a comprehensive index this book is the ideal introduction to anyone approaching literary theory for the first time or unfamiliar with the scope of its history

Bible and Bedlam Louise J. Lawrence, 2018-08-23 Bible and Bedlam first critically questions the exclusion and stereotyping of certain biblical characters and scholars perceived as mad as such judgements illustrate the sanism prejudice against individuals who are diagnosed or perceived as mentally ill perpetuated within the discipline of Western biblical studies Second it seeks to highlight the widespread ideological gatekeeping protection and policing of madness in both western history and scholarship with regard to celebrated biblical figures including Jesus and Paul Third it initiates creative exchanges between biblical texts interpretations and contemporary voices from mad studies and sources autobiographies memoirs etc which are designed to critically disturb disrupt and displace commonly projected and often pejorative assumptions surrounding madness Voices of those subject to diagnostic labelling such as autism schizophrenia and or psychosis are among those juxtaposed here with selected biblical interpretations and texts

Madwomen in Social Justice Movements, Literatures, and Art Jessica Lowell Mason, Nicole Crevar, 2023-01-10 Madwomen in Social Justice Movements Literatures and Art boldly reasserts the importance of the Madwoman more than four decades after the publication of Sandra Gilbert and Susan Gubar's seminal work in feminist literary criticism The Madwoman in the Attic Since Gilbert and Gubar's work was published the Madwoman has reemerged to do important work rock the academic boat and ignite social justice agency inside and outside of academic spaces moving beyond the literary context that defined the Madwoman in the late 20th century In this dynamic collection of essays scholars creative writers and Mad activists come together to re define the Madwoman in pluralistic and expansive ways and to realize new potential in Mad agency This collection blazes new directions of thinking

through Madness as a gendered category comprised of a combination of creative works that re imagine the figure of the Madwoman speeches in which Mad identifying artists and writers reclaim the label of Madwoman and scholarly essays that articulate ambitious theories of the Madwoman The collection is an interdisciplinary scholarly resource that will appeal to multiple academic fields including literary studies disability studies feminist studies and Mad studies Additionally the work contributes to the countermovement against colonial sanist patriarchal and institutional social practices that continue to silence women and confine them to the metaphorical attic Appealing to a broad audience of readers Madwomen in Social Justice Movements Literatures and Art is a cutting edge inquiry into the implications of Madness as a theoretical tool in which dissenting deviant and abnormal women and gender non conforming writers artists and activists open the door to Mad futurities

Solitudes of the Workplace Elvi Whittaker,2015-12-01 Solitudes of the Workplace focuses on experiences of marginalization uncertainty and segregation created by the hierarchical structures of categories in universities and by gendered identities Studying a wider range of women s roles in universities than prior research the experiences of support staff senior administrators researchers non academic administrators and contract teachers are added to those of faculty and students The essays show how attempts to introduce new knowledge are manoeuvred and the resistance this process can encounter as well as the ways in which institutional policies can blur and change identities Addressing longstanding issues such as the entanglement of gender and the assessment of merit attention is also given to how new identities are claimed and successfully projected Essays presenting workers points of view reveal the confusion that occurs when official policy and everyday knowledge conflict when processes like tenure and other status changes create troublesome realities and when it becomes routine to experience status denigration Within the social order of the university and its existing boundaries gender issues of past decades sometimes surface but all too often remain an unspoken presence Solitudes of the Workplace is a revealing look at the isolating experiences and inequities inherent in these institutional environments

Disability, Avoidance

and the Academy David Bolt, Claire Penketh, 2017-07-14 Disability is a widespread phenomenon indeed a potentially universal one as life expectancies rise Within the academic world it has relevance for all disciplines yet is often dismissed as a niche market or someone else's domain This collection explores how academic avoidance of disability studies and disability theory is indicative of social prejudice and highlights conversely how the academy can and does engage with disability studies This innovative book brings together work in the humanities and the social sciences and draws on the riches of cultural diversity to challenge institutional and disciplinary avoidance Divided into three parts the first looks at how educational institutions and systems implicitly uphold double standards which can result in negative experiences for staff and students who are disabled The second part explores how disability studies informs and improves a number of academic disciplines from social work to performance arts The final part shows how more diverse cultural engagement offers a way forward for the academy demonstrating ways in which we can make more explicit the interdisciplinary significance of disability studies and by extension disability theory activism experience and culture Disability Avoidance and the Academy Challenging Resistance will interest students and scholars of disability studies education studies and cultural studies **The Shadow Cadets of Pennyroyal Academy** M. Streetwalking on a Ruined Map Giuliana Bruno,2021-06-08 Emphasizing the importance of cultural theory for film history Giuliana Bruno enriches our understanding of early Italian film as she guides us on a series of inferential walks through Italian culture in the first decades of this century This innovative approach the interweaving of examples of cinema with architecture art history medical discourse photography and literature addresses the challenge posed by feminism to film study while calling attention to marginalized artists An object of this critical remapping is Elvira Notari 1875-1946 Italy's first and most prolific woman filmmaker whose documentary style work on street life in Naples a forerunner of neorealism was popularly acclaimed in Italy and the United States until its suppression during the Fascist regime Since only fragments of

Notari's films exist today Bruno illuminates the filmmaker's contributions to early Italian cinematography by evoking the cultural terrain in which she operated What emerges is an intertextual montage of urban film culture highlighting a woman's view on love violence poverty desire and death This panorama ranges from the city's exteriors to the body's interiors Reclaiming an alternative history of women's filmmaking and reception Bruno draws a cultural history that persuasively argues for a spatial corporal interpretation of film language
