dominant constructions of authority with a surprisingly wide range of late twentieth century women poets New Collected Poems Marianne Moore, 2024-06-04 A landmark definitive edition of one of our most innovative and beloved poets The landmark oeuvre of Marianne Moore one of the major inventors of poetic modernism has had no straight path from beginning to end until now there has been no good vantage point from which to see the body of her remarkable work as a whole Throughout her life Moore arranged and rearranged visited and revisited a large majority of her existing poetry always adding new work interspersed among revised poems This makes sorting out the complex textual history that she left behind a pressing task if we mean to represent her work as a poet in a way that gives us a complete picture New Collected Poems offers an answer to the question of how to represent the work of a poet so skillful and singular giving a portrait of the range of her voice and of the modernist culture she helped create William Carlos Williams remarking on the impeccable precision of Moore's poems praised the aesthetic pleasure engendered when pure craftsmanship joins hard surfaces skillfully It is only in New Collected Poems that we can understand her later achievements see how she refashioned her earlier work and get a more complete understanding of her consummate craftsmanship innovation and attention to detail Presented and collected by Heather Cass White the foremost scholar of Moore's work this new collection at last allows readers to experience the untamed force of these dazzling poems as the author first envisioned them **The Complete Poems of Sir Thomas**

Observations Marianne Moore,2024-07-02 How wonderful to have Observations as it was when it first appeared as strange and new and enchanting as we remember it John Ashbery Pulitzer Prize winning poet Marianne Moore s Observations stands with T S Eliot s The Waste Land Ezra Pound s early Cantos and Wallace Stevens s Harmonium as a landmark of modern poetry But to the chagrin of many admirers Moore eliminated a third of its contents from her subsequent poetry collections while radically revising some of the poems she retained This groundbreaking book has been unavailable to the general reader since its original publication in the 1920s Presented with a new introduction by Linda Leavell the author of the award winning biography Holding On Upside Down The Life and Work of Marianne Moore this reissue of Observations at last allows readers to experience the untamed force of Moore s most dazzling innovations Her fellow modernists were thrilled by her originality her clear flawless language to them she was a rafter holding up our uncompleted building Equally forceful for subsequent generations Observations was an eye opener to the young Elizabeth Bishop its poems miracles of language and construction John Ashbery has called An Octopus the finest poem of our greatest modern poet Moore s heroic open mindedness and prescient views on multiculturalism biodiversity and individual liberty make her work uniquely suited to our times Impeccably precise yet playfully elusive emotionally complex but stripped of all sentiment the poems in Observations show us one of America s greatest poets at the height of her powers It is really the best of Moore in one portable volume Ange Mlinko award winning author of Difficult Ornaments
