Moral Judgment Does The Abuse Excuse Threaten Our Legal System:

Moral Judgment James Q. Wilson, 1997-04-17 In his first book since *The Moral Sense* noted criminologist and bestselling author James Q. Wilson looks at today's legal system and delivers a compelling and controversial examination of why it does not work

Responsibility: Volume 16, Part 2 Ellen Frankel Paul, Fred Dycus Miller, Jeffrey Paul, 1999-06-28 The essays in this volume address questions about responsibility that arise in moral philosophy and legal theory Some analyze different theories of causality and human agency scouting for satisfactory resolutions to the controversies of free will and determinism while some look at the problem of responsibility in the legal realm Others explore libertarian views about political freedom and accountability while still others examine the notion of partial or divided responsibility or the relationship between responsibility and the emotions

The Role of Emotions in Criminal Law Defences Eimear Spain, 2011-09-29 The law has struggled for many years with the problem of how to accommodate those who commit crimes due to threats or circumstances The modern ambivalence surrounding the defences of duress and necessity has its origins in the legal past To date the defences of duress and necessity have been couched in terms such as compulsion involuntariness and human frailty resulting in the true nature of the defences being hidden Psychologists and legal theorists have begun to re-examine the role of emotions in human action including their effect upon behaviour and choice In light of recent breakthroughs Eimear Spain considers how the emotions experienced by those who act due to threats both human and natural in origin should affect the attribution of criminal responsibility and punishment The understanding of emotions extrapolated in this book points towards a new rationale for the existing defences of duress and necessity

George Fletcher's Essays on Criminal Law George P. Fletcher, 2013-01-10 This volume collects for the first time a selection of criminal law scholar George Fletcher's most famous previously published shorter works as well as some that are less known but equally important Each of the twelve essays by Fletcher is paired with one or more new critical commentaries on that essay These critical commentaries trace the impact of the respective essay in the development of the criminal law and assess its future significance

The Oxford Handbook of Criminal Law Markus D. Dubber, Tatjana Hörnle, 2014-11-27 The Oxford Handbook of Criminal Law reflects the continued transformation of criminal law into a global discipline providing scholars with a comprehensive international resource a common point of entry into cutting edge contemporary research and a snapshot of the state and scope of the field To this end the Handbook takes a broad approach to its subject matter disciplinarily geographically and systematically Its contributors include current and future research leaders representing a variety of legal systems methodologies areas of expertise and research agendas The Handbook is divided into four parts Approaches Methods I Systems Methods II Aspects Issues III and Contexts Comparisons IV Part I includes essays exploring various methodological approaches to criminal law such as criminology feminist studies and history Part II provides an overview of systems or models of criminal law laying the foundation for further inquiry into specific conceptions of criminal

law as well as for comparative analysis such as Islamic Marxist and military law Part III covers the three aspects of the penal process the definition of norms and principles of liability substantive criminal law along with a less detailed treatment of the imposition of norms criminal procedure and the infliction of sanctions prison law Contributors consider the basic topics traditionally addressed in scholarship on the general and special parts of the substantive criminal law such as jurisdiction mens rea justifications and excuses Part IV places criminal law in context both domestically and transnationally by exploring the contrasts between criminal law and other species of law and state power and by investigating criminal law s place in the projects of comparative law transnational and international law *Federal Probation* ,1997 **Trials of the Century** Scott P. Johnson,2010-10-06 This comprehensive set of essays documents the most important criminal civil and political trials in the United States from colonial times to the present examining their impact on both legal history and popular culture Crime and punishment are of perennial interest across the human species Trials of the Century An Encyclopedia of Popular Culture and the Law examines some of the most important and infamous cases in American history placing them in both historical and legal context Among the landmark cases considered in these two volumes are the 1692 Salem Witch Trials the Scopes Monkey Trial and the O J Simpson murder trial A number of civil lawsuits and political trials are also included such as the impeachment trials of Presidents Andrew Johnson and William Jefferson Clinton Entries in the encyclopedia detail the events leading to each trial and introduce the key players with a focus on judges lawyers witnesses defendants victims media and the public In addition the aftermath of the trial and its impact are analyzed from a scholarly yet straightforward perspective emphasizing how the trial affected the law and society at large Men who Batter Nancy Nason-Clark,Barbara Fisher-Townsend,2015 Men who act abusively have their own story to tell a journey that often begins in childhood ripens in their teenage years and takes them down paths they were hoping to never travel Men Who Batter recounts the journey from the point of view of the men themselves The men s accounts of their lives are told within a broader framework of the agency where they have attended groups and the regional coordinated community response to domestic violence which includes the criminal justice workers e g probation parole judges and those who staff shelters and work in advocacy Based on interview data with this wide array of professionals we are able to examine how one community in one western state responds to men who batter Interwoven with this rich and colorful portrayal of the journey of abusive men we bring twenty years of fieldwork with survivors and those who walk alongside them as they seek safety healing and wholeness for themselves and their children Women who have been victimized by the men they love often hold out hope that if only their abusers could be held accountable and receive intervention the violence will stop and their own lives will improve dramatically as a result While the main purpose of Men Who Batter is to highlight the stories of men told from their personal point of view it is countered by reality checks from their own case files and those professionals who have worked with them And finally interspersed within its pages is another theme finding religious faith or spiritual activity in unlikely places **Intentions and Intentionality**

Bertram F. Malle, Louis J. Moses, Dare A. Baldwin, 2001 Highlights the roles of intention and intentionality in social cognition

Does Consciousness Cause Behavior? Susan Pockett, William P. Banks, Shaun Gallagher, 2009 Continuing the debate over whether consciousness causes behaviour or plays no functional role in it leading scholars discuss the question in terms of neuroscience philosophy law and public policy Covenant & Conversation Jonathan Sacks, 2009 A Weekly Reading of the Jewish Bible Clerical Failure Donald D. Hook, 2004 Hook's third book on American churches since 1991 Many of today's clergy exemplify clerical failure They fail to promote the Christian faith attend parishioners personal needs lead exemplary lives or uphold denominational principles Target audience 48 million disillusioned Christians **Restraint in International**

Politics Brent J. Steele, 2019-10-17 Comprehensive examination of restraint in international politics considered across a range of contexts as a political process device and strategy Therapy Culture: Cultivating Vu Frank Furedi, 2013-10-28 First published in 2004 Therapy Culture explores the powerful influence of therapeutic imperative in Anglo American societies In recent decades virtually every sphere of life has become subject to a new emotional culture Professor Furedi suggests that the recent cultural turn towards the realm of the emotions coincides with a radical redefinition of personhood Increasingly vulnerability is presented as the defining feature of people's psychology Terms like at risk scarred for life or emotional damage evoke a unique sense of powerlessness Furedi questions widely accepted thesis that the therapeutic culture is primarily about imposing a new conformity through the management of people's emotions Through framing the problem of everyday life through the prism of emotions therapeutic culture incites people to feel powerless and ill Drawing on developments in popular culture political and social life Furedi provides a path breaking analysis of the therapeutic turn

Reading is My Window Megan Sweeney, 2010 Drawing on extensive interviews with ninety four women prisoners Megan Sweeney examines how incarcerated women use available reading materials to come to terms with their pasts negotiate their present experiences and reach toward different futures The ^ANew Unconscious Ran R. Hassin, James S. Uleman, John A. Bargh, 2004-10-21 Over the past two decades a new picture of the unconscious has emerged from a variety of disciplines that are broadly part of cognitive science According to this picture unconscious processes seem to be capable of doing many things that were thought to require intention deliberation and conscious awareness Moreover they accomplish these things without the conflict and drama of the psychoanalytic unconscious These processes range from complex information processing through goal pursuit and emotions to cognitive control and self regulation This collection of 20 original chapters by leading researchers examines the unconscious from social cognitive and neuroscientific viewpoints presenting some of the most important developments at the heart of this new picture of the unconscious The New Unconscious will be an important resource on the unconscious for researchers in psychology cognitive science and neuroscience **Random Violence** Joel Best, 1999-03-02 A major contribution to the literature on social problems crime and social deviance and a fine example of what is currently the best established theoretical approach to this material It is laudably interdisciplinary draws admirably

from high and low culture and over all asks some very challenging questions Philip Jenkins Pennsylvania State University

Random Violence extends the growing scholarly literature on the social construction of social problems by showing us how currently trendy folk knowledge obscures the most perplexing problems in American society and how it serves to foster a climate of social distrust Donileen Loeske University of South Florida [Buffalo Criminal Law Review](#) ,1999 The Buffalo Criminal Law Review is a peer reviewed journal published by the Buffalo Criminal Law Center at the State University of New York at Buffalo School of Law The Review pursues two interrelated objectives to integrate the study of criminal law by serving as an interdisciplinary and international forum for innovative scholarship on crime and punishment and to bridge the gap between criminal law scholarship and criminal justice policy by providing legislators judges and other criminal justice professionals with in depth analyses of topical issues in criminal law **Message in a Bottle** Janet Lynne Golden,2009-07-01 This book raises key questions about public policy the politicization of medical diagnosis and the persistent failure to address the treatment needs of pregnant alcoholic women The author traces the history of FAS from a medical problem to moral judgment that stigmatizes certain mothers but fails to extend to them the services that might actually reduce the incidence of this diagnosis [How the Mind Explains Behavior](#) Bertram F. Malle,2006-08-11 In this provocative monograph Bertram Malle describes behavior explanations as having a dual nature as being both cognitive and social acts and proposes a comprehensive theoretical model that integrates the two aspects When people try to understand puzzling human behavior they construct behavior explanations which are a fundamental tool of social cognition But Malle argues behavior explanations exist not only in the mind they are also overt verbal actions used for social purposes When people explain their own behavior or the behavior of others they are using the explanation to manage a social interaction by offering clarification trying to save face or casting blame Malle s account makes clear why these two aspects of behavior explanation exist and why they are closely linked along the way he illustrates the astonishingly sophisticated and subtle patterns of folk behavior explanations Malle begins by reviewing traditional attribution theories and their simplified portrayal of behavior explanation A more realistic portrayal he argues must be grounded in the nature function and origins of the folk theory of mind the conceptual framework underlying people s grasp of human behavior and its connection to the mind Malle then presents a theory of behavior explanations focusing first on their conceptual structure and then on their psychological construction He applies this folk conceptual theory to a number of questions including the communicative functions of behavior explanations and the differences in explanations given for self and others as well as for individuals and groups Finally he highlights the strengths of the folk conceptual theory of explanation over traditional attribution theory and points to future research applications
