More Perfect Union The Making Of The Uni

R. B. Bernstein

More Perfect Union The Making Of The Uni:

Dreams of a More Perfect Union Rogan Kersh, 2013-06-04 In a brilliantly conceived and elegantly written book Rogan Kersh investigates the idea of national union in the United States For much of the period between the colonial era and the late nineteenth century he shows union was the principal rhetorical means by which Americans expressed shared ideals and a common identity without invoking strong nationalism or centralized governance Through his exploration of how Americans once succeeded in uniting a diverse and fragmented citizenry Kersh revives a long forgotten source of U S national identity Why and how did Americans perceive themselves as one people from the early history of the republic How did African Americans and others at the margins of U S civic culture apply this concept of union Why did the term disappear from vernacular after the 1880s In his search for answers Kersh employs a wide range of methods including political theory analysis of writings by James Madison Frederick Douglass and Abraham Lincoln and empirical analysis drawing on his own extensive database of American newspapers The author s findings are persuasive and often surprising One intriguing development for instance was a strong resurgence of union feelings among Southerners including prominent former secessionists after the Civil War With its fascinating and novel approach **Dreams of a More Perfect Union** offers valuable insights about American political history especially the rise of nationalism and federalism Equally important the author s close retracing of the religious institutional and other themes coloring the development of unionist thought unveils new knowledge about the origination and transmittal of ideas in a polity

A More Perfect Union Samuel C. Patterson, Roger H. Davidson, Randall B. Ripley, 1989 Co authored by three academic experts this volume attempts to emphasize the policy consequences of U S Government structures and political processes The nation s political culture Congressional behavior the role and structure of the communication media and implementation of public policy are dealt with in detail This edition contains new chapters on Federalism and economic policies while the initial chapter deals with the United States as The First New Nation A special feature is a full color political atlas ISBN 0 534 11078 9 40 00

A ^AMore Perfect Union Linda Sargent Wood, 2012-09-01 This book uncovers a holistic sensibility in post World War II American culture that challenged Cold War logic and fed some of the century s most powerful social movements This impulse is illustrated by focusing on Rachel Carson Buckminster Fuller Martin Luther King Jr Abraham Maslow Pierre Teilhard de Chardin and the Esalen Institute

We the People Commission on the Bicentennial of the United States Constitution, 1985

"... to Form a More Perfect Union ..." United States. National Commission on the Observance of International Women's Year, 1976

The Wisest Council in the World John R. Vile, William Pierce, 2015-06-15 Of all the written portraits of the delegates who attended the Federal Convention of 1787 few are as complete and compelling as those penned by William Pierce Jr 1753 89 one of four delegates from Georgia While at the convention or shortly thereafter Pierce produced character sketches of fifty three of the fifty five delegates Although widely quoted and cited the sketches until now have never been analyzed or annotated in detail

John R Vile's study offers new insights into the workings of the convention and the character and roles of its delegates as well as Pierce's little known life which included time as an artist Vile reveals for example that the time prior to the establishment of national parties when the framers could have successfully met together in convention may have been a relatively narrow historical window Following overviews of events leading to the 1787 convention and of Pierce and his immediate family several chapters deal specifically with the character sketches They cover Pierce's arrangement of the sketches and their subjects his evaluations of the delegates' personal qualities and reputations his assessments of their rhetorical abilities and his descriptions of their public services occupations and miscellaneous matters Two concluding chapters add further context One examines a set of somewhat overlapping sketches that Louis Guillaume Otto the French minister to the United States penned about members of Congress in 1788 The other looks at writings by Pierce's son and namesake that also include assessments of various Founding Fathers Gathering Pierce's sketches in full with ample annotations and secondary materials this is a valuable reference on Pierce's life work and times

Toward a More Perfect Union Ralph Wendell Conant, Daniel J. Myers, 2002 "... to Form a More Perfect Union ..." United States. National Commission on the Observance of International Women's Year, 1976 A More Perfect Union George M. Roth, 2009-02 *A More Perfect Union* Michael Sherman, 1991 **We the People of the United States ...**, 1985 Our More Perfect Union Arthur Norman Holcombe, 1958

Guide to Congress CQ Press, 2012-08-10 The new edition of this comprehensive two volume reference has been thoroughly revised and expanded by expert CQ Press writers with years of experience covering Congress to offer a complete institutional history of Congress along with updated insight and analysis on the 2008 and 2010 shifts in power of the U S Senate and House of Representatives The 35 chapters of *Guide to Congress* Seventh Edition are divided into eight subject areas that cover all aspects of the U S Congress Origins and Development of Congress from the constitutional beginnings of the legislative branch to the histories of the House and Senate and their power shifts eras of partisanship and unity influential leaders and working relationships with presidents New coverage includes analysis of the tug of war between House Democrats and the George W Bush administration on Iraq war withdrawal timetables updates on criminal investigations of House members including William J Jefferson of Louisiana and Charles Rangel of New York and analysis of the Tea Party Movement and new Republican majority Powers of Congress including powers to tax spend and borrow to conduct foreign policy and investigations to confirm and impeach to regulate commerce to amend the Constitution and to select the president Updated material includes analysis of the George W Bush administration's use of immunity from questioning by congressional committees analysis of the signing of the new START treaty with Russia marking a cornerstone of U S relations with the country coverage of the War on Terror including the killing of bin Laden in a U S raid in Pakistan and perspective on the negotiations to raise the federal debt ceiling in 2011 Congressional Procedures detailing the party and leadership structures rules and the legislative process the committee system assignment and procedures and

congressional staff Revised coverage profiles the methods styles and legislative successes and defeats of House Speakers Pelosi and Boehner and Senate majority leader Reid The Guide also analyzes the new hyperpartisanship emerging in Congress and provides updates on congressional travel reforms and aide statistics and trends Pressures on Congress including influence from constituents political parties the president the Supreme Court lobbyists and the media New material explores the use of social media to communicate with constituents examines the role of the new Consumer Financial Protection Bureau and analyzes the Obama administration s relationship with Congress Housing and Support covering the U S Capitol House and Senate office buildings the Library of Congress and organizations such as the Government Accountability Office and the Congressional Research Service Updates are provided on new initiatives by the Library of Congress and reforms to the General Accounting Office Pay and Perquisites including honoraria and allowances franking and travel privileges and other benefits Updates include revised figures for congressional pay and benefits and analysis of efforts to control privately sponsored foreign travel Congress and the Electorate covering the right to vote the demographic composition of congress the role of parties in elections campaign financing and redistricting New information discusses elections statistics in recent elections the impact of third parties Tea Party gains and the creation of super PACs and 527 groups Qualifications and conduct detailing congressional ethics investigations and procedures for disciplining members Updated coverage reviews ethics investigations including the creation of the Office of Congressional Ethics Specific investigations and outcomes are discussed including the censure of Charles Rangel and disapproval of Joe Wilson s outburst during a speech by President Obama Volume 2 concludes with a selected bibliography and key reference materials a list of all members of congress who have served since 1789 congressional election results floor leaders and committee chairs dates for sessions of congress women black Asian and Hispanic members and many more Boxed features tables and figures and a generous number of photos enhance the topical coverage of this definitive resource on Congress

A Companion to the United States Constitution and Its Amendments John R. Vile, 2021-10-11 The U S Constitution and its 27 amendments including the Bill of Rights is a living document as evidenced by new laws and Supreme Court rulings that with each passing year change how the Constitution s guidelines are interpreted and implemented A Companion to the United States Constitution and Its Amendments is designed to show students just how revolutionary the Constitution was and how relevant it remains today This seventh revised edition of the Companion begins by revisiting the key events leading to the Constitution s ratification including the writing of the Declaration of Independence and the proceedings of the Constitutional Convention then explores the document article by article amendment by amendment to help readers better understand how each section of the document shapes the world we live in today In addition the Companion illuminates how new laws political debates and Supreme Court decisions are continually reshaping our understanding of the Constitution and its role in American life and society including such essential and foundational elements of democracy as voting elections the peaceful transfer of power

equality before the law civil rights and liberties and the duties responsibilities and obligations of the nation s three branches of government

Collective Wisdom Hélène Landemore, Jon Elster, 2012-07-16 James Madison wrote Had every Athenian citizen been a Socrates every Athenian assembly would still have been a mob The contributors to this volume discuss and for the most part challenge this claim by considering conditions under which many minds can be wiser than one With backgrounds in economics cognitive science political science law and history the authors consider information markets the internet jury debates democratic deliberation and the use of diversity as mechanisms for improving collective decisions At the same time they consider voter irrationality and paradoxes of aggregation as possibly undermining the wisdom of groups Implicitly or explicitly the volume also offers guidance and warnings to institutional designers

Saving the Electoral College Robert M. Hardaway, 2019-08-21 The 2016 election caused many pundits and citizens alike to decry the Electoral College This book explains the dangerous and unconstitutional implications of the National Popular Vote Bill which is quietly passing in state houses across the nation Ever since the Founding Fathers created the Electoral College Congress has tried to overturn it The latest attempt is taking place not in Congress but in state legislatures around the country where a well financed campaign by a private California group calling itself National Popular Vote NPV is proposing an interstate compact to circumvent the process for amending the U S Constitution If adopted by states representing a majority of electoral votes the signatory states would bind themselves to ignore the popular votes within their respective states and instead allocate their electoral votes to the candidate whom the media proclaimed to be the national popular vote winner In this new history of the Electoral College law professor Robert M Hardaway lays bare the constitutional loopholes that have allowed this movement to succeed in states representing approximately half the electoral votes necessary to purportedly bind those states to ignore the popular vote of the people within their respective states The presentation of the information in this book to state legislatures considering the compact resulted in complete reversal of preconceived perceptions about how presidential elections should be conducted

The ^AFounding Fathers Reconsidered R. B. Bernstein, 2009-05-05 This concise and elegant book reintroduces us to the history that shaped the founding fathers the history that they made and what history has made of them It gives the reader a context within which to explore the world of the founding fathers and their complex and still controversial achievements and legacies

Patriotism Is Not Enough Steven F. Hayward, 2017-02-21 This book is a lively intellectual history of a small circle of thinkers especially but not solely Harry Jaffa and Walter Berns who challenged the mainstream liberal consensus of political science and history about how the American Founding should be understood Along the way they changed the course of the conservative movement and had a significant impact on shaping contemporary political debates from constitutional interpretation civil rights to the corruption of government today Most importantly these thinkers explain the deep reasons for patriotism why we should love America not just because it is our country but because it is a free and just country

The U.S. Justice System Steven Harmon Wilson, 2011-12-06 A comprehensive three volume

set that provides detailed background essays short topical entries and primary document excerpts to explain the organization history and functioning of the U S justice system The U S Justice System An Encyclopedia is a one stop resource uniquely structured to include both introductory information as well as more in depth and detailed resources It explains not only how the American civil and criminal justice system affects the parties to a particular case or other legal action but also how the rights benefits and legal protections of our country impact virtually all people in America The set comprises three volumes The first volume provides chapter length essays explaining the organization and functioning of federal state and local government as well as the working of federal and state judiciaries regulatory bodies and penal systems The second volume contains shorter alphabetically arranged entries on hundreds of law related topics including case descriptions and biographies of major figures federal and state court organizational charts legal statistics and other background information The third volume contains original documents statutes and texts of important cases relevant to the functioning of the American justice system Readers will understand the structures concepts and vocabulary of American law and legal institutions and grasp how the U S legal system has evolved to meet the complex changing needs of the nation

A More Perfect Union Jesse L. Jackson Jr., 2021-11-12 Race from the beginning and more than any other element has shaped America's institutions its economics politics laws social structures and political attitudes Congressman Jackson considers race to be the focal point of America through the language of the economy because the economy is the hearing aid through which Americans hear all political dialogue In this thought provoking work Jackson provides ample documentation and insightful analysis of the inextricable link between race and economics More important Jackson proposes a radical economic strategy and program of new human rights that would build A More Perfect Union for all Americans and put them in a better position to come to grips with this enduring American legacy
