From Plague to Purpose Joshua Taylor,2022-11-18 Pilgrimage has been a part of Christian experience since biblical times Creating new stories pilgrimage affords sacred travelers experiences that transcend nationalism denominational identity and cultural borders melding their individual constructs of meaning with communal experiences to create new insights On these pilgrimages music has played a significant role in the development of community While pilgrimage is an independent act it is also a shared existence with other pilgrims with music serving as a bridge between these two realities With an estimated 100 million people undertaking pilgrimages at the beginning of the twenty first century the rediscovery of pilgrimage and the music that accompanies it has meaningful connections for the postmodern church struggling to find a new identity The ecumenical communities at Iona and Taiz provide particular case studies for the role of music in forming community among disparate travelers The individual and communal nature of pilgrimage the ability of pilgrimage to provide commonality in a diverse society and the role of singing and traveling music calls for the reexamination of this ancient practice for the postmodern church God and Marriage Folayemi Godswill-Oko, *God and Marriage The Original Plan* by Folayemi Godswill Oko is a concise inspirational guide on marriage rooted in Christian principles but applicable to all Focusing on women it shares true stories of overcoming struggles providing practical insights for strengthening relationships

The Genesis of Marriage: A Drama Displaying the Nature and Character of God Richard Shenk, 2018-08-01 A theological exploration of Genesis 2 which renews our vision of the purpose of marriage as the central drama within God's salvation plan Marriage seems increasingly irrelevant to many people today But is this a true understanding of marriage Could it be that God may have expectations for marriage which are distinct from our own and wholly unaffected by our feelings or debates If God is the author and definer of marriage then we must look to the Author to discern its meaning rather than ourselves The Genesis of Marriage sets out a biblical theology of marriage grounded in the Marriage Text of Genesis 2:18-25 and investigates how it fits in its own context of Genesis 1:3 and the whole of Scripture Examining the Marriage Text exegetically and theologically Shenk shows this as the climax and conclusion of the two creation accounts and explores what this reveals about the nature and character of God The doctrinal implications of this are then explored answering such practical questions such as What are the ethics of marriage and How do we approach the real world concerns of separation divorce and remarriage Shenk's exploration helps dispel our modern disillusionment with marriage or at least our ideas and beliefs about marriage which may be at odds with God's to reveal deep truth about the nature and character of God
