Priest And Bishop:

Priest and Bishop Raymond E. Brown, 2004-02-01 With the whole Christian world looking on we Catholics have entered a sometimes acrimonious debate with ourselves as to what should be expected of those who are in the special ministry of the Church i e the priesthood What manner of life should our priests live and what work should they do Also under review is the role of the bishop said traditionally to possess the fullness of the priesthood We are asking whether the authority structure on all levels should be more collegial or democratic and what such a change would mean in light of the traditional theology of the episcopate Ecumenically we are pondering our relationships to other churches in which there is no episcopate in apostolic succession from the Preface Priest and Bishop Raymond Edward Brown, 1999 **The Priest Is Not His Own** Fulton J. Sheen, 2022-03-23 Most books on the priesthood may be grouped into three categories theological pastoral and sociological The theological treatises emphasize the priest as the minister and ambassador of Christ the pastoral writings are concerned with the priest in the pulpit the priest in the confessional the priest at prayer etc The sociological writings which are the latest type refrain almost entirely from the spiritual and are concerned with the statistical study of the reaction of the faithful the unbelievers and the general public to the priest Is there room for another category Such a possibility presented itself in writing our Life of Christ In that book we tried to show that unlike anyone else Our Lord came on earth not to live but to die Death for our Redemption was the goal of His sojourn here the goal that He was seeking Every parable every incident in His life even the call of the Apostles the temptation the Transfiguration the long conversation with the woman at the well was focused upon that salutary death He was therefore not primarily a teacher but a Savior The dark days in which that Life of Christ was written were hours when ink and gall did mix to reveal the mystery of the Crucifix More and more that vision of Christ as Savior began to illumine the priesthood and out of it came the thoughts in this book To save anyone from reading it through we here state briefly the thesis We who have received the Sacrament of Orders call ourselves priests The author does not recall any priest ever having said I was ordained a victim nor did he ever say I am studying to be a victim That seemed almost alien to being a priest The seminary always told us to be good priests never were we told to be willing victims And yet was not Christ the Priest a Victim Did He not come to die He did not offer a lamb a bullock or doves He never offered anything except Himself He gave Himself up on our behalf a sacrifice breathing out fragrance as He offered it to God Ephesians 5 2 Pagan priests Old Testament priests medicine men all offered a sacrifice apart from themselves But not Our Lord He was Sacerdos Victima This being so just as we miss much in the life of Christ by not showing that the shadow of the Cross cast itself even over the crib and the carpenter shop as well as over His public life so we have a mutilated concept of our priesthood if we envisage it apart from making ourselves victims in the prolongation of His Incarnation There is nothing else in this book but that idea And if the reader would like to hear that chord struck a hundred times he may now proceed

A Matter of Discretion Brian R. Calfano, Melissa R. Michelson, Elizabeth A. Oldmixon, 2017-04-12 Clergy are pillars of

local religious communities and Roman Catholic priests are perhaps the quintessential examples of pastors functioning as political elites. The political science literature demonstrates that priests indeed, clergy more generally, are well positioned to influence the faithful even if this influence is somewhat inconsistent. At their core, priests are opinion leaders and representatives of their church to both the faithful and their local communities. But exactly how Catholic priests determine the political acts and attitudes associated with their elite role remains a puzzle. We suggest it is the product of an interactive institutional, social, and psychological milieu, the complexity of which has not been fully assessed in the extant literature. Though some might prefer to think of priests as profiles in courage operating above the political fray, the institutional and personal realities of priest life often force them to deal with the political realm. In doing so, priests are variably responsive to different principals or reference groups that represent specific dimensions of their professional context. Drawing on a series of randomized experiments on samples of Roman Catholic priests in the US and Ireland, we find that priests cognitively draw on varying professional and personal cues in responding to their employer's institutional preferences. Furthermore, how priests represent their church's political preferences to parishioners appears to be a matter of individual-level discretion.

Joy and Hope Patrick P. Power, 2015 **Priests in Love with God and Eager to Witness to the Gospel** Alfred Hughes, 2021-09-26 Rooted in the lessons of history and the saints and woven together with prayer, Archbishop Emeritus Hughes calls present and future ministers of the Church back to the transformative basics of the priesthood. From the foreword by Bishop Robert Barron: Clerical sexual abuse, COVID-19, declining parishes, and racial unrest—these are some of the many challenges facing Catholic priests and bishops today. Where can they find the wisdom they need to address these and other daunting difficulties? Archbishop Emeritus Hughes draws on some of the greatest spiritual guides the Church has ever known to offer a vision for contemporary priestly life: Ignatius of Antioch, Augustine, Gregory the Great, and beyond. He also turns to the timeless advice found in great conciliar documents. What emerges from his survey of the past is the understanding that the Catholic priesthood has overcome many trials throughout its history and the confidence that it will do so in our own day by rediscovering the timeless sources of renewal. This book is intended to serve a double purpose. It can be used as a text for seminarians together with a reader drawn from the cited classics, or as a rich source of spiritual reading for priests and bishops.

Man of God: The Catholic Priest and the Cornerstones of His Life Bishop Athanasius Schneider, 2024-07-01 In this timely work dedicated to invigorating the heart of every priest, Bishop Athanasius Schneider draws upon the wisdom of Scripture, the Fathers and Doctors of the Church, and other great spiritual writers to bear witness to the gift of the priesthood. *Man of God: The Catholic Priest and the Cornerstones of His Life* provides rich reflections on the great loves of the priest: God, the Catholic faith, the priesthood of Christ, the salvation of souls, humility, chastity, the Cross, the Holy Mass, the tabernacle, the confessional, the holy angels, and the Blessed Virgin Mary. Prayerful consideration of *Man of God* will undoubtedly foster a deeper love for the spiritual treasures of the priesthood and rekindle in all priests the embers

of desire that first drew them toward their holy vocation **Priest Under Fire** Peter M. Sánchez, 2015-12-09 Through interviews with David Rodriguez and a good helping of critical historical context Sanchez illustrates the extent to which some religious leaders played pivotal roles in the popular movement of El Salvador's political crisis of the 1970s and 1980s *The Concept of the Diocesan Priesthood* Joseph Clifford Fenton, 1951 **The Catholic Directory, Ecclesiastical Register, and Almanac**, 1861
