Principals Guide To Winning Grants:

The Principal's Guide to Winning Grants David G. Bauer, 1998-12-14 Today's public and private schools can no longer rely on traditional sources of funding to fulfill their educational goals. Although grants have become increasingly popular alternatives for financial support, principals and their staff must face stiff competition for these limited sources. This practical step-by-step guide is for principals who want to improve their chances of winning grants for their schools. As administrative leaders, principals are in a pivotal position to motivate teachers, parents, and volunteers in the grant-seeking process. This guide provides principals with techniques for mobilizing school staff, coordinating community support, developing winning proposals, constructing realistic plans and budgets, and successfully implementing those grants that have been awarded. David Bauer is not only an educator and former administrator but a noted expert in grant-seeking and fund raising. He draws from his extensive experience to share useful strategies as well as resources including worksheets, forms, sample proposal formats, and checklists to measure progress. The grants marketplace can be a tremendous resource for schools who know their way around. This guide helps empower schools and their leaders in resolving their funding problems.

Grants Jean M. Fromm, 2007 Grants are available from thousands of sources, both private and public. To the grantseeker, however, this wealth of sources appears like an impenetrable jungle. Where are the grants I need, and what do I need to do to submit my ideas and proposals? This book is designed to answer these questions by aiming the grantseeker to both the grant givers and by providing a bibliography of books for further research.
