Red Voices, 1994 **The Collected Works of Langston Hughes** Langston Hughes, Dolan Hubbard, 2001 The sixteen volumes are published with the goal that Hughes pursued throughout his lifetime making his books available to the people Each volume will include a biographical and literary chronology by Arnold Rampersad as well as an introduction by a Hughes scholar lume introductions will provide contextual and historical information on the particular work Red or Dead David Peace, 2014-05-27 A New York Times Editors Choice T he stuff of great literature The New York Times Red or Dead is a winner The Washington Post The place where the swinging sixties started Liverpool England birthplace of the Beatles wasn't so swinging Amid industrial blight and a bad economy the port town's shipping industry was going bust and there was widespread unemployment with no assistance from a government tightening its belt Even the Beatles moved to London Into these hard times walked Bill Shankly a former Scottish coal miner who took over the city's perpetually last place soccer team He had a straightforward work ethic and a favorite song a silly pop song done by a local band You'll Never Walk Alone Soon he would have entire stadiums singing along tens of thousands of people all dressed in the team color red as Liverpool began to win And soon too there was something else those thousands of people would chant as one Shank lee Shank lee In Red or Dead the acclaimed writer David Peace tells the stirring story of the real life working class hero who lifted the spirits of an entire city in turbulent times But Red or Dead is more than a fictional biography of a real man and more than a thrilling novel about sports It is an epic novel that transcends those categories until there's nothing left to call it but as many of the world's leading newspapers already have a masterpiece *The New Red Negro* James Edward Smethurst, 1999-04-15 The New Red Negro surveys African American poetry from the onset of the Depression to the early days of the Cold War It considers the relationship between the thematic and formal choices of African American poets and organized ideology from the proletarian early 1930s to the neo-modernist late 1940s This study examines poetry by writers across the spectrum canonical less well known and virtually unknown The ideology of the Communist Left as particularly expressed through cultural institutions of the literary Left significantly influenced the shape of African American poetry in the 1930s and 40s as well as the content One result of this engagement of African American writers with the organized Left was a pronounced tendency to regard the re-created folk or street voice as the authentic voice and subject of African American poetry Furthermore a masculinist rhetoric was crucial to the re-creation of this folk voice This unstable yoking of cultural nationalism integrationism and internationalism within a construct of class struggle helped to shape a new relationship of African American poetry to vernacular African American culture This relationship included the representation of African American working class and rural folk life and its cultural products ostensibly from the mass perspective It also included the dissemination of urban forms of African American popular culture often resulting in mixed media high low hybrids **The Political Plays of Langston Hughes** Langston Hughes, 2000 Among the most influential poets of the Harlem Renaissance Langston Hughes is perhaps

best remembered for the innovative use of jazz rhythms in his writing While his poetry and essays received much public acclaim and scholarly attention Hughes dramas are relatively unknown Only five of the sixty three plays Hughes scripted alone or collaboratively have been published in 1963 Published here for the first time are four of Hughes most poignant poetic and political dramas Scottsboro Limited Harvest also known as Blood on the Fields Angelo Herndon Jones and De Organizer Each play reflects Hughes remarkable professionalism as a playwright as well as his desire to dramatize the social history of the African American experience especially in the context of the labor movements of the 1930s and their attempts to attract African American workers Hughes himself counted prominent members of these leftist groups among his close friends and patrons he formed a theater group with Whittaker Chambers prompting an FBI investigation of Hughes and his writing in the 1930s These plays while easily read as idealistic propaganda pieces for the left are nonetheless reflective of Hughes other more influential and studied works The first scholar to offer a systematic study of Hughes plays Susan Duffy provides an informed introduction as well as a detailed analysis of each of the four plays Each chapter begins with locating the play at a moment in the social history of the 1930s Then Duffy analyzes the rhetorical strategies employed throughout the script focusing on the political ideologies attacked as well as the ideologies endorsed Duffy also establishes that De Organizer a collaboration with noted jazz pianist and composer James P Johnson who also wrote its score was indeed performed by the Labor Stage Throughout the analysis of Scottsboro Limited Harvest Angelo Herndon Jones and De Organizer Duffy returns to the questions of Hughes motives for writing these works Were they merely didactic plays attempting to please Hughes leftist patrons or heartfelt leftist political propaganda By making these forgotten texts available and by presenting them within a scholarly discussion of 1930s leftist political movements Duffy seeks to spark a renewed interest in Langston Hughes as an American playwright and political figure

Actors on Red Alert Anthony Slide,1999

The anti Communist hysteria that began in the 1930s was further empowered in 1938 when the House of Representatives established the House Committee on UnAmerican Activities Soon thereafter the creation of the blacklist in the late 1940s brought the Hollywood film and television community into the fold Provocatively capturing the controversy and sentiments surrounding this period of political imbalance *Actors on Red Alert* explores the repercussions of the blacklist through career interviews with five prominent actors and actresses

Comintern Aesthetics Amelia Glaser,Steven S. Lee,2020-02-24

Founded by Vladimir Lenin in 1919 to instigate a world revolution the Comintern sought to advance not only the proletarian struggle but also a wide variety of radical causes including fighting against imperialism and racism in settings as varied as Ireland India the United States and China Notoriously and from the organization s outset these causes grew ever more subservient to Soviet state interest and Stalinist centralization *Comintern Aesthetics* shows how the cultural and political networks emerging from the Comintern have persisted even after the Comintern s demise in 1943 Tracing these networks through a multiplicity of artistic forms geared towards advancing a common liberated humanity this volume captures both

the failure and the enduring allure of a Soviet centred world revolution The sixteen chapters in this edited volume examine cultural and revolutionary circuits that once connected Moscow to China Southeast Asia India the Near East Eastern Europe Germany Spain and the Americas The Soviet Union of the interwar years provided a template for the convergence of party politics and cultural history but the volume traces how this template was adapted and reworked around the world By emphasizing the shared Soviet routes of these far flung circuits Comintern Aesthetics recaptures a long lost moment in which cultures could not only transform perception but also highlight alternatives to capitalism namely an anti colonial world imaginary foregrounding race class and gender equality The 5 Voices Jeremie Kubicek, Steve Cockram, 2016-02-11

Hiltner, James Robert Walker, 2022-04 2023 SABR Baseball Research Award A Booklist Top 10 Sports Recreation Book Finalist for the 2023 Seymour Medal Finalist for the 2022 CASEY Award Born and raised in rural Mississippi and the even balmer climes of central Florida Red Barber at the age of thirty two became one of New York City s most influential citizens as the play by play announcer for the Brooklyn Dodgers When he arrived in 1939 Barber brought the down home drawl and idioms of his southern roots to the borough where residents said they could walk down any street and never miss a pitch because his voice wafted out of every window and every passing car

From his colorful expressions like rhubarb and sitting in the catbird seat to his vivid use of similes a close game was tighter than a new pair of shoes on a rainy day Barber's influence on his contemporaries and the many generations of broadcasters who followed him cannot be overstated But behind all the base hits balls and strikes lies a compelling story that dramatizes the shifting expectations and roles of a public figure the sports broadcaster as he adapted to complex cultural changes throughout the course of twentieth century American life Red Barber follows the trajectory of Barber's long career from radio and television play by play man for the Cincinnati Reds Brooklyn Dodgers and New York Yankees to his work calling college and professional football games his nine year tenure as director of sports for CBS Radio and his second acts as an Episcopal lay reader sportswriter and weekly guest with Bob Edwards on NPR's Morning Edition This talented public figure was also a private man committed to rigorous self examination and willing to evolve and grow under the influence of changing times When the Dodgers first signed Jackie Robinson and smashed the color barrier in Major League Baseball Barber struggled to overcome the racism he had absorbed from his culture as a child But after observing the vicious abuse Robinson endured from opposing fans Barber became an ardent supporter of him and the many Black players who followed Barber was also bothered deeply by the strains that his single minded careerism imposed on his family He was challenged to navigate longtime family tensions after his only child Sarah came out as a lesbian And his primary role during the later years of his life was caretaking for his wife Lylah during her decline from Alzheimer's disease at a time when the ailment was something many families concealed Ultimately Red Barber traces the career of a true radio and television pioneer who was committed to the civic responsibility of mass media Barber firmly believed the most important role of a broadcaster was telling the truth and promoting public well being

Better Red Constance Coiner, 1995 *Better Red* is an interdisciplinary study addressing the complicated intersection of American feminism and the political left as refracted in Tillie Olsen's and Meridel Le Sueur's lives and literary texts The first book length study to explore these feminist writers ties to the American Communist Party it contributes to a re-envisioning of 1930s U.S. Communism as well as to efforts to promote working class writing as a legitimate category of literary analysis At once loyal members of the male dominated Communist Party and emerging feminists Olsen and Le Sueur move both toward and away from Party tenets and attitudes subverting through their writing formalist as well as orthodox Marxist literary categories Olsen and Le Sueur challenge the bourgeois assumptions often masked as classless and universal of much canonical literature and by creating working class women's writing they problematize the patriarchal nature of the Left and the masculinist assumptions of much proletarian literature anticipating the concerns of second wave feminists a generation later
