Antonia and Hermine publishing extensive observations about Rolph and his sexual behaviour Rolph was a troubled child and his disrupted upbringing after his mother's death was compounded by Hermine's ambivalent behaviour towards him In the end her father's lie Antonia's will and the behaviour of her delinquent nephew rebounded upon her and the intergenerational trauma achieved its nemesis in her murder Prophecy Coles brings new insights to the life of the first child psychoanalyst She reveals Hug Hellmuth to be a woman before her time in her profound understanding of children women's sexuality and desires the impact of a mother's state of mind upon inter uterine life and the concept of motherese the universal pre verbal language of mothers and their newborn babies Coles exposes Hug Hellmuth's genius her flaws and her inadequate care of her troubled nephew to create a rounded picture of a brilliant woman trying to find her own path while struggling with her own demons and the constraints of the time
