Adrienne von Speyr,2012-05-03 Adrienne Von Speyr was a convert to Catholicism a medical doctor wife mystic and author of some 70 books on spirituality In this profound work on Our Lady Von Speyr explores Mary s participation with Christ in our redemption and the unique relationship that each of us should have with our spiritual mother *Covenant of Redemption in the Trinitarian Theology of Jonathan Edwards* Reita Yazawa,2019-10-11 Recently the immanent Trinity God as in himself has been criticized as abstract and impractical as opposed to the economic Trinity God in relation to the world Many scholars argue that the immanent Trinity is detached from the real life of believers and God s economic work of redemption and thus abstract and impractical But is this assumption itself really true What if the blueprint of God s work of redemption is already located in the immanent Trinity as the divine idea What if Jonathan Edwards arguably the American greatest theologian expounds this doctrine as a vital driving force in his theology Rediscovering the doctrine of the covenant of redemption will help us to see that the immanent Trinity actually is not abstract but highly practical simply because the redemption of the believers hinges on the divine plan located there This study is a fruit of the recent convergence of the resurging doctrine of the Trinity and the renaissance of studies of Jonathan Edwards Revelation, Redemption, and Response Philip Walker Butin,1995-02-23 How does John Calvin understand and depict the relationship of God with humanity Until this study the most influential readings of Calvin have tended to assume a dialectical divine human opposition as fundamental to his thought In this fresh consideration of Calvin s Christian vision his consistent and pervasive appeal to the Trinity in understanding the divine human relationship is delineated and imaginatively rendered Tracing the trinitarian theme in its many dimensions throughout the reformer s work Philip Butin offers a revised look at the vital role of the Trinity in Calvin s thought in the process recovering Calvin as a significant historical source for contemporary trinitarian theological reflection A New History of Redemption Gerald R. McDermott,2024-03-19 Southwestern Journal of Theology 2024 Book Award Honorable Mention Church History Historical Theology Biography Although Jesus s work of redemption is often viewed as a singular event a careful examination of Scripture reveals that the Messiah began his redemptive work just after the fall and will continue it to the end of the world In the spirit of Jonathan Edwards s History of the Work of Redemption distinguished theologian Gerald McDermott traces the progress of redemption throughout the Bible and Church history This book connects the dots surrounding Israel redemption by the Jewish Messiah secular and sacred history the world religions and Jewish Christian worship through liturgy and sacraments It shows how Jesus as Messiah was redeeming throughout Old Testament history and it carries that story up through the last two millennia McDermott contends that it is only through a historical examination of the Messiah s redemption amid the turmoil of the world and the worship of his people that one can best see God s beauty *The Covenant of Redemption* John V. Fesko,2015-12-09 The covenant of redemption pactum salutis the eternal intra trinitarian covenant was a common staple within Early Modern Reformed theology yet there are very few historical works that examine this doctrine J V Fesko s study The Covenant of Redemption Origins Development and

Reception seeks to address this lacuna In the contemporary period the covenant of redemption has been derided as speculative mythological a declension from trinitarianism or erroneously derived from one or two biblical proof texts Yet seldom have critics carefully engaged the primary sources to examine the different formulations supporting exegesis and ways in which the doctrine was employed Far from speculation sub trinitarian or a cold business transaction proponents of the covenant of redemption constructed this doctrine based upon a web of interconnected biblical texts and were very sensitive to maintaining a robust doctrine of the trinity as they employed this doctrine as a bulwark against the anti trinitarian claims of Socinian theologians Proponents of the doctrine also saw this pre temporal covenant as the embodiment of intra trinitarian love that overflows unto those chosen in Christ for their salvation and ultimate fellowship with the triune God John V Fesko explores the historical origins of the doctrine and then surveys its development in the seventeenth through nineteenth centuries examining key advocates of the doctrine including David Dickson Herman Witsius Johannes Cocceius Francis Turretin Patrick Gillespie John Gill Jonathan Edwards Charles Hodge and A A Hodge He then examines the contemporary reception of the doctrine in the twentieth century with a survey of the doctrine s critics including Karl Barth Herman Hoeksema Klaas Schilder and John Murray After exploring the claims of the critics the study moves to examine the views of twentieth century proponents including Geerhardus Vos Herman Bavinck Abraham Kuyper Louis Berkhof and G C Berkouwer
