Rollins,2020-11-30 The material which served as the basis for the rhymes in this book came from real life experiences and  
observations in an environment which well represents the stereotype of those we often refer to as rednecks Their behaviors  
interests beliefs and accomplishments are not always seen by the general population as typical but for them their beliefs and  
actions are quite reasonable and completely understood and respected by their peers as it is their way of life      **Redneck**

you laughing while you learn the differences between rednecks and hillbillies and as this book shows you there are  
differences And just when you think you know the difference between rednecks and hillbillies there are some questions at the
