Redwood Railways A History Of The Northw:

Logging Railroads of Humboldt and Mendocino Counties Katy M. Tahja,2013 Locomotive steam whistles echo no more in the forests of the north California coast A century ago Humboldt and Mendocino Counties had more than 40 railroads bringing logs out of the forest to mills at the water s edge Only one single railroad ever connected to the outside world and it too is gone One railroad survives as the Skunk Train in Mendocino County and it carries tourists today instead of lumber Redwood and tan oak bark were the two products moved by rail and very little else was hauled other than lumberjacks and an occasional picnic excursion for loggers families Economic depressions and the advent of trucking saw railroads vanish like a puff of steam from the landscape The History of Redwood County, Minnesota ,1916 Collections of the Minnesota Historical Society Minnesota Historical Society,1920 History of the Atchison, Topeka and Santa Fe Railway Keith L. Bryant Jr.,Fred W. Frailey,2020-09 Cyrus K Holliday envisioned a railroad that would run from Kansas to the Pacific increasing the commerce and prosperity of the nation With farsighted investors and shrewd management the Atchison Topeka and Santa Fe Railway grew from Holliday s idea into a model of the modern rapid and efficient railroad There were many growing pains early on including rustlers thieves and desperadoes as well as the nineteenth century s economic and climatic hardships The railroad eventually extended from Chicago to San Francisco with substantial holdings in oil fields timber land uranium mines pipelines and real estate This is the first comprehensive history of the iconic Atchison Topeka and Santa Fe Railway from its birth in 1859 to its termination in 1996 This volume discusses the construction and operation of the railway the strategies of its leaders the evolution of its locomotive fleet and its famed passenger service with partner Fred Harvey The vast changes within the nation s railway system led to a merger with the Burlington Northern and the creation of the BNSF Railway An iconic railroad the Santa Fe at its peak operated thirteen thousand miles of routes and served the southwestern region of the nation with the corporate slogan Santa Fe All the Way This new edition covers almost twenty five more years of history including the merger of the Santa Fe and Burlington Northern railroads and new material on labor minorities and women on the carrier along with new and updated maps and photographs *Encyclopedia of Western Railroad History* Donald B. Robertson,1986 Distributed by the University of Nebraska Press for Caxton Press This book includes 368 pages of maps photographs and technical data on the history of railroading in California There are detailed reports on dates of operation mergers miles of track maximum grade gauge and rail weight It also includes the histories of thousands of locomotives **Trains** ,1962 *Collections* Minnesota Historical Society,1920 **Redwood Railways** Gilbert H. O'Hara, 2024-04-29 The battle to preserve a natural wonder Towering and majestic the redwood forests of California's North Coast once drew not visitors but fortune seeking timber companies By 1917 the region had been logged for nearly 70 years and concerns arose that the rapidly disappearing redwoods could be lost Damage wrought by logging and road construction caught the attention of Madison Grant John Campbell Merriam and Henry Fairfield Osborn and the Save the Redwoods League was born Together with the State of California and the U S Federal
