## Different Types of Traumatic Experiences

Some of the types of traumatic experiences that we'll address in this article, are:

01

### LIFE AFTER THE MILITARY

#### Challenges Facing Returning Veterans

- Translating military skills and experience into finding a new career
- Fitting into civilian communities
- Creating structure and new routines
- Adjusting to a different pace of life and work
- Possible financial hardships

#### DID YOU KNOW?

Gulf War-era veterans now account for the largest share of all U.S. veterans, surpassing Vietnam-era veterans in 2016.

#### What Is PTSD

Post-Traumatic Stress Disorder, or PTSD, is a mental health problem that can develop after experiencing or witnessing a life-threatening event, such as combat, a natural disaster, a car accident, or sexual assault.

#### Symptoms of PTSD

Reliving the event

Avoiding similar situations

Increasing negative feelings

Feeling keyed up (or hyperarousal)

03

### LIFE AFTER REHAB

#### Challenges of Remaining Sober

Many of the challenges of remaining sober and returning to life after rehab stem from the triggers that led to drinking alcohol or drug use. These triggers can be anything, such as walking past the neighborhood bar on the way home from work or hanging out with old friends who use drugs. Triggers can be anywhere, from at work, at home, and everywhere in between.

#### DID YOU KNOW?

In 2009, roughly 23.5 million persons aged 12 or older, or 9.3% persons in the United States, needed treatment for an illicit drug or alcohol abuse problem.

#### Ways to Overcome Relapse

Finding sober friends

Changing routine

Working on mental health (yoga, exercise, meditation)

Going to a psychologist or counselor

02

### OVERCOMING AGORAPHOBIA

- Leaving home alone
- Crowds or waiting in line
- Enclosed spaces, such as movie theaters or small stores
- Open spaces, such as parking lots or bridges
- Using public transportation

#### DID YOU KNOW?

An estimated 1.3% of U.S. adults experience agoraphobia at some time in their lives.

#### What Is Agoraphobia

Literally, agoraphobia means extreme or irrational fear of crowded spaces or enclosed public places. As a result, people who suffer from agoraphobia avoid the places, people, and events that may lead to the chest tightness, fear, and panic.

#### Symptoms of Agoraphobia

Leaving home alone

Crowds or waiting in line

Using public transportation

Open spaces, such as parking lots or bridges

04

### REENTRY AFTER PRISON

#### Support to Prevent Recidivism

Reentering society after a prison sentence is one of the most challenging things to do and there are many theories as to why. Some believe that there isn't enough support offered to prisoners and to those just released, such as counseling, education, and help with substance abuse problems.

#### DID YOU KNOW?

Though the data is tough to track, the United States accounts for roughly 4.4% of the world's population and part of the Second Chance Act of 2008, the National Reentry Resource Center (NORC) funds reentry aid for ex-cons about 22% of the global prison population, as of 2014 and 2011 respectively.

#### Reentry into Life: Elements of Successful Programs

Reentering society after the military, agoraphobia, substance abuse, prison, or any other disorder or event can be a stressful and challenging time, both for the individual and their families and friends. However, there are ways that can help ease this transition, such as:

Medication

Finding a community

Counseling

Middlemass, Calvin John Smiley, 2019-11-04 This groundbreaking edited volume evaluates prisoner reentry using a critical approach to demonstrate how the many issues surrounding reentry do not merely intersect but are in fact reinforcing and interdependent The number of former incarcerated persons with a felony conviction living in the United States has grown significantly in the last decade reaching into the millions When men and women are released from prison their journey encompasses a range of challenges that are unique to each individual including physical and mental illnesses substance abuse gender identity complicated family dynamics the denial of rights and the inability to voice their experiences about returning home Although scholars focus on the obstacles former prisoners encounter and how to reduce recidivism rates the main challenge of prisoner reentry is how multiple interdependent issues overlap in complex ways By examining prisoner

reentry from various critical perspectives this volume depicts how the carceral continuum from incarceration to reentry negatively impacts individuals families and communities how the criminal justice system extends different forms of social control that break social networks and how the shifting nature of prisoner reentry has created new and complicated obstacles to those affected by the criminal justice system This volume explores these realities with respect to a range of social community political and policy issues that former incarcerated persons must navigate to successfully reenter society A springboard for future critical research and policy discussions this book will be of interest to U S and international researchers and practitioners interested in the topic of prisoner reentry as well as graduate and upper level undergraduate students concerned with contemporary issues in corrections community based corrections critical issues in criminal justice criminal justice policies and reentry

I'm Really Single Dr. Bobby Brewer,2015-04-29 Are you serious about wanting to be married If this is your goal Help Im Really Single can immediately begin to guide you toward a much wiser and more purposeful dating strategy Like a survival guide this handbook reveals some practical insights for navigating the twenty first century singles scene and finding the right person Is it okay to date someone whos going through a divorce Since sexual compatibility is so important shouldnt you know if youre compatible or not prior to marriage How will I know if theyre the right one to marry How can I become more attractive Are you purposefully or aimlessly dating Do you know the dates to avoid How can you put an end to your datelessness How can you make the most of matchmaking websites How can you improve your odds of getting a date How do you move on after the person you wanted to marry breaks up with you If you cant be with the one you love should you settle for the one who is pursuing you These and other questions are answered in Help Im Really Single A Survival Guide for Todays Christian Single As someone who has ministered to singles for over fifteen years Dr Brewer shares how you can not only save yourself from some unnecessary heartache but also wisely guide you toward marriage through purposeful dating With Intent to Maim; An Autobiographical Narrative Kalman Dubov,2020-10-06 This book describes my experiences being subjected to and living with abuse during my childhood and early adult years in the Lubavitch Chabad community in Brooklyn New York I discuss the effects this physical emotional and psychological abuse had on my development and life which resulted in my leaving this community and lifestyle When I grew up in this community the topic of abuse was either denied or spoken about in whispers Generally even if abuse of a child was known it was not reported to law enforcement and the child was not protected from further abuse The topic of reporting such crimes to the law enforcement authorities for eventual criminal prosecution is referred to as mosur a term of revilement Such a person regardless of the crime s committed is protected by the Jewish community and the victim is forced to face the abuse by himself herself without the benefit of communal embrace for resolution Moreover Jewish law excoriates a mosur informer by exclusion from normative communal membership These exclusions are embodied in codes of Jewish law which formalizes the process by vilifying the informer The victim thereby faces a double attack The first is by the predator and the second by the code of silence forced upon the victim The primary focus of this book regards the physical attack I endured at the hands of my mother She was angered by my non diligence in religious study motivating her to try to break my arm I was eight years old at the time And she was following the actions of another mother who broke the arm of her son for the same perverse reason this attack was a life changing event It forced to

identify my mother and others as persons who represented a great danger to me necessitating measures that resulted in distance and eventual examination of the fundamentals of this religious life and identity I describe the other Jewish family that similarly abused a child Similar to my own circumstance no investigation or prosecution was ever conducted I remain convinced other families from these ultra Orthodox Charedi Jewish communities experienced similar or worse violence but such violence was muted and not reported My father was aware of the attack but did not intervene I discuss the details of the abuse as well as its aftermath and the larger concatenates these events caused in my life I conclude my narrative by stating that these acts and especially community refusal to acknowledge and respond is shameful and indefensible A few persons reviewed this material prior to publication While I remain grateful for their comments and recommendations the publication reflects my own insights and I remain responsible for any errors or oversights
