Personality and Wholeness in Therapy Daniel J. Siegel, PDP Group, 2024-11-19 A new way to consider patterns of personality with the combined application of neurobiology and traditional wisdom Personality and Wholeness in Psychotherapy applies the perspective of interpersonal neurobiology to a traditional wisdom framework widely known as the Enneagram of Personality This framework describes a lifespan developmental personality model of nine distinct key strategies that people use to make sense of and cope with their experiences and interactions with the world These strategies can be understood as nine Patterns of Developmental Pathways or PDPs This book provides mental health practitioners with both a theoretical understanding of PDPs and practical tools for implementing the framework in clinical settings Readers will find detailed descriptions of the nine core patterns of personality as well as integrative practices specific to each of these patterns that can help people work towards states of well being and wholeness This innovative book has the potential to unlock deep and lasting change in problematic and perplexing patterns of thinking feeling and behaving transforming personality from a prison to a playground for readers and clients alike

Reflections and Poetry to Ponder Diane Hicks White, 2009-08 My poetry can best be described as a personal journey lived through depression From childhood through adulthood I have existed with depression I have always enjoyed reading and so with reading the idea of writing poetry came to mind Being able to express my emotions has played a big part on my road to recovery Seeing people like myself has helped me give more understanding of how depression affects the mind Through my poetry I have been able to talk of these emotions through faith in others who have helped me and through my faith in God who has never left me I try to end my poetry not in negativity but with a purposeful emotion that will give the reader hope a hope that he or she will someday reach that pinnacle in their lives that will help them to see beyond that hopelessness of depression Diane Hicks White 2007

Teacher Reflections on Transitioning From K-12 to Higher Education Classrooms Broemmel, Amy D., Vines, Nora, 2022-04-15 Education is a field in which reflective practice is imperative for teacher and student success and for maintaining the desire to remain in the profession During times of uncertainty particularly as teachers faced the dual pandemics of social injustice and the COVID 19 pandemic over the past year they have felt demoralized and powerless As a result burnout among educators is becoming increasingly prevalent It is crucial for teachers to hear reflections of others

experiences to remind them that they are not alone in their work provide opportunities for them to find connections with fellow educators and encourage them to engage in reflective practices of their own Teacher Reflections on Transitioning From K 12 to Higher Education Classrooms provides a collection of reflections from educators on their varied experiences within education and how and why they have pursued a place in academia This book speaks to the humanistic side of academia by acknowledging the multiple passions professions and pathways that led each of the authors to academia It is unique in that it is laced with the lived realities of the human side of academia from a shared stories perspective Covering topics such as lifelong learners and identity shifts this major reference work is ideal for academicians researchers scholars practitioners principals administrators educators and students
