Palestinians Born in Exile Juliane Hammer, 2009-08-17 In the decade following the 1993 Oslo Peace Accords some 100 000 diasporic Palestinians returned to the West Bank and Gaza Among them were children and young adults who were born in exile and whose sense of Palestinian identity was shaped not by lived experience but rather through the transmission and re creation of memories images and history As a result returning to the homeland that had never actually been their home presented challenges and disappointments for these young Palestinians who found their lifeways and values sometimes at odds with those of their new neighbors in the West Bank and Gaza This original ethnography records the experiences of Palestinians born in exile who have emigrated to the Palestinian homeland Juliane Hammer interviews young adults between

the ages of 16 and 35 to learn how their Palestinian identity has been affected by living in various Arab countries or the United States and then moving to the West Bank and Gaza Their responses underscore how much the experience of living outside of Palestine has become integral to the Palestinian national character even as Palestinians maintain an overwhelming sense of belonging to one another as a people

In the Eye of the Storm Mitri Raheb,2023-06-23 The situation of Christians in the Middle East has become an important topic of international discussion as well as an important theme covered in the media as several CBS Sixty Minutes programs have highlighted the plight of Christians in Palestine Syria Jordan Lebanon and Egypt In the Eye of the Storm tells the story of the plight of twenty first century Middle Eastern Christians in five countries Palestine Israel Jordan Lebanon and Egypt in the context of the so called Arab Spring and

within a destabilized region that is a geopolitical triangle shaped by Israeli hegemony and Arab Iranian tensions The book places the situation of the Christians within the wider sociopolitical context of the Middle East in the twenty first century A unique feature of this book is that it is written mainly by native Christians who have spent their entire lives in the region and continue to live there In the Eye of the Storm therefore provides an insider perspective rather than a hegemonic and colonial outsider perspective This book hopes to offer a sociopolitical framework for the Christians of the Middle East thus allowing them to tell their own story as they see it and not one that has been projected onto them by outside forces Solidarity and the Palestinian Cause Zahi Zalloua,2023-01-12 Zahi Zalloua provides the first examination of Palestinian identity from the perspective of Indigeneity and Critical Black Studies Examining the Palestinian question through the lens of settler colonialism and Indigeneity this timely book warns against the liberal approach to Palestinian Indigeneity which reinforces cultural domination and urgently argues for the universal nature of the Palestinian struggle Foregrounding Palestinian Indigeneity reframes the Palestinian Israeli conflict as a problem of wrongful dispossession a historical harm that continues to be inflicted on the population under the brutal Occupation of the West Bank and Gaza At the same time in a global context marked by liberal democratic ideology such an approach leads either to liberal tolerance the minority is permitted to exist so long as their culture can be contained within the majority order or racial separatism that is appeals for national independence typically embodied in the two state solution Solidarity and the Palestinian Cause not only insists that any analysis of Indigeneity s purchase must keep this problem of translation in mind but also that we must recast the Palestinian struggle as a universal one As demonstrated by the Palestinian support for such movements as Black Lives Matter and the reciprocal support Palestinians receive from BLM activists the Palestinian cause fosters a solidarity of the excluded This solidarity underscores the interlocking global struggles for emancipation from racial domination and economic exploitation Drawing on key Palestinian voices including Edward Said and Larissa Sansour as well as a wide range of influential philosophers such as Slavoj i ek Frantz Fanon and Achille Mbembe Zalloua brings together the Palestinian question Indigeneity and Critical Black Studies to develop a transformative anti racist vision of the world **Filistin Davamız** T.C. Cumhurbaşkanlığı İletişim Başkanlığı, The Sociology of the Palestinians Khalil Nakhleh,Elia Zureik,2024-05-01 First published in 1980 The Sociology of the Palestinians is a comprehensive collection of sociological and demographic studies of the Palestinian people One paper deals with the Palestinian Arabs in pre 1967 Israel and the various methods of social control adopted by the Zionist regime to co opt and control the Arab population A second paper focuses on the Palestinians in the West Bank and Gaza An analysis of current Palestinian demography with projections for the future is made and the minority position of the Palestinians in the Arab World is critically assessed An examination of the role of Palestinian intellectuals is followed by a theoretical discussion on the development of Palestinian class structure Finally the role of Palestinian women is examined in the context of traditional social structure and the specific political and economic situation

which confront Palestinian society This book will be of interest to students of history sociology and political science

Palestine in the Air Chin-chin Yap,2025-01-23 As the first cultural history of Palestinian aviation Palestine in the Air reveals civil aviation's role in the question of Palestine over the past century How do Palestinians as individuals communities and as a nascent state engage with the air How does their systemic exclusion from aerial agency inform dominant and counter narratives of culture and modernity International civil aviation is a powerful tool for the disenfranchisement of Palestinian statehood connectivity and mobility Yet Palestinians have constantly sought to harness aviation as a legitimate component of modern state building They have also creatively appropriated aviation technologies including balloons kites and drones as instruments of resistance exploiting flight's symbolic qualities of escape and liberation to highlight the injustices of occupation Using an interdisciplinary approach that draws on media studies cultural studies critical theory diplomacy and history Palestine in the Air examines civil aviation's political social and cultural impact upon the Palestinian quest for sovereignty The book makes use of an unprecedented range of aviation related sources spanning unpublished memoirs print and image archives interviews art film literature poetry and stand up comedy

An Oral History of the Palestinian Nakba Doctor Nahla Abdo,Nur Masalha,2018-05-15 In 2018 Palestinians mark the 70th anniversary of the Nakba when over

750 000 people were uprooted and forced to flee their homes in the early days of the Israeli Palestinian conflict Even today the bitterness and trauma of the Nakba remains raw and it has become the pivotal event both in the shaping of Palestinian identity and in galvanising the resistance to occupation Unearthing an unparalleled body of rich oral testimony An Oral History of the Palestinian Nakba tells the story of this epochal event through the voices of the Palestinians who lived it uncovering remarkable new insights both into Palestinian experiences of the Nakba and into the wider dynamics of the ongoing conflict Drawing together Palestinian accounts from 1948 with those of the present day the book confronts the idea of the Nakba as an event consigned to the past instead revealing it to be an ongoing process aimed at the erasure of Palestinian memory and history In the process each unique and wide ranging contribution leads the way for new directions in Palestinian scholarship

Palestinian Cinema Nurith Gertz,2008-01-15 Although in recent years the entire world has been increasingly concerned with the Middle East and Israeli Palestinian relationship there are few truly reliable sources of information regarding Palestinian society and culture either concerning its relationship with Israeli society its position between east and west or its stances in times of war and peace One of the best sources for understanding Palestinian culture is its cinema which has devoted itself to serving the national struggle In this book two scholars an Israeli and a Palestinian in a rare and welcome collaboration follow the development of Palestinian cinema commenting on its response to political and social transformations They discover that the more the social political and economic conditions worsen and chaos and pain prevail the more Palestinian cinema becomes involved with the national struggle As expected Palestinian cinema has unfolded its national narrative against the Israeli narrative which tried to silence it

Post-Millennial Palestine Rachel Gregory Fox,Ahmad Qabaha,2021-02-01 Shortlisted for the Palestine Book Awards 2021 Post Millennial Palestine Literature Memory Resistance confronts how Palestinians have recently felt obliged to re think memory and resistance in response to dynamic political and regional changes in the twenty first century prolonged spatial and temporal dispossession and the continued deterioration of the peace process Insofar as the articulation of memory in post colonial contexts can be viewed as an integral component of a continuing anti colonial struggle for self determination in tracing the dynamics of conveying the memory of ongoing chronic trauma this collection negotiates the urgency for Palestinians to reclaim and retain their heritage in a continually unstable and fretful present The collection offers a distinctive contribution to the field of existing scholarship on Palestine charting new ways of thinking about the critical paradigms of memory and resistance as they are produced and represented in literary works published within the post millennial period Reflecting on the potential for the Palestinian narrative to recreate reality in ways that both document it and resist its brutality the critical essays in this collection show how Palestinian writers in the twenty first century critically and creatively consider the possible future s of their nation
