Classroom Reading to Engage the Heart and Mind: 200+ Picture Books to Start SEL Conversations Nancy Boyles, 2020-04-01 Storybook characters and situations are perfect for launching discussions of social emotional learning why not let them help In picture books well loved characters deal with many of the same problems students face in their own lives What better resource could there be for encouraging students to think about their actions and responses Using classroom texts to start SEL conversations during an interactive read aloud or an extension of shared close reading lessons weaves social emotional learning organically into the fabric of an existing curriculum rather than adding a new block to the day In a book perfect for a study group or for immediate use in the classroom literacy educator Nancy Boyles connects the dots between the competencies identified by leaders in the SEL field with the rich content of children s literature More than 200 award winning picture books are profiled along the way as she unpacks each SEL skill sketches typical classroom situations in which teachers might not see that skill demonstrated discusses what to look for in books that address it and provides carefully crafted sets of questions to explore with students

Pedagogical Reflections On Learning Languages In Instructed Settings Maria Noelia Ruiz-Madrid, Esther Usó-Juan, 2009-03-26 Pedagogical Reflections on Learning Languages in Instructed Settings is intended to provide the latest pedagogical reflections that derive from research in a variety of key areas within the discipline of language learning Thus this volume aims at helping practising language teachers to update their teaching methodology The book has fifteen chapters that are grouped around five sections The first section of the book includes three chapters which outline past approaches to language learning and highlight advances in our understanding of how languages are likely to be learned and taught These three chapters provide the theoretical grounding for the rest of the volume by discussing outstanding concepts in the language learning field namely those of eclecticism Chapter 1 communication Chapter 2 and learner autonomy Chapter 3

The second section of the book contains three chapters which explore new directions in the field that have recently caught the attention of language researchers and practitioners namely the Information and Communication Technology ICT in language learning Chapter 4 the use of language corpora Chapter 5 and finally the use of the portfolio as a new assessment tool responding to new pedagogical demands Chapter 6 The third section of the book consists of three chapters which discuss the role of learners individual variables such as affect Chapter 7 learning styles Chapter 8 and learning strategies Chapter 9 crucial for understanding the nature of language learning The fourth section of the book has five chapters and provides insights into understanding the nature of the four language skills that is to say listening Chapter 10 speaking Chapter 11 reading Chapter 12 and writing Chapter 13 This section also addresses the issue of assessment with the aim of increasing awareness on the duality teaching assessing and its pedagogical dimension Chapter 14 The book concludes with the fifth section which includes a single chapter that pulls all aforementioned topics together and highlights connections to a student centred approach which involves a reformulation of language teachers teaching practices Chapter 15

Hegel's Phenomenology and Foucault's Genealogy Evangelia Sembou, 2016-04-22 Previously considered two different strands within continental thought this book compares and contrasts Hegel's phenomenology and Foucault's genealogy contending that in spite of their differences these approaches share important commonalities most notably in the manner in which they dispense with distinctions between subject and object theory and praxis mind and body and reason and nature thus pointing the way to a form of social and political theorizing without presuppositions Considering the possibility of developing a dialectical approach of phenomenology and genealogy this volume develops our understanding of critical theory whilst engaging in debates concerning truth and knowledge in the philosophy of the social sciences A rich exploration of the significance and implications of Hegel's phenomenology and Foucault's genealogy for the social sciences it will be of interest to philosophers as well as to social and political theorists
