Reflections of a Vampire C. D. Pressdee,2014-07 Early twentieth century Uri Greenbourg in his early twenties from a privileged upbringing in Britain goes on an expedition to the Amazon rain forests Collecting rare orchids he falls and is left for dead in a leech infested swamp Emaciated he is rescued by natives but acquires a vampire lust for blood during their tribal rituals His best friend Matt leads a search party that ends in disaster and alone he finds Uri Through timeless years of nocturnal roaming into the swinging sixties they travel to many countries and familiar exotic places But it s only to find an old adversary the wealthy young and suave Tristan Sackville obsessed with their demise is never far behind The Last Vampire Cara R. Mason,2025-06-13 In a world on the brink of collapse Valen Cross a man once transformed into a vampire is now fighting not just for his own survival but for humanity s With his memories erased by the nefarious Council he

is torn between his current vampiric self and the human he once was As the broadcast system he helped create begins transmitting the cure for vampirism Valen faces a harrowing decision Will he save the world at the cost of his life In a race against time the resistance against the Council has reached its final hour As the cure spreads globally ancient vampires like Lord Matthias remain untouched determined to destroy Valen and those who stand in his way With every second the threat grows and as Valen s body deteriorates from the intense energy required to amplify the signal the odds grow even steeper With Georgia the woman he loves at his side Valen fights to stop a catastrophe But will the cure reach everyone in time or is the price of salvation too high When Valen realizes the true nature of the cure and the key to saving humanity lies in someone he never expected the stakes soar Can he protect Georgia and the world from a legacy of darkness Or will the Council s grip prove impossible to break Is Valen s sacrifice enough to ensure the cure or will humanity face a fate worse than vampirism itself

The Horrid Looking Glass: Reflections on Monstrosity ,2020-09-25 From the fictional world of vampires zombies and invaders from other worlds to the very real world of revolutionary France and in between the nature of the monster encompasses the very quality that makes them so believable that which we perceive as other While there is a commonality in this otherness the monster lurking in the shadows concealed in darkness or conjured with a few lines from a horror novel suggests the monster as one onto which we are free to project the most distorted and un human features In each chapter of this volume you will discover that the way in which we project what is monstrous is not a singular other but is in fact a part of our own self identity The greatest horror of the monster is not that it stands apart but that once we pull it from the shadow of our own projected imagination we discover that that the monster we fear is also bound to our own mirror image To look at the monster to name that which must never be named is to look upon a reflection and embrace a part of our nature we do not wish to see
