Reflective Researcher Social Workers Theories Of Practice Research:

Social Work Research Heather D'Cruz, Martyn Jones, 2004-06-09 Written in an engaging and accessible style this book bridges the gap between theory and reality by discussing a range of research paradigms and placing them in the context of professional social work It also discusses the political and ethical contexts that are intrinsic to social work practice Work Research in Practice Heather D'Cruz, Martyn Jones, 2013-10-10 This new edition of Social Work Research in Practice Ethical and Political Contexts explores the intrinsic connection between knowledge research and practice in social work The authors argue that through a better appreciation of research the highest standards of social work can be achieved The second edition investigates contemporary approaches which impact on the discourses of social work research including Evidence based practice User led research Anti oppressive practice Practice based research Each chapter has been fully updated with a rich range of case examples and references Further reading is also included so that readers can expand their knowledge This book is a valuable resource for both undergraduate and postgraduate students as well as practitioners working in the field of social work Heather D Cruz works as a Consultant Research and Professional Education Martyn Jones is Associate Dean at RMIT University The Reflective Researcher Jan Fook, 1996-01-01 A guide to research methods in Social Work practice research Key Concepts and Theory in Social Work David Hodgson, Lynelle Watts, 2017-06-09 Social work is a discipline committed to social justice and human rights and to improving the well being of individuals families communities and societies But the world is changing with environmental disasters an increase in violent conflict and the aftermath of the Global Financial Crisis impacting negatively on human and ecological well being Social workers are often working at the forefront of these and other challenging situations and they must apply knowledge and skills to their practice in a thoughtful and ethical way What kind of knowledge and skills will social workers need to succeed in this intellectually and emotionally demanding job Broad ranging in scope and depth this highly readable text introduces readers to the key concepts in social work such as empathy reflective practice and notions of risk and provides both a focus on the theory and research literature that informs each one and an examination of how each will aid practitioners in their day to day work With the help of engaging practice examples that contextualize the topics under discussion the book also draws on ideas and literature from other disciplines including philosophy sociology and psychology in order to promote the open mindedness and depth of understanding required for practice with people from all walks of life An accessible text that brings all of the major social work concepts together in one place Key Concepts and Theory in Social Work is an essential book for students and practitioners alike Social Work, Critical Reflection and the Learning Organization Dr Mark Baldwin, Dr Nick Gould, 2012-12-28 A critical characteristic of human service organizations is their capacity to learn from experience and to adapt continuously to changing external conditions such as downward pressure on resources constant reconfiguration of the welfare state and rapidly changing patterns of social need This invaluable groundbreaking volume

discusses in detail the concept of the learning organization in particular its relevance to social work and social services Contributors join together from across Europe North America and Australia to explore the development of the learning organization within social work contexts and its use as a strategic tool for meeting problems of continuous learning supervision and change The volume addresses a range of important topics from strategies for embedding learning and critical reflection in the social work learning organization to the implications of the learning organization for the new community based health and social care agenda The SAGE Handbook of Social Work Research Ian Shaw, 2009-12-10 This is an ambitious book It aims at nothing less than a comprehensive account of the state of the art of social work research internationally and an intellectually original statement that will help to define and shape social work research Those with a serious interest in social work research will agree that this is a major undertaking and one that should put social work research on the map Ian Sinclair University of York UK This terrific Handbook provides an essential map for navigating the complex currents of social work research today It resists polemical and simplistic binaries to chart a course that emphasizes diversity pluralism and sensitivity to political contexts in many featured exemplars As key chapters note inherent tensions at the heart of social work itself are mirrored in current debates about the purposes and methods of social work research Rather than patch over differences the volume invites us to understand historical roots of unresolvable tensions and live with them The international scope of the volume is unique scholars from more than a dozen different countries were involved and its broad scope counters the tendency toward parochialism of much North American literature The Handbook should be essential reading for students and academics Catherine Riessman Boston University USA The SAGE Handbook of Social Work Research provides a comprehensive internationally focused account of leading social work research offering an original and defining statement on contemporary theory and practice within the field The groundbreaking Handbook engages critically with the nature and role of social work research and evaluation in contemporary societies around the globe and asks four key questions What is the role and purpose of social work research What contexts shape the practice and purpose of social work research How can we maximise the quality of the practice of social work research How can the aims of social work in its varied domains be met through social work research Ranging over local national and international issues and exploring questions of theory and practice this is a diverse and constructively organized overview of the field It will quickly be recognized as a benchmark in the expanding field of social work research setting the agenda for future work in the arena

The Routledge Handbook of Social Work Practice Research Lynette Joubert, Martin Webber, 2020-04-13 The Routledge Handbook of Social Work Practice Research is the first international handbook to focus on practice research for social work Bringing together leading scholars in the field from Europe the USA and the Asia Pacific region it provides an up to the minute overview of the latest thinking in practice research whilst also providing practical advice on how to undertake practice research in the field It is divided into five sections State of the art Methodologies Pedagogies Applications

Expanding the frontiers The range of topics discussed will enhance student development as well as increase the capacity of practitioners to conduct research develop coordinating and leadership roles and liaise with multiple stakeholders who will strengthen the context base for practice research As such this handbook will be essential reading for all social work students practitioners and academics as well as those working in other health and social care settings Social Work, Critical Reflection and the Learning Organization Mark Baldwin, 2016-04-01 A critical characteristic of human service organizations is their capacity to learn from experience and to adapt continuously to changing external conditions such as downward pressure on resources constant reconfiguration of the welfare state and rapidly changing patterns of social need This invaluable groundbreaking volume discusses in detail the concept of the learning organization in particular its relevance to social work and social services Contributors join together from across Europe North America and Australia to explore the development of the learning organization within social work contexts and its use as a strategic tool for meeting problems of continuous learning supervision and change The volume addresses a range of important topics from strategies for embedding learning and critical reflection in the social work learning organization to the implications of the learning organization for the new community based health and social care agenda Reflective Practice in Education and Social Work Robyn Ewing, Fran Waugh, David L. Smith, 2021-12-14 This book offers unique interdisciplinary insights into developing connections between reflective practice and employability particularly through the lenses of the education and social work professions It recognises the various meanings that can be applied to the notion of reflection and examines the challenges of using reflective practice in the workplace The chapters explore the tensions that arise from preparing professionals to be agents of change and concerned with social justice and equity Further the book provides much needed perspective on how diverse positions can be identified and leveraged and shared meanings negotiated in the creation of meaningful professional learning resources for early career teachers and social workers and across the career continuum Bringing together contributions from internationally renowned scholars Reflective Practice in Education and Social Work is essential reading for early career and experienced professionals in education and social work academics and practitioners seeking further professional development in reflective practice Transforming Social Work Practice Jan Fook, Bob Pease, 2016-01-08 Transforming Social Work Practice shows that postmodern theory offers new strategies for social workers concerned with political action and social justice It explores ways of developing practice frameworks paradigms and principles which take advantage of the perspectives offered by postmodern theory without totally abandoning the values of modernity and the Enlightenment project of human emancipation Case studies demonstrate how these perspectives can be applied to practice **Globalization and** International Social Work Malcolm Payne, Gurid Aga Askeland, 2016-04-22 Globalization challenges social work with constant social change making a social worker s job and the task of social work education more complex and uncertain Post modern thinking suggests that social workers must learn to cope with complexity in ways that are in tension with the

increasingly managerialist organization of the social services The authors explore and question the concepts of postmodern international and global in light of growing interest in international social work in the early 21st century Emphasizing the importance of critical reflection they argue that educational colonization can be challenged and effective anti discriminatory and pro equality practice and education promoted Each chapter provides direct examples of how students and academics can apply these ideas in practice and in their learning and how they can respond to and influence the challenges and changes that are taking place The authors also examine educational and practice issues arising from attempts to incorporate international understanding into national practice and education systems. The book is designed to be stimulating to academics interested in international social work while remaining accessible to practitioners and students without international experience **Encyclopedia of Social Work** ,1965 **Practice and Research** Ian Shaw, 2012 Introduced with a new essay that reflects on the serendipity misfires and occasional patterns in his work Practice and Research is an overview of Professor Ian Shaw's analysis of the complexity and challenges of the practice research relationship in social work and is a must read for any social work student or practitioner **Care Management and Community Care Mark** Baldwin, 2017-11-22 This title was first published in 2000 Community care stands as an example of a complex policy failing to be implemented as intended Using research and studies of literature on community care this text investigates the reasons behind the failure of this flagship policy focusing on the part played by care managers management and policy implementation approaches It presents an exploration of social work discretion as a potential force for positive and dynamic implementation as opposed to the usual analysis of professional discretion as a necessary evil This potential is demonstrated through the analysis of an innovative research methodology Reflection in Action Bairbre Redmond, 2017-03-02 Newly available in paperback this original and informative volume outlines a new well designed reflective teaching and learning model that can be used with single or multi disciplinary groups of students and professionals It offers an overview of the origins of the different theories of reflection and explains how different levels of reflection can be understood and incorporated into everyday teaching and training Outlining specific teaching and learning techniques to be used in training situations it also includes examples of how these techniques have been successfully used with groups of professionals from health and social care areas This edition features a substantive new preface bringing the book up to date with recent developments in the field It is a well researched guide to both the theory and the practice of reflection and it also offers those who teach and train professionals a clearly delineated reflective model for use in the classroom or professional training environment Human Rights and Social Work Jim Ife, Karen Soldatić, Linda Briskman, 2022-07-12 Human Rights and Social Work Towards Rights Based Practice helps students and practitioners understand how human rights concepts underpin the social work profession and inform their practice This book examines the three generations of human rights and the systems of oppression that prevent citizens from participating in society as equals It explores a range of topics from ethics and ethical

social work practice to deductive and inductive approaches to human rights and global and local human rights discourses The language processes structures and theories of social work that are fundamental to the profession are also discussed This edition features case studies exploring current events movements and human rights crises including the Black Lives Matter movement the Northern Territory Emergency Response and homelessness among LGBTIQA young people This edition is accompanied by online resources for both students and instructors Human Rights and Social Work is an indispensable guide for social work students and practitioners Critical and Creative Research Methodologies in Social Work Lia Bryant, 2016-03-09 Social work research is concerned with complex social issues closely connected to communities of people who are marginalized and oppressed This volume develops critical and creative research methodologies that place questions of social justice at their centre and take innovative approaches to collecting analysing interpreting and presenting research data The first section of the book examines textual data produced from an array of methodologies focused on the spoken and or written word These approaches allow those who are often silenced to speak by providing space and time to capture memory and meanings that may not come to light in a time driven structured research method like an interview or a questionnaire The second section of the book discusses visual methods including an examination of historical artefacts like photographs and objects and participant engagement with art specifically clay sculpture and drawings Both sets of methods examine the concept of time that is how we understand time as in our past memories how we develop relationships and knowledge over time These creative and critical methods provide new insights into ways of undertaking social research in social work which captures the complexity of social experiences problems and meanings that are more often than not embedded in time and place **Knowing Differently** Pranee Liamputtong, Jean Rumbold, 2008 This book explores the experiential research methods arts based reflexative collaborative that allow researchers to access their own and their participants knowing in richer ways It comprises chapters on innovative methods of research and analysis using literary forms performance and visual arts and through collaborative and interdisciplinary inquiry It offers methodological discussions and first person accounts of experiences in using these methods in order to fire the imagination of students and researchers Writers are drawn from various disciplines in the health and social sciences and the methodologies they discuss can be applied across these fields **Ethical Issues in Youth Work** Sarah Banks, 2012-10-12 Ethical Issues in Youth Work presents a systematic analysis of some of the core ethical dilemmas facing youth workers in their day to day practice Among the topics discussed are when to break confidentiality the ethics of religious conversion conflicts between cultures balancing the autonomy and control of young people maintaining an equilibrium between accountability to funders empolyers and young people This book also examines some of the key issues facing youth workers in the context of public fears of youth crime lawlessness drug use teenage pregnancy and policies designed to control and contain as well as educate and care for young people Ethical Issues in Youth Work offers a timely and unique insight into both the perennial dilemmas of youth work practice and some of the more recent challanges faced by youth workers in the light of current public attitudes and government policy towards young poeple Building the Reflective Healthcare Organisation Tony Ghaye, 2008-04-15 Healthcare organisations have to manage change in order to evolve and improve care This book explores the use of reflective practice as a practical tool to examine growth and change and to develop an effective health care organisation
