Reformational Theology A New Paradigm For Doing Dogmatics:

Reformational Theology Gordon J. Spykman, 1992 Following the Biblical story line of creation fall redemption consummation Spykman's new paradigm systematics represents a notable revision of the traditional loci method Spykman has reordered the basic Christian dogmas in a bold attempt to overcome the rationalist scholastic influences inherent in the older method T&T Clark Handbook of Neo-Calvinism Nathaniel Gray Sutanto, Cory Brock, 2024-01-25 Neo Calvinism critically advances Reformed orthodoxy for the sake of modern life Birthed in the Netherlands at the turn to the twentieth century initiated by Abraham Kuyper 1837 1920 and Herman Bavinck 1854 1921 it argued that a life before God entailed the leavening of faith over all human existence While the movement originated in the Netherlands the tradition now has a global reach with practitioners and thinkers applying its insights in diverse ways and in their own contexts This handbook is a genealogical introduction to this lively and modern branch of the Reformed tradition with contributors that reflect its global reach Its four sections chart the theological roots important original figures historical contours and the contemporary influence of neo Calvinism across a diversity of fields The Power of the Church Michael R. Wagenman, 2020-11-20 It is fascinating that in all the media reports and discussions of the church's abuse of power in the early years of the twenty first century few if any seemed to notice that the accusation of the church's misuse of power presupposed a shared understanding of the positive use of power within the church that had been violated Rather than an interest in the sociological aspect of this question this book examines the more ontological and normative aspects of it That is it investigates and discerns the foundational theological framework of culture and society and the location and purpose of the church within them As a cultural force and societal institution what does the church constructively bring to the human community *The Gospel and Israel* Paul F. Morris, 2014-04-07 The mission of the church to the Jews is a unique one The biblical theological and practical issues differ from those with other groups because Israel was and is the people to whom God gave his promises However the unbelief of many Jewish people and the persecution of Jewish people in the name of Jesus makes mission to the Jews uniquely difficult requiring considerable sensitivity But it is also full of hope for there is promise of both a remnant and a fullness coming to faith in Jesus the Messiah The lectures in this book were part of a series organized by Christian Witness to Israel in Australia to explore this unique challenge and to encourage an intelligent heartfelt and persevering interest in mission to the Jewish people The studies focus on Biblical theological historical and current issues They were named the Edersheim Lectures after Alfred Edersheim the well known nineteenth century Jewish Christian scholar and author who served in Romania as a missionary and in the United Kingdom as a pastor Following in his example *The Gospel and Israel* engages in an in depth examination of themes relating to the Jewish people and the Christian faith Predestination Greg Kame, 2021-03-11 The doctrine of predestination is an important starting point for the study of Christian theology thought from a Reformed theological perspective This doctrine is essential because it is one of the central themes from the Bible that

has been the reason for many debates among many theologians in the history of the church. Despite the different views held by mainline Protestant theologians like Martin Luther, John Calvin, and Jacobus Arminius, this book points to Scripture as the basis for Reformed soteriology. It uses the tools of biblical interpretation to show how the entire Bible addresses the doctrine of predestination so that theology students, pastors, Bible teachers, and anyone interested in Christian theology will better understand predestination from a Reformed perspective toward an effective ministry today. The Wheat and the Tares Andrew Allan Chibi, 2017-05-25. Western Christians in the late Middle Ages were accustomed to living in a hierarchical Church, albeit one that had huge local differences and many divisions. Half a millennium later, that seeming unity has been shattered into tens of thousands of Christian denominations, each with its distinctive beliefs and structure. In *The Wheat and the Tares*, Andrew Chibi explores the era of the Reformation, showing how that unity was shattered in a few years. Chibi brings out the divisions that were simmering deep beneath the surface in the era before Luther posted his 95 theses attacking the sale of indulgences on the door of the Castle Church at Wittenberg, sparking momentous changes throughout Europe. The widespread recognition of the need for reform is seen through the eyes of Erasmus, the greatest scholar of the age. Exploring the writings of the main reformers about the Church, Chibi brings out the diverse ecclesiological ideas. Jesus's parable of the Wheat and the Tares, for Zwingli and other reformers, offered an image as the reformers sought to rediscover the purity of the Church as God's gift.

Outsiders on the Inside William E. Boyce, 2022-05-04. Can Christian community be racially exclusive and still call itself faithful? In the United States, the story of Christianity has been intertwined with the story of race since the beginning. All too often, Christian leaders have fostered cultures that wound minority members instead of creating cultures that heal division. With this history of exclusion, all Christians must ask whether our churches practice the racial hospitality envisioned in the Scriptures. In this necessary conversation, minority pastors' voice fatigue signals that church cultures are not as welcoming as they often claim to be. *Outsiders on the Inside* explores the history of race in the Presbyterian Church in America (PCA), comparing the denomination's core theological convictions with the experiences of Black PCA pastors. This is a story of racial fatigue and resilience of learning to thrive in the midst of challenging environments. This study reveals areas for growth and opens up possibilities for Christians of all races and confessions to come together, creating a diverse, hospitable, and healing community.

The Gospel of Our King Bruce Riley Ashford, Heath A. Thomas, 2019-04-16. This accessible overview shows how the Bible, with its 66 books, dozens of authors, and multiple genres, comes together to provide an overarching story about God the King and explains how the Christian gospel and mission address the totality of human life. Written by a biblical scholar and a theologian, *The Gospel of Our King* shows how any account of gospel and mission can only be understood in light of the whole biblical testimony. The authors help us understand the Bible's overarching narrative as the story that encompasses everything. This story, revealed by God and centered on Jesus the King, enables us to know and love God and to fulfill his purpose for our lives. It is the framework within which we come to

understand the Christian worldview the Christian gospel and the Christian mission When we understand how the whole Bible fits together to shape the totality of a Christian's life we will be prepared to show the goodness of Christ and the gospel to others in our personal social cultural and global contexts

Rediscovering the Natural Law in Reformed Theological Ethics Stephen J. Grabill, 2006-10-05 Is knowledge of right and wrong written on the human heart Do people know God from the world around them Does natural knowledge contribute to Christian doctrine While these questions of natural theology and natural law have historically been part of theological reflection the radical reliance of twentieth century Protestant theologians on revelation has eclipsed this historic connection Stephen Grabill attempts the treacherous task of reintegrating Reformed Protestant theology with natural law by appealing to Reformation era theologians such as John Calvin Peter Martyr Vermigli Johannes Althusius and Francis Turretin who carried over and refined the traditional understanding of this key doctrine Rediscovering the Natural Law in Reformed Theological Ethics calls Christian ethicists theologians and laypersons to take another look at this vital element in the history of Christian ethical thought

The Resurrection in Karl Barth R. Dale Dawson, 2017-05-15 Karl Barth repeatedly spoke of the centrality and unparalleled significance of the resurrection of Jesus Christ for his theological understanding yet a clear grasp of its nature and scope in Barth continues to find little expression in scholarly literature This book seeks to draw out the theological substance and systematic implications of Barth's thinking on this theme Barth's mature understanding of the resurrection concentrates upon the transition from the objective achievement of reconciliation culminating in the crucifixion and death of Jesus Christ to its subjective appropriation in the life of the believer all within a thoroughly christological context The resurrection may be described as the way of the crucified Lord to others and is for Barth the essential and efficient link between christology proper and the extension of Christ's saving work to others

Fundamentalism and Evangelicals Harriet A. Harris, 1998-06-11 This study examines the contentious claim that much evangelicalism is fundamentalist in character Within Protestantism the term fundamentalism denotes not only a movement but also a mentality which has greatly affected evangelicals and which involves preserving as factual a reading of scripture as possible Here the development and dismantling of the fundamentalist mentality is examined in light of philosophical influences upon evangelicalism over the last three centuries notably Common Sense Realism neo Calvinism and modern hermeneutical philosophy Particular attention is paid to James Barr's critique of fundamentalism and to evangelical rejoinders Harriet A Harris proposes that the fundamentalist mentality does not do justice to evangelical experience since it is more concerned with the Bible's factual truthfulness than with its life giving effects An appendix on Global Fundamentalism brings together two rarely united fields of study Protestant fundamentalism's relation to evangelicalism and its relation to resurgent movements in other religions

Theology in Japan J. Nelson Jennings, 2005 Japanese Christian leader Takakura Tokutaro 1885-1934 is the focus of this exhaustive historical and theological study Takakura's life spanned a critical period in developing Japan a new member of the modern family of nations At the age of 21

through the preaching of the immensely influential church leader Uemura Masahisa Takakura converted to the Christian faith. He later spent over two years in the West reading extensively in British and German theology. Takakura thus faced the challenge of absorbing numerous lines of influence and re-articulating the Christian faith within his own generation's distinctly Japanese linguistic and religious-cultural context. His personal religious experience was a microcosm of the universalization of Christian theology during the nineteenth and twentieth centuries. Despite having played important leadership roles within the Protestant Church in Japan during the 1920s and early 1930s, Takakura's name is scarcely known outside limited Japanese theological circles. This study lends recognition to his influential role in the Christian Church. It also utilizes Takakura's example to provide further insight into the universalizing trend in Christian thought that continues even today.

The Church in Anglican Theology Kenneth A. Locke, 2009. This book is the first systematic attempt to describe a coherent and comprehensive Anglican understanding of Church. Rather than focusing on one school of thought, Dr. Locke unites under one ecclesiological umbrella the seemingly disparate views that have shaped Anglican reflections on Church. He does so by exploring three central historical developments: 1. the influence of Protestantism, 2. the Anglican defence of episcopacy, and 3. the development of the Anglican practice of authority. Dr. Locke demonstrates how the interaction of these three historical influences laid the foundations of an Anglican understanding of Church that continues to guide and shape Anglican identity. He shows how this understanding of Church has shaped recent Anglican ecumenical dialogues with Reformed, Lutheran, Orthodox, and Roman Catholic Churches. Drawing on the principle that dialogue with those who are different can lead to greater self-understanding and self-realization, Dr. Locke demonstrates that Anglican self-identity rests on firmer ecclesiological foundations than is sometimes supposed.

From History to Narrative Hermeneutics Han Young Lee, 2004. During the past century, biblical hermeneutics experienced dramatic changes in theory and practice, reflecting epistemological adjustments and paradigm shifts involving a progress in theoretical problems and methodological procedures to address basic scholarly issues. In order to investigate the nature and significance of such shifts and respective theoretical problems, *From History to Narrative Hermeneutics* undertakes an analytical, critical, and epistemological evaluation of three major methodological movements: namely, the empirical-positivistic, the literary-structural, and the narrative approaches. Han Young Lee has constructed a holistic interpretative approach that attempts to honor the intrinsic inner-revelational structure of the biblical texts.

Covenantal Biomedical Ethics for Contemporary Medicine James J. Rusthoven, 2014-04-29 Principles-based biomedical ethics has been a dominant paradigm for the teaching and practice of biomedical ethics for over three decades Attractive in its conceptual and linguistic simplicity it has also been criticized for its lack of moral content and justification and its lack of attention to relationships This book identifies the modernist and postmodernist worldviews and philosophical roots of principlism that ground the moral minimalism of its common morality premise Building on previous work by prominent Christian bioethicists an alternative covenantal ethical framework is presented in our contemporary context Relationships constitute the core of medicine and understanding the ethical meaning of those relationships is important in providing competent and empathic care While the notion of covenant is articulated through the richness of meaning taught in the Christian Scriptures covenantal commitment is also appreciated in Islamic Jewish and even pagan traditions as well In a world of increasing medical knowledge and consequent complexity of care such commitment can help to resist enticements toward the pursuit of self-interest It can also improve relationships among caregivers each of whose specific expertise must be woven into a matrix of care that constitutes optimal medical practice for each vulnerable and needy patient
