Revelation Restored Divine Writ And Critical Responses:

Revelation Restored David Weiss Halivni, 1998-09-04 Modern critical scholars divide the Pentateuch into distinct components identifying areas of unevenness in the scriptural tradition which point to several interwoven documents rather than one immaculate whole While the conclusions reached by such critical scholarship are still matters of dispute the inconsistencies which it has identified stand clearly before us and pose a serious challenge to the believer in divine revelation How can a text marred by contradiction be the legacy of Sinai How can there be reverence for holy scriptures that show signs of human intervention David Weiss Halivni explores these questions not by disputing the evidence itself or by defending the absolute integrity of the Pentateuchal words at all costs but rather by accepting the inconsistencies of the text as such and asking how this text might yet be a divine legacy Inconsistencies and unevenness in the Pentateuchal scriptures are not the discovery of modern textual science alone Halivni demonstrates that the earliest stewards of the Torah including some of those represented in the Bible itself were aware of discrepancies within the tradition From the Book of Chronicles through the commentaries of the Rabbis sensitive readers have perceived maculations which mitigate against the notion of an unblemished divine document and have responded to these maculations in different ways Revelation Restored asserts that acknowledging and accounting for human intervention in the Pentateuchal text is not alien to the Biblical or Rabbinic tradition and need not belie the tradition of revelation Moreover it argues that through recognizing textual problems in the scriptures as well as efforts to resolve them in tradition we may learn not only about the nature of the Pentateuch itself but also about the ongoing relationship between its people and its source **Revelation Restored** David Weiss

Halivni, 2019-05-20 In this thought provoking book David Weiss Halivni asserts that the act of acknowledging and accounting for inconsistencies in the Pentateuchal text is not alien to the Biblical or Rabbinic tradition and need not belie the tradition of revelation Moreover the author argues that through recognizing textual problems in the scriptures as well as e Scripture,

Reason, and the Contemporary Islam-West Encounter S. Kepnes, B. Koshul, 2007-08-06 The unique essays in this collection use the underlying allegiance to scripture in Islam Judaism and Christianity to underscore the deep affinities between the three monotheistic traditions while at the same time encouraging respect for the differences between the traditions to be preserved

Absorbing Perfections Moshe Idel, 2008-10-01 In this wide ranging discussion of Kabbalah from the mystical trends of medieval Judaism to modern Hasidism one of the world's foremost scholars considers different visions of the nature of the sacred text and of the methods to interpret it Moshe Idel takes as a starting point the fact that the postbiblical Jewish world lost its geographical center with the destruction of the temple and so was left with a textual center the Holy Book Idel argues that a text oriented religion produced language centered forms of mysticism Against this background the author demonstrates how various Jewish mystics amplified the content of the Scriptures so as to include everything the world or God for example Thus the text becomes a major realm for contemplation and the interpretation of the text frequently becomes an

encounter with the deepest realms of reality Idel delineates the particular hermeneutics belonging to Jewish mysticism investigates the progressive filling of the text with secrets and hidden levels of meaning and considers in detail the various interpretive strategies needed to decodify the arcane dimensions of the text *Christianity In Jewish Terms* Tikva Frymer-kensky, David Novak, Peter Ochs, David Sandmel, Michael Singer, 2008-08-01 Over the past few decades there has been a dramatic and unprecedented shift in Jewish Christian relations including signs of a new improved Christian attitude towards Jews Christianity in Jewish Terms is a Jewish theological response to the profound changes that have taken place in Christian thought The book is divided into ten chapters each of which features a main essay written by a Jewish scholar that explores the meaning of a set of Christian beliefs Following the essay are responses from a second Jewish scholar and a Christian scholar Designed to generate new conversations within the American Jewish community and between the Jewish and Christian communities Christianity in Jewish Terms lays the foundation for better understanding It was named a Choice Outstanding Academic Book of 2001 *The Oxford Handbook of Karl Barth* Paul Dafydd Jones, Paul T. Nimmo, 2019-12-17 Karl Barth 1886 1968 is generally acknowledged to be the most important European Protestant theologian of the twentieth century a figure whose importance for Christian thought compares with that of Augustine Thomas Aquinas John Calvin Martin Luther and Friedrich Schleiermacher Author of the Epistle to the Romans the multi volume Church Dogmatics and a wide range of other works theological exegetical historical political pastoral and homiletic Barth has had significant and perduring influence on the contemporary study of theology and on the life of contemporary churches In the last few decades his work has been at the centre of some of the most important interpretative critical and constructive developments in the fields of Christian theology philosophy of religion and religious studies The Oxford Handbook of Karl Barth is the most expansive guide to Barth s work published to date Comprising over forty original chapters each of which is written by an expert in the field the Handbook provides rich analysis of Barth s life and context advances penetrating interpretations of the key elements of his thought and opens and charts new paths for critical and constructive reflection In the process it seeks to illuminate the complex and challenging world of Barth s theology to engage with it from multiple perspectives and to communicate something of the joyful nature of theology as Barth conceived it It will serve as an indispensable resource for undergraduates postgraduates academics and general readers for years to come *Seconding Sinai* Hindy Najman, 2003 This work criticizes the terms Pseudepigraphy and Rewritten Bible which presuppose conceptions of textual fidelity foreign to ancient Judaism It develops the concept of a discourse whose creativity and authority depend on repeated returns to the exemplary figure of a founder *Jewish Studies on Premodern Periods* Carl S. Ehrlich, Sara R. Horowitz, 2023-05-22 This volume examines new developments in the fields of premodern Jewish studies over the last thirty years The essays in this volume written by leading experts are grouped into four overarching temporal areas the First Temple Second Temple Rabbinic and Medieval periods These time periods are analyzed through four thematic methodological lenses the social

scientific history and society the textual texts and literature the material art architecture and archaeology and the philosophical religion and thought Some essays offer a comprehensive look at the state of the field while others look at specific examples illustrative of their temporal and thematic areas of inquiry The volume presents a snapshot of the state of the field encompassing new perspectives directions and methodologies as well as the questions that will animate the field as it develops further It will be of interest to scholars and students in the field as well as to educated readers looking to understand the changing face of Jewish studies as a discipline advancing human knowledge

The Nature of Biblical Criticism John Barton, 2007-01-01 Biblical criticism faces increasing hostility on two fronts from biblical conservatives who claim it is inherently positivistic and religiously skeptical and from postmodernists who see it as driven by the falsities of objectivity and neutrality In this magisterial overview of the key factors and developments in biblical studies John Barton demonstrates that these evaluations of biblical criticism fail to do justice to the work that has been done by critical scholars over many generations Traditional biblical criticism has had as its central concern a semantic interest a desire to establish the plain sense of the biblical text which in itself requires sensitivity to many literary aspects of texts Therefore he argues biblical criticism already includes many of the methodological approaches now being recommended as alternatives to it and further the agenda of biblical studies is far less fragmented than often thought

Exile: A Conversation with N. T. Wright James M. Scott, 2017-07-07 N T Wright is well known for his view that the majority of Second Temple Jews saw themselves as living within an ongoing exile This book engages a lively conversation with this idea beginning with a lengthy thesis from Wright responses from eleven New Testament scholars and a concluding essay from Wright responding to his interlocutors

Jewish Theology for a Postmodern Age Miriam Feldmann Kaye, 2019-03-08 Through a critical study of the writings of Rav Shagar and Tamar Ross Miriam Feldmann Kaye asks how Jewish theology can survive the tide of postmodernism and its refutation of a single objective and ultimate truth and suggests how aspects of postmodernism might be conceived of as a potential resource for rejuvenating religion

Remembering The End P. Travis Kroeker, 2018-03-08 Dostoevsky was one of those writers of the nineteenth century who came to be regarded by many readers in the following century as a prophet How does he remain prophetic for us now in the early twenty first century Remembering the End explores and assesses Dostoevsky's critique of modernity with particular focus on the Grand Inquisitor in The Brothers Karamazov where his prophetic vision finds its most intense expression The authors write to elucidate the spiritual realism of Dostoevsky's biblically charged literary art and to show how it can help us to remember who we are in this modern postmodern moment in which as individuals and members of communities we are required to make critical choices about the meaning of justice history truth and happiness The book will be of interest to readers in comparative literature ethics political theory philosophy religious studies and theology

Between the Canon and the Messiah Colby Dickinson,2013-03-14 Dickinson traces the development of two concepts the messianic and the canonical as they circulate interweave and contest each other in the work of three prominent continental philosophers Walter Benjamin Jacques Derrida and Giorgio Agamben though a strong supporting cast of Jan Assmann Gershom Scholem Jacob Taubes and Paul Ricoeur among others also play their respective roles throughout this study He isolates how their various interactions with their chosen terms reflects a good deal of what is said within the various discourses that constitute what we have conveniently labelled often in mistakenly monolithic terms as Theology By narrowing the scope of this study to the dynamics generated historically by these contrasting terms he also seeks to determine what exactly lies at the heart of theology s seemingly most treasured object the presentation beyond any representation the supposed true nucleus of all revelation and what lies behind any search for a theology of immanence today

Freedom and Law Randi Rashkover,2011 By contrast Freedom and Law argues that only in an account of revelatory law can divine freedom and human freedom be thought of without contradiction The first part analyzes the logic of exceptionalism In the second part the author argues that one cannot invoke a doctrine of election without rigorous scrutiny of texts that portray an electing God and an elected people Once we scrutinize these texts the character of freedom and law within the divine human relationship shows itself to be different from that found in exceptionalist logics The third and final part examines the impact of the logic of the law on Jewish Christian apologetics Rather than require that one defend one s position to a nonbeliever this logic situates all epistemological justification within the order or freedom of God **The Law**

Before the Law Steven Robert Wilf,2008-01-01 This book is a study in the law that exists before the beginnings of law It looks at one foundational moment the giving of the Torah at Mount Sinai Drawing upon nearly two thousand years of Hebrew commentary often scattered and fragmentary The Law Before the Law seeks to reconstruct imaginative understandings of how Hebrew commentators visualized what existed prior to receiving the commandments Church And Israel After

Christendom Scott Bader-Saye,2019-03-08 This book presents two seismic events The first is the demise of the Christendom paradigm in which the church was positioned as the spiritual sponsor of Western civilization The second event is the Holocaust the Shoah the systematic attempt by a Christian nation to eradicate the Jews **Talmuda de-Eretz Israel**

Steven Fine,Aaron Koller,2014-07-28 Talmuda de Eretz Israel Archaeology and the Rabbis in Late Antique Palestine brings together an international community of historians literature scholars and archaeologists to explore how the integrated study of rabbinic texts and archaeology increases our understanding of both types of evidence and of the complex culture which they together reflect This volume reflects a growing consensus that rabbinic culture was an embodied culture presenting a series of case studies that demonstrate the value of archaeology for the contextualization of rabbinic literature It steers away from later twentieth century trends particularly in North America that stressed disjunction between archaeology and rabbinic literature and seeks a more holistic approach *Congress Volume Zurich 2022* ,2025-10-20 This volume presents the main

lectures of the 24th Congress of the International Organization for the Study of the Old Testament IOSOT held in Zurich Switzerland in August 2022 It is written by nineteen established international scholars whose combined research reflects the broad spectrum of contemporary biblical scholarship The volume includes articles ranging from the study of the ancient Near East the archaeology of ancient Israel and Judah and the Dead Sea Scrolls via thematic investigations and ideological readings of key texts to studies exploring the formation ideology and reception of biblical books **With Reverence for the Word** Jane Dammen McAuliffe, Barry D. Walfish, Joseph W. Goering, 2010-09-14 This volume represents the first trilateral exploration of medieval scriptural interpretation During the medieval period the three exegetical traditions of Judaism Christianity and Islam produced a vast literature one of great diversity but also one of numerous cross cultural similarities
