Where Sin Abounds Robert R. Gonzales Jr., 2010-01-01 Nearly all scholars divide Genesis into primeval and patriarchal history though they debate the precise point of division One reason advanced to justify the division is a thematic shift In primeval history the narrator focuses on the origin and spread of sin as well as God s consequent curse and judgment on humanity In patriarchal history however the spread of sin theme falls off the radar of most scholars But these analyses of the primeval and patriarchal narratives are simplistic and inaccurate In fact the theme of human sin and the divine curse not only serve as the main themes of the Fall narrative but they also continue to function as major themes in both the primeval and patriarchal narratives that follow More particularly human sin appears to increase at both individual and societal levels Moreover just as the primordial sin threatened to derail the advance of God s kingdom and fulfillment of the creation mandate so the spread of human sin in postlapsarian history threatens to thwart God s redemptive plan which consists in the restoration of his original creational intentions for divine and human eschatological fullness This proves true even in the patriarchal narratives where the sins of God s chosen often threaten the very promise intended for their ultimate good These facts which the author attempts to demonstrate in the monograph not only have important ramifications for the unity of the Genesis corpus but they also have important implications for the doctrines of sin justification and sanctification **Power Over Serpents** Isaac Newton Corns, 2025-05-06 Power over Serpents is a bold identity driven declaration of victory for every believer who knows Christ lives in them now Written in the first person this book equips me to crush every lie every fear and every work of the devil without apology or hesitation I do not walk in survival I walk in dominion I tread on serpents daily

confront deception with truth and burn with the fire of the Holy Ghost The serpent was defeated at the cross and because Christ is in me I live as the enforcer of that finished victory This book is my call to never back down to walk in full authority and to keep crushing serpents until the end

Bad Christians, New Spains Byron Ellsworth Hamann, 2019-10-28 This book centers on two inquisitorial investigations both of which began in the 1540s One involved the relations of Europeans and Native Americans in an Oaxacan town in New Spain today s Mexico The other involved relations of Moriscos recent Muslim converts to Catholicism and Old Christians people with deep Catholic ancestries in the Mediterranean kingdom of Valencia in the old Spain Although separated by an ocean the social worlds preserved in the inquisitorial files share many things By comparing and contrasting the two inquisitions Hamann reveals how very local practices and debates had long distance parallels that reveal the larger entanglements of a transatlantic early modern world Through a dialogue of two microhistories he presents a macrohistory of large scale social transformation We see how attempts in both places to turn old worlds into new ones were centered on struggles over materiality and temporality By paying close attention to theories and practices of reduction and conversion Hamann suggests we can move beyond anachronistic models of social change as colonization and place questions of time and history at the center of our understandings of the sixteenth century past The book is an intervention in major debates in both history and anthropology about the writing of global histories our conceptualizations of the colonial the nature of religious and cultural change and the roles of material things in social life and the imagination of time

Sexual Personae Camille Paglia, 1990-09-10 In this brilliantly original book Camille Paglia identifies some of the major patterns that have endured in western culture from ancient Egypt and Greece to the present According to Paglia one source of continuity is paganism which undefeated by Judeo Christianity continues to flourish in art eroticism astrology and pop culture Others she says are androgyny sadism and the aggressive western eye which has created our art and cinema Paglia follows these and other themes from Nefertiti and the Venus of Willendorf to Apollo and Dionysus from Botticelli and Michaelangelo to Shakespeare and Blake and finally to Emily Dickinson who along with other major nineteenth century authors becomes a remarkable example of Romanticism turned into Decadence Paglia offers provocative views of literature art history psychology and religion She focuses for example on the amorality voyeurism and pornography in great art that have been ignored or glossed over by most critics She discusses sex and nature as brutal daemonic forces and she criticizes feminists for sentimentality or wishful thinking about the causes of rape violence and poor relations between the sexes She stressed the biologic basis of sex differences and sees the mother as an overwhelming force who condemns men to lifelong sexual anxiety from which they escape through rationalism and physical achievement She examines the culture and style of modern male homosexuals She demonstrates how much of western life art and thought is ruled by personality which she traces through recurrent types or personae such as the female vampire Medusa Lauren Bacall the pythoness the Delphic oracle Gracie Allen the beautiful boy Hadrian s Antinous Dorian Gray the epicene man of beauty

Lord Byron Elvis Presley and the male heroine Baudelaire Woody Allen Her book will stimulate and awe readers everywhere

The Geometry of Love Margaret Visser,2015-06-23 A delightful tour of Rome s St Agnes Outside the Walls examining the stories rituals and architecture of this seventeen hundred year old building The Christian Science Monitor In The Geometry of Love acclaimed author Margaret Visser the preeminent anthropologist of everyday life takes on the living history of the ancient church of St Agnes Examining every facet of the building from windows to catacombs Visser takes readers on a mesmerizing tour of the old church covering its social political religious and architectural history In so doing she illuminates not only the church s evolution but also its religious legacy in our modern lives Written as an antidote to the usual dry and traditional studies of European churches The Geometry of Love is infused with Visser s unmatched warmth and wit celebrating the remarkable ways that one building can reveal so much about our history and ourselves

Works of Robert E. Howard Robert E. Howard,2022-03-31 Robert Erving Howard is well known for his character Conan the Barbarian and is regarded as the father of the sword and sorcery subgenre Howard remains a highly read author with his best works still reprinted and is one of the best selling fantasy writers of all time Howard s distinctive literary style relies on a combination of existentialism poetic lyricism violence grimness humour burlesque and a degree of hardboiled realism

The Coming of God Jürgen Moltmann,Margaret Kohl,2004-07-27 Winner of Grawemeyer Award In this remarkable and timely work in many ways the culmination of his systematic theology world renowned theologian Jurgen Moltmann stands Christian eschatology on its head Moltmann rejects the traditional approach which focuses on the End an apocalyptic finale as a kind of Christian search for the final solution He centers instead on hope and God s promise of new creation for all things Christian eschatology he says is the remembered hope of the raising of the crucified Christ so it talks about beginning afresh in the deadly end Yet Moltmann s novel framework deeply informed by Jewish and messianic thought also fosters rich and creative insights into the perennially nettling questions of eschatology Are there eternal life and personal identity after death How is one to think of heaven hell and purgatory What are the historical and cosmological dimensions of Christian hope What are its social and political implications In a heartbreakingly fragile and fragment world Moltmann s comprehensive eschatology surveys the Christian vista bravely envisioning our horizons of expectation for personal social even cosmic transformation in God The Casa del Deán Penny C. Morrill,2023-09-15 The Casa del De n in Puebla Mexico is

one of few surviving sixteenth century residences in the Americas Built in 1580 by Tom s de la Plaza the Dean of the Cathedral the house was decorated with at least three magnificent murals two of which survive Their rediscovery in the 1950s and restoration in 2010 revealed works of art that rival European masterpieces of the early Renaissance while incorporating indigenous elements that identify them with Amerindian visual traditions Extensively illustrated with new color photographs of the murals The Casa del De n presents a thorough iconographic analysis of the paintings and an enlightening

discussion of the relationship between Tom s de la Plaza and the indigenous artists whom he commissioned Penny Morrill skillfully traces how native painters trained by the Franciscans used images from Classical mythology found in Flemish and Italian prints and illustrated books from France as well as animal images and glyphic traditions with pre Columbian origins to create murals that are reflective of Don Tom s s erudition and his role in evangelizing among the Amerindians She demonstrates how the importance given to rhetoric by both the Spaniards and the Nahuas became a bridge of communication between these two distinct and highly evolved cultures This pioneering study of the Casa del De n mural cycle adds an important new chapter to the study of colonial Latin American art as it increases our understanding of the process by which imagery in the New World took on Christian meaning
