Shenson, 1986 **The Contract and Fee-Setting Guide for Consultants and Professionals** Howard L. Shenson, 1990-01-16 Expert advice on how to strike a fair deal and command a fair price The Contract and Fee Setting Guide for Consultants Professionals No matter how knowledgeable you are in your field No matter how great your track record No matter how expert your advice or impressive your credentials you jeopardize your client base if you do not instill every phase of your practice with a consummate professionalism And for sharp clients the first clear signs of such a savvy professionalism are the ability to set fees at a fair market price and offer neat straightforward contracts with clearly delineated terms This book teaches you in a few days what it traditionally took people half a lifetime to learn through trial and error In writing it the author drew on his more than twenty years as a business consultant lecturer and author to offer you tips on how to ask for and get the fees you deserve and to establish contract terms that are in the best interests of you and your clients Throughout he shares his insider's expertise on Determining market value for your services Establishing per diem or per project rates and calculating overhead Advantages and disadvantages of various systems of fee setting and billing Six major goals of every contract Negotiating the contract and avoiding legal pitfalls *The Consulting Handbook* Howard L. Shenson, 1989 **The Knowledge Creation Potential of Management Consulting** Francesco Ciampi, 2008-06-02 The Knowledge Creation Potential of Management Consulting interprets management consulting from a knowledge perspective and proposes a general conceptual framework for investigating and interpreting that potential To begin with the main dynamics of change that characterize today's demand for management consulting is outlined and it is suggested that firms are becoming increasingly aware of the real cognitive rather than only the economic value generation potential that can be activated through the consulting relationship Also the possible pathways for evolutionary transformation of consulting practices models and roles that consulting firms could follow if they want to take advantage of the important changes that are taking place are looked at Next a definition of management consulting is proposed which aims to identify the distinctive ontological real essential and relatively stable features of this particular service and emphasizes the mainly cognitive nature of its value creation potential Furthermore two approaches to interpreting management consulting are discussed the diachronic

approach and the synchronic approach To conclude the theories interpreting knowledge creation processes as knowledge conversion processes are explained and applied to the specific context of management consulting relationships
