Judaism's Story of Creation Jacob Neusner,2021-09-06 During the formative age of Judaism the first seven centuries CE the great rabbis thought deeply about beginnings in light of endings They imposed upon their sequential reading of each passage the accumulated results of their reflection about all passages Thus they encompassed Scripture so as to describe the world as God had intended it to be This act of intellect resulted in two distinct ahistorical media of thought and expression the Halakhah law and Aggadah lore The author provides three systematic accounts of the Halakhic reading and two Aggadic accounts The Halakhic accounts cover 1 Work and Rest 2 Ownership and Possession Eden and the Land and 3 Ownership and Possession in the Household The Aggadic accounts pertain to 1 the Six Days of Creation and 2 Adam and Eve Karl Barth's Church Dogmatics for Everyone, Volume 3---The Doctrine of Creation Marty Folsom,2025-05-06 Karl Barth s Church

Dogmatics is considered by many to be the most important theological work of the twentieth century. For many people, reading it or at least understanding its contents and arguments is a lifelong goal. Yet its enormous size at over 12,000 pages in English translations and enough print volumes to fill an entire shelf make reading it a daunting prospect for seasoned theologians and novices alike. Karl Barth's *Church Dogmatics for Everyone*, Volume 3: *The Doctrine of Creation*, helps bridge the learning gap for would-be Karl Barth readers from beginners to professionals by offering an introduction to Barth's theology and thought like no other. User-friendly and creative, this guide helps readers get the gist, significance, and relevance of what Barth intended for the church to restore the focus of theology and revitalize the practices of the church. Each section contains insights for pastors, new theologians, professionals, and ordinary people, including summaries of the section, contextual considerations, and other visually informative features that reinforce the main points of Barth's thought. In addition, each volume features the voices of authors from different academic disciplines who contribute brief reflections on the value of *Church Dogmatics* for creative discovery in their disciplines. Volume 3 reflections include Samuel Adams (Biblical Studies), Gary Deddo (Systematic Theology), Cherith Fee Nordling (Embodied Theology), Will Willimon (Pastors), Jeff McSwain (Ordinary People), Daniel J. Price (Mental Health), Geordie Ziegler (Spiritual Formation), Ross Lockhart (Missions), David McNutt (The Arts), and Jonathan Lett (Science). Whether you are just discovering Barth or want a fresh look at his magnum opus, this series invites you to an enjoyable and insightful journey into the *Church Dogmatics*.

A Synopsis of Chronology from the Era of Creation, according to the Septuagint, to the year 1837; with a discourse on the astronomical principles of the scriptural times, etc. William CUNINGHAME (of Lainshaw.), 1837. *Waters of Creation: A Biblical Theological Study of Baptism* Douglas Van Dorn, 2012-08-01. This is the one book on baptism that you must read. It was seven years in the making. The author believes that until a new approach is taken, separations over the meaning, mode, and recipients of baptism will never be bridged. This new approach traces the roots of baptism deep into the OT Scriptures. When understood properly, we discover that baptism is always the sign that God has used to initiate his people into a new creation. Baptism in the NT is not new. Rather, it derives its origin from OT predecessors. When we understand that baptism comes from baptism, especially in its sacramental expression in the priestly covenant, reasons for the NT practice begin to make perfect sense. Now Baptists have an argument that infant Baptists can finally understand because we are beginning our argument in the same place. Yet we continue to have very baptistic conclusions as to the mode and recipients of baptism because we root baptism in baptism rather than circumcision.
